Note 1: Description of Plan

The following description of the Ty, Inc. Employees 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective January 1, 1995, covering all employees of Ty, Inc. and Ty Warner Hotels and Resorts, LLC (the Plan Sponsor or the Company), except union employees and employees of related employers not executing a participation agreement. In order to participate in the elective deferral portion of the Plan, employees must be at least twenty-one years of age and have completed three months of service. Employees are permitted to enter the Plan on the first day of the Plan year quarter coinciding with or next following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may elect to contribute 100% of eligible pre-tax compensation to the Plan up to the maximum amounts as permitted by the IRC. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions up to $6,500. Aggregate limits as prescribed by the Internal Revenue Service (IRS) were $19,500 for participants under the age of fifty and $26,000 for participants age fifty and older in 2020.

The Plan Sponsor could make a discretionary matching contribution of 25% of a participant's contribution up to a maximum of 6% of the participant's eligible compensation. The Plan Sponsor could also make a discretionary profit sharing contribution for eligible employees. The Plan requires an employee to have completed one year of service in order to participate in either the match or the profit sharing contribution. Contributions are subject to certain other Plan and statutory limitations. No discretionary profit sharing contributions were made during 2020. The Company made discretionary matching contributions totaling $114,913 for the Plan year ending December 31, 2020.

Participant Accounts

Each participant account is credited with pre-tax contributions made by the participant, the participant's portion of the Plan Sponsor's discretionary match, discretionary profit sharing contributions (if any), and an allocation of the Plan's earnings. Earnings, expenses, and gains and losses on investments are allocated based on account balances, as defined in the Plan Document.

Administration

Massachusetts Mutual Life Insurance (MassMutual or the Trustee) served as Trustee and custodian of the Plan pursuant to the Plan Document.

The Trustee receives all contributions made under the Plan, holds plan assets and pays benefits to participants as directed by the Plan administrator, and assists in the administration of the Plan.

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits. The Plan administrator engaged MassMutual as a third-party administrator to assist in the administration of the Plan (Note 8).

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which the Trustee or its affiliates serve as investment advisors (Note 8), selected by the Plan administrator.

Vesting

Participants are immediately vested in their voluntary contributions and the earnings thereon. Vesting in the remainder of their account is based upon the following schedule:

Years of Service	Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Should participants terminate employment with the Company by reason of death, normal retirement age (sixty-five), or total and permanent disability, they immediately become fully vested in the remainder of their accounts.

Notes Receivable from Participants

Participants may borrow from their retirement accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The term of notes receivable from participants ranges from one to five years except for those notes utilized for the purchase of a primary residence, which shall not exceed thirty years. Notes receivable from participants are limited to one outstanding note at a time, secured by the balance in the participant's account, and bear interest at a rate which is comparable to the rate a bank would charge on a similar loan. Interest rates charged on notes receivable from participants range from 4.25% to 6.50%. Generally, the principal and interest is repaid ratably through payroll deductions.

Withdrawals

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution, installment payments, or partial withdrawals.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor or attaining age fifty-nine and one half, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In addition, hardship withdrawals are only allowed on all accounts eligible for hardship (401(k) portion is net of earnings) and participants cannot contribute to their account for six months. In general, if the participant's account balance, as defined in the Plan Document, is greater than $5,000, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is $5,000 or less, as defined in the Plan Document.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless transferred to another qualified Plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account, subject to the possibility of reinstatement before the end of five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts are used to pay administrative expenses of the Plan, restore non-vested amounts to re-employed participants, or to reduce Plan Sponsor contributions, as defined in the Plan Document. As of December 31, 2020 and 2019, forfeitures of non-vested accounts totaled $8,348 and $33,704, respectively. For the year ended December 31, 2020, forfeitures of non-vested accounts totaling $27,287 were used to reduce Plan Sponsor contributions.

COVID-19

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant, depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact of this level of disruption will have on the Plan and its investments, and there can be no assurances that a significant impact to the Plan Sponsor's business will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are reported at fair value, as reported by MassMutual, (except for the MassMutual SAGIC Diversified II Account, which is a fully benefit-responsive investment contract; and therefore, reported at contract value; see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a daily basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan Document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan are charged to each participant's account.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Note 3: Information Prepared and Certified by the Trustee of the Plan (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by MassMutual, except for comparing such information to the information included in the Plan's financial statements.

	2020	2019
Statements of Net Assets Available for Benefits:		
Investments, at fair value:		
Mutual funds	$ 18,909,465	$ 18,835,784
Common collective trusts	483,384	964,142
Investments, at contract value:		
Guaranteed investment contract	5,571,689	3,579,641
Statement of Changes in Net Assets Available for Benefits:		
Investment income:		
Net appreciation in fair value of investments	$ 2,181,299	
Interest and dividends	692,522	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United Sates securities exchange on which such securities have traded.

- Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

- Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at quoted market prices as provided by the Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Common collective trusts are valued based on quoted market price as provided by the Trustee.

The methods described above may produce fair value calculations that may not be indicative for net realized value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019:

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,909,465	$ -	$ -	$ 18,909,465
Common collective trusts (a)	-	-	-	483,384
Total assets at fair value	$ 18,909,465	$ -	$ -	$ 19,392,849

Assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,835,784	$ -	$ -	$ 18,835,784
Common collective trusts (a)	-	-	-	964,142
Total assets at fair value	$ 18,835,784	$ -	$ -	$ 19,799,926

(a) Common collective trusts are valued based on the net asset value (NAV) reported by the Trustee of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the funds, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions. There are currently no unfunded commitments on these investments.

Note 5: Guaranteed Investment Accounts

During the year ended December 31, 2020, the Plan maintained a guaranteed investment option, the MassMutual SAGIC Diversified II fund, which is considered a traditional investment contract. The underlying investment option of this contract is considered to be fully benefit responsive as described in FASB ASC Topic 962 (ASC 962), *Plan-Accounting-Defined Contribution Pension Plans*; and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The Fixed Accounts guarantee principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor, may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Note 6: Reconciliation of Financial Statements to Form 5500

The financial information of the Plan, as reported on Form 5500, does not included all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements follows:

	2020	2019
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	$ 25,130,828	$ 23,493,079
Adjustment to accrue employee contributions receivable	-	24,215
Net assets, as reported in the accompanying financial statements	$ 25,130,828	$ 23,517,294
Changes in Net Assets Available for Benefits		
Increase in net assets, as reported on Form 5500	$ 1,637,749	
Adjustment to reverse prior year employer contributions receivable	(24,215)	
Increase in net assets, as reported in the accompanying financial statements	$ 1,613,534	

Note 7: Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Trustee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

Note 8: Party-in-Interest Transactions

Certain Plan funds are invested in shares of mutual funds managed by MassMutual, the Trustee of the Plan. MassMutual also performed services for, sold products to and managed and maintained certain investments for the Plan for which fees are charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 9: Plan Termination

Although it has expressed no intent to do so, the Company reserves the right to change or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the value of each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Note 10: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, $36,449 and $366,311 (excluding lost earnings) during 2020 and 2019, respectively, from participants' gross wages that was not remitted in a timely manner to the Plan in accordance with DOL regulations. The Plan Sponsor filed Form 5330 with the IRS in 2020 and paid the required excise tax on the transaction for 2019 participant wages that were not remitted in a timely manner to the Plan. In addition, the Plan Sponsor intends to file Form 5330 and make the restorative contributions to the Plan during 2021 to restore lost earnings from 2020 participant wages that were not remitted in a timely manner to the Plan.

Note 11: Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Company has evaluated for subsequent events between the statement of net assets available for benefits date of December 31, 2020, and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
