NOTE 1 - DESCRIPTION OF PLAN

The following description of the McLaughlin & Stern LLP 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of McLaughlin & Stern, LLP (the "Company" or "Plan Sponsor") who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustee is responsible for oversight of the Plan. The Plan's investment advisors determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan's Trustee.

Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, will contribute up to the first 2% of the participants' base compensation. Additional profit sharing amounts may be contributed at the option of the Plan's Trustee and are invested in a portfolio of investments as directed by the Company. During the years ended December 31, 2020 and 2019, the Company made $536,034 and $608,345, respectively, of discretionary profit sharing contributions to the Plan. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earning. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

NOTE 1 - DESCRIPTION OF PLAN *(Continued)*

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in employer matching contributions after three years of credited service. A participant is 100% vested in employer profit sharing contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested balance or $50,000 of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate in effect on the date the loan is made. Principal and interest are paid ratably through bi-weekly payroll deductions.

Investment Rollovers

Rollovers are permitted by employees who are not yet participants in the Plan. Participants are allowed to transfer or rollover funds into the plan from other qualified plans. In-kind rollovers are not permitted.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest, in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31,2020 and 2019, forfeited nonvested accounts totaled $ 9,910 and $17,378, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. The primary differences from financial statements prepared under accounting principles generally accepted in the United States of America ("GAAP") arise from accounting for contributions on the cash basis. Accordingly, the accompanying financial statements are not intended to be presented in conformity with GAAP.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contract. Contract value is the relevant measure for that portion of the net assets available for benefits of defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date- basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any other accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Tax Status

The prototype Plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the prototype plan and related trust are designed in accordance with applicable sections of the IRC.

The modified cash basis of accounting required Plan management to evaluate tax positions take by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 27, 2021, the date the financial statements were available to be issued. (See note 11)

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Codification 820 are described as follows:

NOTE 3 - FAIR VALUE MEASUREMENTS *(Continued)*

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Self-directed brokerage account: Account consists of mutual funds, common stocks, money market funds and corporate bonds.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using a discounted cash flow approach based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

NOTE 3 - FAIR VALUE MEASUREMENTS *(Continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	2020 Total
Mutual funds	$ 30,807,755	$ -	$ -	$ 30,807,755
Money market funds	-	1,714,304	-	1,714,304
Self-directed brokerage account	6,051,887	459,820	-	6,511,707
Total investments at fair value	$ 36,859,642	$ 2,174,124	$ -	$ 39,033,766

	Level 1	Level 2	Level 3	2019 Total
Mutual funds	$ 25,613,883	$ -	$ -	$ 25,613,883
Money market funds	-	1,024,081	-	1,024,081
Self-directed brokerage account	5,237,158	885,748	-	6,122,906
Total investments at fair value	$ 30,851,041	$ 1,909,829	$ -	$ 32,760,870

For the years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional investment contract that meets the fully benefit-responsive investment contract criteria and, therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2%. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code (the "IRC") or the failure of the trust to be tax-exempt under Section 501 (a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (*Continued)*

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contact issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. Premature termination of the contracts.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - ROLLOVER CONTRIBUTIONS

Aggregate amounts of $489,389 and $35,919 were rolled into the Plan during the years ended December 31,2020 and December 31,2019, respectively and are included in rollovers on the statement of changes in net assets available for benefits (modified cash basis).

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were invested in funds managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Effective January 1, 2017 Voya Retirement Insurance and Annuity Company ("VRIAC") provides certain administrative services to the Plan pursuant to a Master Plan Service Agreement ("MSA") between the Company VRIAC. VRIAC receives revenue from mutual fund service providers for services VRIAC provides to the funds. This revenue is used to offset certain amounts owed to VRIAC for its administrative services to the Plan.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (*Continued*)

If the revenue received by VRIAC from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, VRIAC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Plan Sponsor may make a payment to VRIAC for administrative expenses not covered by revenue sharing.

NOTE 7 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - CERTIFIED INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31,2020 and 2019, and investment income and interest income on notes receivable from participants for the years ended December 31, 2020 and December 31, 2019, respectively that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
