Note 1 - Description of plan

The following description of the NOBU 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 2011, restated on March 1, 2020, and is a defined contribution plan covering all eligible employees of NOBU Group, LLC (the "Company") and any affiliate thereof set forth in the Participating Employers List made a part of the Plan agreement who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Retirement Plan Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate in March 2020. Section 2202 of the CARES Act provides for expanded distribution options and favorable tax treatments for up to $100,000 of COVID-19 related distributions. The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive coronavirus-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year.

Contributions

Each year, participants may contribute all or a portion of their basic annual compensation limited to the maximum amount permitted under the Internal Revenue Code (the "IRC") or $19,500 for 2020. Participants may designate all or a portion of their contributions to either a pre-tax elective deferral or a Roth elective deferral. Participants direct the investment of their contributions into various investment options offered by the Plan. In addition, participants age 50 or older can make additional catch-up contributions, which are up to $6,500 for 2020. There are no employer matching contributions or discretionary contributions made to the Plan.

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified defined benefit or defined contribution plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Notes receivable from participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their individual vested account balance. Participants may not have more than one loan at a time. The loans are secured by the balance in the participant's account. The note rate, determined quarterly, is set at 2% above the prime rate. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years except for loans used to purchase a primary residence as to which the repayment period may exceed five years.

Payment of benefits
On termination of service due to death, disability or attainment of age 65 (normal retirement age), a participant or designated beneficiaries may elect to receive either a lump-sum amount equal to the value of their vested account, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows withdrawals in the event of certain financial hardships.

Forfeited accounts
Forfeitures during a plan year are used to pay for Plan expenses, as directed by the administrator. As of December 31, 2020 and 2019, the amount of forfeited nonvested accounts was $19,145 and $23,976, respectively. In 2020, Plan expenses were reduced by $7,684 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through September 24, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 ("ASC 820") are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV provided by the trustee and custodian is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell an investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business matter.

Pooled separate accounts: Valued using the net unit value, which is based on the fair value of the underlying assets of the account.

Stable Value Compass Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,170,493	$ -	$ -	$ 9,170,493
hierarchy	9,170,493	-	-	9,170,493
Investments measured at NAV (a)	-	-	-	230,009
Total investments at fair value	$ 9,170,493	$ -	$ -	$ 9,400,502

	2019			
	Level 1	Level 2	Level 3	Total
Insurance company general account - Stable Value Compass Account	$ -	$ 129,404	$ -	$ 129,404
Investments measured at NAV (a)	-	-	-	9,964,757
Total investments at fair value	$ -	$ 129,404	$ -	$ 10,094,161

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2020			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust	$ 230,009	None	Daily	12 months

	December 31, 2019			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 9,964,757	None	Daily	12 months

Note 4 - Related party and party-in-interest transactions

Effective December 22, 2010, Transamerica Financial Life Insurance Company (“Transamerica”) provided certain administrative services to the Plan pursuant to an Application and Agreement for Services between the Company and Transamerica. Transamerica received revenue from pooled investment service providers for services Transamerica provided to the investments. This revenue was used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such pooled investments service providers exceeded the amount owed under the agreement, Transamerica remitted the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020, there were no excess amounts. The Plan or Plan Sponsor may make a payment to Transamerica for administrative expenses that were not covered by revenue sharing.

Effective March 1, 2020, ADP provides certain administrative services to the Plan pursuant to an Administrative Services Agreement between the Company and ADP. ADP receives revenue in the form of interest or other similar income earned on contributions and plan loan repayments following the date that the amounts are debited from the Company's bank account, but prior to the date they are forwarded to the trustee. Per the Administrative Services Agreement, ADP may earn interest on employee contributions as well as the repayments of loans taken by participants from their Plan accounts.

Effective November 2019, Reliance Trust Company provides directed trustee services to the Plan pursuant to a Trust Agreement between the Company and Reliance Trust Company.

Note 5 - Partial Plan termination

As a result of a reduction of the Plan Sponsor's workplace, due to the COVID-19 pandemic, in 2020 the Plan experienced a partial Plan termination, as defined by ERISA.

All affected employees who were participants in the Plan were fully vested in their account balances.

NOBU 401(k) Retirement Plan intends to continue the Plan indefinitely; however, the Company reserves the right to terminate the Plan at any time. In the event of termination, all amounts credited to participant's accounts shall become 100% vested and distributed to participants in accordance with the Plan's provisions.

Note 6 - Tax status

The Plan is a prototype non-standardized profit sharing plan with a cash-or-deferred-arrangement ("CODA") and obtained its latest favorable advisory letter dated May 5, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator received a notice dated December 20, 2017, rejecting the 2016 Form 5500, because the report of an Independent Qualified Public Accountant was not included with the original filing. The Plan administrator subsequently filed the 2016 Form 5500 with the report from an Independent Qualified Public Accountant under the Delinquent Filer Voluntary Compliance Program ("DFVCP"); the DFVCP was filed and payment was processed on April 28, 2020.

The Plan administrator received a notice dated August 5, 2019, that the Plan was given the opportunity to self-correct the prohibited transactions through the Voluntary Fiduciary Correction Program, from the U.S. Department of Labor ("DOL") for the reporting date of January 1, 2016. As a result of the corrective action and payment of lost earnings, the DOL favorably closed its investigation and issued a “no action” letter dated November 27, 2019.

The Plan administrator received a notice dated March 2, 2020, of the intent to assess a civil penalty from the DOL for the failure to file, in a timely manner, the Plan's 2017 Form 5500 annual report. The Plan administrator subsequently filed the 2017 Form 5500 with the report from an Independent Qualified Public Accountant under the DFVCP. On March 5, 2020, the Company has responded to the DOL; the DFVCP was filed and payment was processed on April 28, 2020.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee and custodian of the Plan.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	2020	2019
