Board of Trustees
Marymount Health Care Systems Affiliates 401(k) Plan
Garfield Heights, Ohio

Ladies and Gentlemen:

We have conducted a DOL limited-scope audit of the financial statements of Marymount Health Care Systems Affiliates 401(k) Plan for the year ended December 31, 2020 and have issued our report thereon dated September 1, 2021. As permitted by 29 CR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have previously communicated such information in our engagement letter to you. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Marymount Health Care Systems Affiliates 401(k) Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the fair value disclosure in Note 4. We evaluated the key factors and assumptions used to develop the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of risks and uncertainties in Note 11.

The financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were discovered during the course of our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 1, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We have also identified the following business counseling comments:

Changes to Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA

In July 2020 the AICPA Accounting Standards Board issued Statement on Auditing Standards (SAS) 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. Some of the more significant changes as a result of this new auditing standard include:

- Auditor's report on the financial statements and supplemental schedules will change significantly, including expanded language as to the opinion on the financial statements as well as expanded items related to management's and auditor's responsibilities for those financial statements.
- The "limited scope audit" reference previously allowed by the DOL will now change to an "ERISA section 103(a)(3)(C) audit".
- Additional procedures specific to ERISA section 103(a)(3)(C) audits have been added or clarified by this SAS. These procedures include additional reporting requirements by management as to their assessment of the institution issuing the certification, as well as by the auditor as to the evaluation of that process.

- Due to the unique nature of the ERISA section 103(a)(3)(C) audits, no longer will modified opinions (typically a disclaimer of opinion) be issued for performing limited procedures on the information certified by a qualifying institution. Rather an opinion will be issued on whether the information not covered by the certification is presented fairly, and on whether the certified investment information in the financial statements agree to or is derived from the certification.
- Various other requirements for the auditor as it relates to engagement acceptance, risk assessment, additional procedures, Form 5500, as well as reporting findings to those charged with governance.

These changes were delayed with the issuance of SAS 141 in May 2020, and are now effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2021, with early implementation as of the original effective date (periods ending on or after December 15, 2020) permitted.

Timely (and Consistent) Deposit of Participant Deferral Contributions

The DOL requires that participant deferral contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Organization's general assets, but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be separately reported to the DOL and may result in penalties to the plan sponsor. While the contributions tested were all remitted by the 15th business day following the end of the month from which they were withheld from the participants' wages, the DOL could require the plan sponsor to remit these funds in a more timely (and consistent) manner.

During a DOL audit of one of our clients, the DOL deemed that the organization could have reasonably remitted contributions to the plan within one business day from the date in which the participants' contributions were deducted from employees' wage. The DOL's position was that the participants' deferral contributions should be made on the earliest date on which such contributions can be segregated from the employer's general assets, and that the 15th business day is an outside limit in the regulations and is not a safe harbor that plan fiduciaries may rely on when remitting amounts deducted from participants' wages.

We recommend that management review the procedures involved in remittance of participants' contributions to the Plan, and implement the necessary policies and procedures to ensure participant contributions are remitted on the earliest date on which they can be reasonably segregated from the plan sponsor's general assets and on a consistent basis each payroll period.

Plan Fiduciary Responsibilities

A fiduciary is defined as any person(s) who exercises discretionary authority or control over the management of Plan assets. Fiduciaries include officers, directors, employees of the plan sponsor, as well as the named trustees of the plan.

Fiduciary responsibilities under ERISA are the following (not all inclusive):

- Loyalty – the duty to act with complete and undivided loyalty to the beneficiaries.
- Diversify – ensure the plan offers a diversified investment menu to allow the participants to minimize the risk of long-term losses. If the plan is not diversified, the burden of proof falls onto the fiduciary to prove why it was not prudent to diversify.
- Incur only reasonable costs – understand all the costs of the plan and compare these costs to the market for reasonableness.
- Monitor investments – implement an ongoing program for measuring the results of the plan's investments, for consistency of style, performance against their benchmarks, significant changes in investment management, etc.
- Hiring and monitoring of service providers – document the selection and monitoring process, including review of any reports (for example, the Service Organization Control (SOC) Report) the service providers might provide and fees actually charged by the service provider
- Avoid prohibited transactions which include timely and consistent deposits of employee deferral amounts into the plan, adhering to the fee disclosure requirements, etc.

We recommend management and fiduciaries of the Plan continue to review and update their policies and procedures relating to continuing to maintain compliance with fiduciary responsibilities. If you need assistance with understanding detailed responsibilities and how to continue to maintain compliance, we can provide assistance as you request.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Marymount Health Care Systems Affiliates 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by United of Omaha Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) on page 13 as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MARYMOUNT HEALTH CARE SYSTEMS AFFILIATES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of Plan:

General:

The following brief description of Marymount Health Care Systems Affiliates 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all full-time employees of Marymount Health Care Systems (the "Company" and the "Plan Sponsor") who have completed one year of service and are age 21 or older. Effective October 1, 2020, the one year service requirement was changed and now all current and new employees who have completed two months of service are eligible to make contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan did not implement any of these optional provisions during 2020.

Contributions:

The Plan provides for employee salary 401(k) contributions up to a maximum of 100% of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

During 2020 and 2019, the Plan provided a discretionary employer matching contribution, which was 50% of the first 6% of compensation deferred by the participant. Additionally, the Company has the ability to make discretionary profit sharing contributions, as determined by the Company's Board of Trustees. No discretionary profit sharing contributions were made in 2020 or 2019.

Vesting:

Participants are 100% vested immediately with respect to their compensation deferrals. Participants vest in discretionary employer matching and profit sharing contributions in accordance with the following schedule:

1. Description of Plan (continued):

Vesting (continued):

<u>Years of Service</u>	<u>Vesting Percentage for effective January 1, 2019</u>	<u>Vesting Percentage for prior to January 1, 2016</u>
Less than 1	0%	0%
1	20	15
2	40	30
3	60	45
4	80	60
5	100	80
6 and thereafter	100	100

Participants are 100% vested in all employer matching contributions made from January 1, 2016 through December 31, 2018 under the safe harbor provisions of the plan effective during that time period.

Other:

Income/loss is allocated to participant accounts based on earnings/losses in the respective investment accounts.

Forfeitures of nonvested accounts are held by the Plan's custodian and may be used to pay for Plan expenses and reduce employer contributions. During 2020, forfeitures of \$816 were used for plan expenses. During 2019, forfeitures of \$372 were used to reduce employer matching contributions and \$456 were used for plan expenses. At December 31, 2020 and 2019, there were \$258 and \$61, respectively, of forfeited amounts.

The Plan is administered by the custodian who is appointed by the Company.

Payment of benefits:

Participants may elect to withdraw all or a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. If participants suffer serious financial hardship, as defined by the Plan, they may withdraw any portion of their vested account in order to meet their financial needs. Participants may withdraw from their account when reaching the normal retirement age of 65. All accounts are subject to distribution upon the participant's termination, retirement, total disability or death.

On termination of service, participants may elect to receive a lump sum amount equal to the vested value of their account.

Benefits are recorded when paid.

1. Description of Plan (continued):

Investment options:

Upon enrollment in the Plan, a participant may direct employee contributions, including the employer's matching and discretionary contributions, into a number of investment options. Participants may change their investment elections daily.

The Plan has a qualified default investment alternative (QDIA) if a participant does not provide investment directions. A participant can transfer funds out of the QDIA into other available investment alternatives at any time without restrictions, surrender charges, liquidation or exchange fees or similar expenses within the first 90 days after being invested in the QDIA. The Plan's QDIA is the target date fund series known as the Vanguard Target Retirement funds.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Participant notes:

Participants may borrow from their accounts. The minimum participant note is \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of the participant balance. These transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a participant note must be made over a period not to exceed five years, unless the participant note is used to purchase a principal residence, in which case the participant note is to be repaid over a reasonable period of time that may exceed five years. Participant notes are secured by the balance in the participant's account and bear interest at market rate. Principal and interest are paid through payroll deductions and interest is included in interest on participant notes on the statements of changes in net assets available for benefits. Interest rates on these notes were between 5.25% and 7.50% at December 31, 2020 and 2019.

Participant notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

YEARS ENDED DECEMBER 31, 2020 AND 2019

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

At December 31, 2020 and 2019, the Plan maintained investments with United of Omaha Life Insurance Company dba Mutual of Omaha for the guaranteed interest accounts and the pooled separate accounts. The guaranteed interest accounts are the insurance company's guarantee backed by the underwriting insurance company's general asset account. The pooled separate accounts are an insurance company's separate account maintained by the insurance company that invests in the underlying mutual funds.

The pooled separate accounts are recorded at fair value, which is determined by quoted market prices, as provided by Mutual of Omaha at December 31, 2020 and 2019. The guaranteed interest accounts are recorded at contract value. The contract value is determined by Mutual of Omaha which is the value of the fund as of the last business day in the plan year plus any accrued interest through the last day of the plan year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were provided by Mutual of Omaha for the years ended December 31, 2020 and 2019.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements (Note 6). Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net increase in value of investments.

Recently adopted accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, Changes to the Disclosure Requirements for Fair Value Measurements. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

3. Investments:

The following table represents fair value of investments at December 31, 2020 and 2019. All investments are participant directed at December 31, 2020 and 2019.

	<u>2020</u>	<u>2019</u>
Investments as provided by Mutual of Omaha:		
Pooled separate accounts (at fair value)	\$ 4,927,620	\$ 4,301,501
Guaranteed interest accounts (at contract value)	<u>62,650</u>	<u>40,176</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis at December 31, 2020 and 2019, were as follows:

	Fair Value at December 31,			
	2020		2019	
	(Level 2)	Total	(Level 2)	Total
Pooled separate accounts	<u>\$ 4,927,620</u>	<u>\$ 4,927,620</u>	<u>\$ 4,301,501</u>	<u>\$ 4,301,501</u>

Mutual of Omaha calculates unit value for each separate account investment based on the underlying assets, which include a mix of mutual funds, collective trusts and managed accounts. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals, and is calculated each day the principal market is open. The investment options are available for trading each day the principal market is open, and are available to any participant in the plan, unless restricted by the plan administrator.

MARYMOUNT HEALTH CARE SYSTEMS AFFILIATES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

5. **Investment contracts with insurance company:**

The Plan participates in fully benefit-responsive investment contracts with Mutual of Omaha. Mutual of Omaha maintains the contributions in a separate account. The accounts are credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by Mutual of Omaha, represents contributions made under contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest accounts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest accounts contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Mutual of Omaha. Such events include the following (a) amendments to the plan documents (including complete or partial termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

The guaranteed interest accounts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The weighted average interest rates for the guaranteed investment contract were 0.6052% in 2020 and 1.3305% in 2019, and for the lifetime guaranteed income account were 0.5239% in 2020 and 1.4243% in 2019.

6. **Administrative expenses:**

Certain administrative expenses of the Plan were paid by the Company. Certain administrative functions are performed by employees of the Company. Neither any such employee, nor the Company, receives compensation from the Plan for these functions.

7. **Party-in-interest transactions:**

The Plan investments are managed by affiliates of Mutual of Omaha. Mutual of Omaha is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Certain fees related to the administration of the Plan were paid by the Plan or the Plan Sponsor, which qualify as party-in-interest transactions. The Plan issues notes to participants, which are secured by the vested balance in the participant's account and certain fees related to the administration of the Plan were paid by the Plan or the Plan Sponsor, which also qualify as party-in-interest.

YEARS ENDED DECEMBER 31, 2020 AND 2019

8. Certified investments:

Certain information related to investments and participant notes disclosed in the accompanying financial statements and supplemental schedule, including investments and participants notes held at December 31, 2020 and 2019, and net increase in value of investments and interest and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by United of Omaha Life Insurance Company (custodian of the Plan), in accordance with Section 2520.103-5(c) of the DOL and Regulations for Reporting and Disclosure under ERISA.

9. Income tax status:

The Internal Revenue Service (IRS) on June 27, 2014 has determined that the prototype plan under which Marymount Health Care Systems Affiliates 401(k) Plan is organized is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan termination:

The Company expects to continue the Plan but reserves the right at any time and within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. In the event of termination, all affected participants will become 100% vested in their account.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.
