Part I	Asset and Liability Statement
--------	-------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Placer Community Action Council, Inc. 403(b) Plan (the Plan), which comprise the statements of the net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Equitable Financial Life Insurance Company and American United Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements

December 31, 2020 and 2019

Note 1: Description of Plan

The following description of the Placer Community Action Council, Inc. 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on November 1, 1992, as restated effective November 1, 2012, to provide eligible employees of Placer Community Action Council, Inc. (the Organization) with retirement benefits in accordance with section 403(b) of the Internal Revenue Code (the IRC). All employees who work more than 20 hours per week, over the age 18 are eligible to participate in the Plan after 90 days of service. Eligible employees who have attained 90 days of service are eligible to receive employer contributions.

Contributions

Employees may elect to make pre-tax contributions and/or Roth contributions in an amount up to 100% of their annual eligible salary, not to exceed \$19,000 for the Plan year ended December 31, 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Each participant may elect to have their individual account invested in any combination of funds held by the Plan custodian.

Effective October 1, 2020, the Plan was amended and all employees upon meeting the eligibility requirements are automatically enrolled in the Plan at a deferral rate of 1%. Unless participants elect otherwise, this deferral rate will automatically escalate each October 1 by 1% up to a maximum of 10% of compensation.

The Organization may make discretionary non-elective contributions. The Organization made non-elective contributions of 6% of employee salaries during the years ended December 31, 2020 and 2019, respectively.

Participant Accounts

Each participant's account is credited with the participant's and employer's contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account balance.

Notes to the Financial Statements

December 31, 2020 and 2019

Note 1: Description of Plan (Continued)

Vesting

Participants are vested immediately in their salary deferral contributions, qualified rollovers or transfers from other retirement plans, and employer matching contributions, plus earnings thereon.

Payment of Benefits

Upon termination of employment due to retirement, death, disability or separation from service, the balances in the participants' accounts will be distributed to the participants or to their beneficiaries in either a lump sum, equal installments in the form of nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

Notes Receivable from Participants

Through May 31, 2019, participants could borrow from their vested interest in their account in the form of a loan. Loans bear interest at prevailing market rates and generally must be repaid within fifteen years. Loans to participants are stated at the principal amount outstanding, which approximates fair value. Participants could only have one loan outstanding at any time. Effective June 1, 2019, the Plan was amended to eliminate participant loans.

Administrative Expenses

The Organization, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to loan or termination processing, and are charged for expenses incurred by the custodians in the performance of their duties.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value and contract value as certified by the Plan's custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes to the Financial Statements

December 31, 2020 and 2019

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after December 31, 2020, through September 15, 2021, the date these financial statements were available for issuance. Except for the matters discussed below, management was not aware of any subsequent events requiring additional disclosure.

COVID-19

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The potential economic impact to the Plan and its sponsor is difficult to assess and will depend upon future developments that cannot be reasonably predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provides eligible individuals with coronavirus-related relief for loan repayment, suspends required minimum distributions, and delays the commencement date for required minimum distributions. The optional features within this act were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 3: Information Certified by the Custodian (Unaudited)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodians as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2020 and 2019.
- Summaries of investment income and transactions for the year ended December 31, 2020.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Note 4: Fair Value Measurements (Continued)

Pooled-separate accounts: The Plan holds assets that are invested in separate accounts with American United Life Insurance Company and AXA Equitable Life Insurance Company. These investments are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA minus its liabilities, and then divided by the number of units outstanding. The Plan does not own shares in any particular mutual fund, but rather owns accumulation units of the investments held by the trust. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. There were no unfunded commitments or redemption restrictions as of the plan years ended December 31, 2020 and 2019.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

2020				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	-	-	-
Investments measured at NAV (practical expedient)				3,462,120
Investments at fair value				\$ 3,462,120
2019				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	-	-	-
Investments measured at NAV (practical expedient)				2,857,545
Investments at fair value				\$ 2,857,545

The following sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2020 and 2019.

Notes to the Financial Statements

December 31, 2020 and 2019

Note 4: Fair Value Measurements (Continued)

The Lifecycle Fund seeks high total return over time through a combination of capital appreciation and income. Each of the TIAA-CREF Lifecycle Funds is designed to provide a single diversified portfolio managed with a target retirement date in mind. The target date is the approximate date when investors expect to begin withdrawing money from the Fund. Each portfolio invests in several underlying equity, fixed-income and direct real estate funds. Over time, the Fund's target allocation will gradually become more conservative, moving to target allocations. The Fund may deviate from these target allocations by up to 10% depending upon current market conditions and outlook.

Note 5: Insurance Company Contracts

Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with AXA Equitable Insurance Company (AXA). AXA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the guaranteed investment contract is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AXA Equitable Insurance Company, represents contributions made under the contract, plus interest earned, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value less an early withdrawal charge, when applicable.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract issuer may not terminate the guaranteed investment contract at any amount less than the contract value. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

The Guaranteed Investment Contract totaled \$786,223 and \$794,147 as of December 31, 2020 and 2019, respectively.

Note 5: Insurance Company Contracts (Continued)

Stable Value Investment Contract

The Plan has a fully benefit-responsive group annuity contract with American United Life Insurance Company (AUL), which is called the AUL Stable Value Account (the Investment Contract). AUL maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, determined annually.

Because the Investment Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. AUL may not terminate the Investment Contract at any amount less than the contract value.

The Stable Value Investment Contract totaled \$124,646 and \$112,714 as of December 31, 2020 and 2019, respectively.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

Note 7: Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 [or the draft Listing of Required Modifications issued April 4, 2009]. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

Notes to the Financial Statements

December 31, 2020 and 2019

Note 7: **Tax Status (Continued)**

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period

Note 8: **Party-in-Interest Transactions**

Certain Plan investments include shares of registered investment company funds managed by AXA Equitable Life Insurance Company and American United Life Insurance Company. As AXA Equitable Life Insurance Company and American United Life Insurance Company are the custodians of the Plan, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9: **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
