Plan Description

The following description of the Maumee Valley Vending Co. 401(k) Salary Reduction Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution retirement plan sponsored by Maumee Valley Vending Co. (the Company) for the benefit of its employees. Employees are eligible to participate in the plan after completing one year of service. The Plan excludes non-resident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may authorize payroll deductions up to maximum allowable by law as before-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan also allows the Company to make discretionary contributions. The Company elected to make profit-sharing contributions of 3.1% of eligible wages to all eligible employees until November 25, 2020. Effective November 25, 2020, the Company elected to make discretionary matching contributions of 100% up to 3.1% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, (c) forfeitures and (d) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Loans

Participant loans are not permitted in the Plan.

Payment of Benefits

Distributions are permitted upon termination of employment, early retirement, normal retirement, disability or death. In some circumstances, benefits can be withdrawn prior to the events above subject to restrictions and limitations. The Plan is subject to the minimum distribution requirements as prescribed by the Internal Revenue Service.

December 31, 2020 and 2019

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon including any catch-up contributions. Vesting in the Company's matching and profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

Investment account options available include guaranteed investment contracts, and mutual funds. Each participant has the option of directing their contributions into any of the investment account options selected by the plan and may change the allocation to the extent permitted by individual agreements.

Forfeited Accounts

Accounts forfeited by participants who terminate service prior to becoming fully vested may be used to pay plan expenses or reduce the employer's discretionary matching contribution. For the year ended December 31, 2020, participants forfeited \$8,790. As of December 31, 2020, and 2019, there was \$7,802 and \$3,518 of unallocated forfeitures, respectively.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements

December 31, 2020 and 2019

Summary of Significant Accounting Principles (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, as described in the Guaranteed Investment Contract with Insurance Company footnote. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Fair Value Measurements footnote for discussion of fair value measurements.

Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair value. Purchases and sales of securities are reflected on a trade-date basis.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring Fair Value which provides a Fair Value hierarchy that prioritizes the inputs to valuation techniques used to measure Fair Value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurement) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the Fair Value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's Fair Value measurement level within the Fair Value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at Fair Value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual Funds: Mutual funds are valued at the market quoted net asset value (NAV) of shares held by the Plan at year-end.

Notes to Financial Statements

December 31, 2020 and 2019

Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Investments at fair value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,679,541	\$ -	\$ -	\$ 1,679,541

Investments at fair value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,354,349	\$ -	\$ -	\$ 1,354,349

There were no significant transfers between Level 1 and Level 2 investments during the years ended December 31, 2020 and 2019.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian of the Plan:

	2020
Mutual Funds	\$ 1,679,541
Guaranteed Investment Contract	\$ 900,464

The Custodian also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2020
Net appreciation in fair value of investments	\$ 264,818

Notes to Financial Statements

December 31, 2020 and 2019

Guaranteed Investment Contract with Insurance Company

The Plan entered into a benefit responsive investment contract with The Lincoln National Life Insurance Company. The Lincoln National Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, were \$900,464 and \$845,227, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed and reset on a quarterly basis. The average crediting interest rate for December 31, 2020 was 1.00%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, as amended. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Notes to Financial Statements

December 31, 2020 and 2019

Related Party Transactions

Related party transactions include those with fiduciaries or employees of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan invests in various funds of the Plan recordkeeper and custodians, and fees for investment and management services paid by the Plan to this recordkeeper were \$28,229 for 2020. The Plan provides certain administrative services at no cost to the Plan. If revenue received by the Custodian from mutual fund service providers under revenue sharing arrangement, the Custodian remits to the Plan on a quarterly basis. Such amounts are used to reduce plan administrative expenses.

Tax Status

The Company adopted a prototype standardized profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would continue to be 100% vested and the net assets of the Plan would be distributed as prescribed by ERISA.

Notes to Financial Statements

December 31, 2020 and 2019

COVID-19

Effective April 5, 2020 the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 1, 2020, the Plan adopted the temporary loan repayment deferral provision for the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Subsequent Events

The Plan evaluated subsequent events through September 23, 2021, the date the financial statements were issued. On March 11, 2020 the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2020. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

During 2021, the Plan was amended to change the Trustee and Custodian of the Plan to Transamerica Life Insurance Company.
