ILC Dover 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of the ILC Dover 401(k) Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employee of New ILC Dover, Inc. (the “Company”), and its wholly owned subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Executive Committee is responsible for oversight of the Plan. The Investment Advisory Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Executive Committee.

Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”)

The plan operationally implemented certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act, (“CARES Act”), which change the Plan to allow for (a) waiver of required minimum distributions from 2019, not yet distributed in 2020 as well as for all of 2020 distributions, and (b) coronavirus-related distributions up to \$100,000 through December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. Total withdrawals using these provisions were \$73,399 for the year ended December 31, 2020.

Contributions

Each year participants may contribute up to 25% of annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with automatic annual increases of 1% up to 6%. Contributions are invested in a designated conservative allocation fund until changed by the participant. The Plan currently offers various registered investment companies and a collective investment fund as investment options for participants. Company matching contributions are invested in a portfolio of investments as directed by participants and are subject to certain IRS limitations. The Company may make matching contributions equal to a discretionary percentage of the participant’s elective deferrals. The Company matching contributions were 50% of the first 6% of participant contributions for 2020 and 2019.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2018, participants are immediately vested in the Company’s matching contributions and

ILC Dover 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

there is no longer a two-year vesting period. This amendment is applied prospectively and would not impact participants who were terminated prior to January 1, 2018. Prior to January 1, 2018, vesting in the Company's matching contribution portion of their accounts was based on years of continuous service and a participant was 100 percent vested after two years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The repayment of the loan generally shall not exceed 5 years. If the loan is for a primary residence, the repayment of the loan shall not exceed 30 years. The loan interest rate is set at a rate that is commensurate with local prevailing rates. Interest rates on loans outstanding as of December 31, 2020 and 2019 range from 3.50% to 7.93%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Partial in-service withdrawals or installments are permitted for those age 59 1/2 and over. In addition, hardship distributions may be taken by all participants, regardless of age, if the participant satisfies certain conditions set out in the Plan. As a result of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act, the required minimum distribution age was increased to age 72 effective January 2020 and, as a result, terminated participants must begin taking minimum distributions in April of the year following the year they turn age 72. However, for terminated participants who were 70 1/2 in 2019 or earlier, the required minimum distribution age of 70 1/2 is unchanged.

Forfeited Accounts

The Plan used forfeited nonvested accounts to reduce Company matching contributions by \$24,701 in 2020 and \$28,832 in 2019. On December 31, 2020 and 2019, forfeited nonvested accounts totaled \$11,300 and \$28,226, respectively, which will be used to reduce future Company matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Trustee and insurance company. See Note 3 for discussion of fair value measurements.

ILC Dover 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

If a participant fails to make payments when they are due under the terms of the loan, they will be considered in default. Once in default, the plan has authority to take all reasonable actions to collect the balance owed. This includes filing a lawsuit, foreclosing on the security, or considering the amount owed as a distribution from the Plan.

Revenue Sharing Account

The Plan has a Plan Reimbursement Account (the "Account") where MassMutual Retirement Services, LLC, the Plan's recordkeeper, deposits the allocation of quarterly fund revenue. This is offset by a fee determined based off average net assets of the Plan each quarter. During the year ended December 31, 2020 and 2019, \$0 was added to the Account and \$0 of Plan expenses were paid using the Account. These amounts were included in Other income and Administrative expenses, respectively, on the Statement of Changes in Net Assets Available for Benefits. On December 31, 2020 and 2019, the Account totaled \$5.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Pronouncements

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU 2018-13 eliminates, amends and adds disclosure requirements and is applicable to all entities that are required under GAAP to disclose recurring and nonrecurring fair value measurements. ASU 2018-13 will be effective for the Plan's annual reporting period beginning January 1, 2020, though early adoption is permitted for any eliminated or modified disclosure requirements. The Plan adopted ASU 2018-13 which did not have a material impact on the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

ILC Dover 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies (Mutual Funds)

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Fund

Valued at the NAV of the underlying units of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. This investment's underlying funds are structured to maintain a stable value and the remaining life for this investment is not applicable. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

Collective investment fund measured at net asset value (a)				<u>5,093,108</u>
Total assets at fair value				<u>\$ 46,130,488</u>

- (a) Certain investments reported at fair value using the net asset value practical expedient have been excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to act as a reconciliation of net assets available for benefits.

For all common collective trusts, there are no unfunded commitments with respect to these investments, however, they may be subject to redemption restrictions at the current custodian's discretion to the extent that it is determined such actions would disrupt management of the fund.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are estimated to receive 100 percent of their account balances.

5. Tax Status

The Plan is a volume submitter profit sharing plan that has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2010-6 and Announcement 2005-16, the Company has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor has indicated that it will take necessary steps to maintain the Plan's qualified status. As a result, the Plan administrator believes the Plan is qualified and therefore, the related trust is exempt from taxation. Accordingly, no provision for taxes has been reflected in the financial statements of the Plan.

ILC Dover 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

6. Information Certified by the Trustee and the Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the ERISA. All of the Plan's assets as of December 31, 2020 and 2019, were held by Reliance Trust Company. Accordingly, investment amounts, including notes receivable from participants, on the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, investment income (including net appreciation in fair value of investments, dividends, and interest income from participant notes receivable) on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019, and information included in the accompanying supplemental schedule have been compiled from statements certified as complete and accurate by Reliance Trust Company, the Plan trustee and custodian, in accordance with DOL Regulations Section 29 CFR 2520.103-8.

	2020	2019
Registered investment companies	48,088,586	41,037,380
Collective investment fund	5,500,147	5,093,108
Notes receivable from participants	835,989	738,417

Dividends	1,853,005	1,738,052
Interest income on notes receivable from participants	42,172	40,047

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

ILC Dover 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2020 and 2019

8. Related Party and Party In Interest Transactions

The Plan has a revenue sharing account with MassMutual that is fully disclosed in Note 2. MassMutual is a fund adviser for the Select T Rowe Price Mid Cap investment which paid out \$18,454 and \$7,125 in dividend income to the Plan in 2020 and 2019, respectively. Lastly, the Plan issues loans to participants, which are secured by the balances of the participants' accounts. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA.

9. Subsequent Events

On January 1, 2021, MassMutual Retirement Services, LLC, the Plan recordkeeper, was acquired by Empower Retirement. Effective July 1, 2021, the Plan recordkeeper and trustee and custodian changed from Empower Retirement and Reliance Trust Company, respectively, to Vanguard Fiduciary Trust Company.

No other subsequent events were identified through September 28, 2021, the date these financial statements were available for issuance.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2020 - 12/31/2020 and indirect compensation is presented on a calendar year basis ending 12/31/2020.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2020. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2020 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
