NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the LendSure Mortgage Corp. Retirement Trust (the “Plan”) provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees ("Participants") of LendSure Mortgage Corp. (the “Company”) who have reached age 18 and completed at least six months of service with the Company. This Plan was established on October 1, 2013, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), and is qualified under Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. The Company is the Plan's sponsor, Automatic Data Processing (“ADP”) Retirement Services is the Plan’s third-party administrator and is responsible for monitoring investments, and Reliance Trust Company is the Plan's trustee and custodian of all of the Plan’s investments. Reliance Trust Company is herein referred to as the Plan’s “Custodian.”

On March 27, 2020, Congress passed the Coronavirus, Aid, Relief, and Economic Security (“CARES”) Act which is intended to provide economic relief to retirement plan sponsors and participants in the midst of the global COVID-19 pandemic. Under the CARES Act, sponsors were permitted to make changes to plan provisions impacting participant loans and distributions. In 2020, the Plan adopted certain of the CARES Act provisions which allow for waived penalties for certain early withdrawals. The Plan has not yet been formally amended to conform these Plan changes.

Participant Contributions

Participants may make pretax contributions of up to 90% of their annual compensation (as defined) but not less than 1%. Contributions for each participant were limited to \$19,500 for 2020. Participants that are 50 years of age or older during the Plan year, who have met the annual Internal Revenue Service (“IRS”) deferral limit or the specified Plan limits for deferral, may contribute a catch-up deferral of up to \$6,500 for 2020.

Company Contributions

The Plan allows for Safe Harbor matching contributions by the Company. Matching contributions equal 100% on the first 3% of participant compensation which is deferred as an elective deferral and 50% on the next 2% of participant compensation which is deferred as an elective deferral. For the year ended December 31, 2020, employer matching contributions totaled \$231,409.

LENDSURE MORTGAGE CORP. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF PLAN, continued

The Plan also provides for non-elective employer contributions. During the year ended December 31, 2020, there were no non-elective employer contributions to the Plan.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into any of the various investment options offered by the Plan. Participants may change their investment options and contribution amount at any time during the Plan year.

Vesting

Participants are fully vested in their contributions and Safe Harbor matching contributions by the Company at all times. Discretionary Company contributions and related earnings vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1 year, but less than 2	25%
At least 2 years, but less than 3	50%
At least 3 years, but less than 4	75%
4 years or more	100%

If a participant's employment terminates before full vesting is attained, the amount of Plan benefits forfeited is returned to the Company for use as a reduction of future Company matching contributions to the Plan. During the Plan year ended December 31, 2020, forfeitures of \$1,413 were used to offset Company matching contributions. At December 31, 2020, there was \$10 of unallocated forfeitures included in net assets available for benefits.

NOTE 1 – DESCRIPTION OF PLAN, continued

Participant Loans

Participants may borrow against their own contributions. The minimum loan amount is \$500. The maximum loan is 50% of the participant's vested account balance, not to exceed \$50,000. Loans are to be repaid by payroll deductions over five years or less unless the loan is for the purchase of a principal residence. Loans bear interest at a fixed interest rate which is commensurate with local prevailing rates. Participants must repay any outstanding loan before a new loan can be made. Under the terms of the Plan document, when an employee is terminated, the entire outstanding loan balance becomes due, or if not repaid, becomes a deemed taxable distribution. There were \$399 of deemed distributions for the fiscal year ended December 31, 2020.

Benefit Distributions

Distributions of plan benefits are not permitted prior to the participant reaching age 59½, except upon the occurrence of any one of the following events: retirement, death, total and permanent disability, termination of employment, or financial hardship for certain reasons, as defined in the Plan document. Further, pursuant to the CARES Act and subsequent legislation, certain other early withdrawals are allowed without tax consequences through June 2021. During the year ended December 31, 2020, the Plan had early withdrawals totaling \$13,901 that were included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants become 100 percent vested in their accounts and any unallocated assets of the Plan could be allocated to participants' accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company; no such officer or employee receives compensation from the Plan for these services. Certain expenses are paid by the Company for the administration of the Plan. Fees related to the administration of promissory notes from participants are charged directly to the participant’s account and are included in administrative fees. Administrative expenses incurred and paid by the Plan totaled \$940 for the year ended December 31, 2020. Investment-related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid. Participants terminating employment are entitled to a distribution of their vested portion of accrued benefits. At December 31, 2020, there were no amounts allocated to participants who elected to withdraw from the Plan that had not yet been paid.

Valuation of Investments

Investments in mutual funds are stated at fair value based on quoted market prices of the underlying investments (see Note 3).

In accordance with the policy of stating Plan assets at fair value, investment gains and losses (realized and unrealized) are included in net appreciation in fair value of investments in the accompanying financial statements.

LENDSURE MORTGAGE CORP. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The Plan has investments in the Stable Asset Fund, which is an investment fund held in a common and collective trust that invests in a variety of investment contracts such as guaranteed investment contracts (“GICs”) issued by insurance companies and other financial institutions and other investment products (synthetic GICs and collective investment trusts) with similar characteristics which result in the probability that participant-directed transactions with investments in this fund will be at contract value. Therefore, investments in the Stable Asset Fund are reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Promissory Notes from Participants

Promissory notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 3 – FAIR VALUE MEASUREMENTS

The accounting guidance for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal market, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. The accounting guidance also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The guidance describes three levels of inputs in priority that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities;

Level 2 - Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means; and

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 3 – FAIR VALUE MEASUREMENTS, continued

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Investments in Mutual Funds

The fair value of investments in the mutual funds is based upon quoted market prices which for each mutual fund represents the net asset value of shares of the fund held by the Plan at year-end. These investments are classified within Level 1 of the valuation hierarchy.

As of December 31, 2020, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:	\$ <u>1,905,445</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,905,445
Common and collective trust at net asset value (see Note 5)				<u>180,174</u>
				\$ <u>2,085,619</u>

As of December 31, 2019, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:	\$ <u>1,118,006</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,118,006
Common and collective trust at net asset value (see Note 5)				<u>23,455</u>
				\$ <u>1,141,461</u>

LENDSURE MORTGAGE CORP. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 4 – SUMMARY OF UNAUDITED INFORMATION

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020;
- The value of investments as of December 31, 2020 as disclosed in Note 3; and
- Schedule I: Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020, except for promissory notes from participants of \$19,828.

NOTE 5 – INVESTMENTS – STABLE ASSET FUND

The Stable Asset Fund is a collective trust fund. The trust's primary objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates consistent with seeking to maintain required liquidity.

Investments in open-end and closed-end registered investment companies and collective trust funds that do not trade on an exchange are valued at the end of day net asset value per unit. Investments in open-end and closed-end registered investment companies that trade on an exchange are valued at the last sales price. Synthetic guaranteed investment contracts ("synthetic GICs") are portfolios of securities with wrap contracts associated with the portfolios. Investment contracts are carried at contract value which is equal to principal balance plus accrued interest plus deposits and less withdrawals. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans. Investment contracts have elements of risk due to lack of a secondary market and resale restrictions resulting in the inability of a trust to sell a contract.

Traditional guaranteed investment contracts ("GICs") are backed by the general account of the issuer. A trust deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified time. Interest is accrued on either a simple interest or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified

LENDSURE MORTGAGE CORP. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – INVESTMENTS – STABLE ASSET FUND, continued

participant withdrawals will occur at contract value. Traditional GICs generally do not permit the issuers to terminate the agreement prior to the scheduled maturity date. The fair value of traditional GICs is determined using an income approach where the individual contract cash flows are discounted at the prevailing interpolated swap rate as of year-end.

The fair value of the separate account insurance contracts is based on the net asset value of an insurance company separate account on which the crediting rate is based. The underlying fixed income securities of the separate accounts are value on the basis of valuation furnished by approved independent pricing services. These services determine valuations for normal institutional-sized trading units of such securities using model or matrix pricing.

Investment transactions are accounted for on a trade date basis.

NOTE 6 – TAX STATUS

ADP has received a favorable Determination Letter from the IRS for its Prototype Plan (the “Prototype Plan”) dated May 3, 2002. Although the Plan has been amended since receiving the determination letter, the Plan's sponsor believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan recognizes any uncertain income tax positions on income tax returns at the largest amount that is more-likely-than not to be sustained upon audit by the relevant taxing authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements.

The Plan's policy is to recognize interest and/or penalties related to income tax matters in income tax expense. The Plan had \$0 accrued for interest and penalties at December 31, 2020 and 2019. The Plan does not foresee material changes to its gross uncertain income tax position liability within the next twelve months.

The Plan is subject to routine audits by the IRS. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 7 – RELATED PARTY TRANSACTIONS

The Plan has investments that are managed by ADP and the Custodian and loans with its participants. In addition, during the year ended December 31, 2020 the Plan paid the Custodian \$940 in connection with certain administrative expenses. The Custodian and participants are considered parties-in-interest under ERISA. All of these transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and a common and collective trust. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated and determined that no events have occurred subsequent to the date of the statement of net assets available for benefits and through September 21, 2021, the date of issuance of these financial statements, which would require recording or disclosure in the accompanying financial statements.
