NV5, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Description of Plan

The following description of the NV5, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on November 8, 1960, to provide eligible employees of NV5, Inc. (the Company) who are not covered by the terms of a collective-bargaining agreement with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). All employees are eligible to participate in the Plan at their date of hire. Participants are also immediately eligible for matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2017 and 2018, the Company acquired two other firms, whose 401(k) plans were merged with the Company's plan effective January 1, 2019. Approximately \$9.7 million in assets were transferred into the Plan as a result of these two mergers. During 2017 and 2018, the Company acquired seven other firms, whose 401(k) plans were merged with the Company's plan effective January 1, 2020. Approximately \$50.1 million in assets were transferred into the Plan as a result of these seven mergers.

Contributions

Each year, participants may contribute a portion of pretax annual compensation to the Plan, as defined by the Plan. Participants may also make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may match a discretionary percentage of the participant contributions. These contributions are invested in various investments held by the Plan custodian. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested.

Forfeitures

Forfeitures are allocated to participants in the Plan at the time of the annual employer matching contributions.

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are always fully vested in their own contributions and earnings thereon. Participants are vested according to the following vesting schedule:

Less than one year of service	0%
One year or more of service	20%
Two years or more of service	40%
Three years or more of service	70%
Four years or more of service	100%

Payment of Benefits

Upon termination of employment due to retirement, death, disability, or separation from service, the balances in the participants' accounts are distributed to the participants or to their beneficiaries in either a lump sum, equal installments in the form of nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

Notes Receivable from Participants

Notes receivable from participants consist of loans received by participants in exchange for promissory notes to the Plan. A participant is allowed to borrow up to one half of the present value of the vested balance of their Plan account, up to a maximum of \$50,000. The interest rate charged is the prime rate of the Plan's trustee or its affiliate, plus 1%.

Administrative Expenses

The Company, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to loan or termination processing and are charged for expenses incurred by the custodian in the performance of their duties.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Note 2: **Summary of Significant Accounting Policies (Continued)**

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and trustee. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after December 31, 2020, through September 22, 2021, the date these financial statements were available for issuance. Except as discussed in Note 8, management has not aware of any other subsequent events which would be required to be disclosed.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Contingencies

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The potential economic impact to the Plan and its sponsor is difficult to assess and will depend upon future developments that cannot be reasonably predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provides eligible individuals with coronavirus-related relief for loan repayment, suspends required minimum distributions, and delays the commencement date for required minimum distributions. Certain optional features within this act were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 3: Information Certified by the Trustee (Unaudited)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the trustee as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2020 and 2019.
- Summaries of investment income and transactions for the year ended December 31, 2020.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to the Financial Statements
December 31, 2020 and 2019

Note 4: Fair Value Measurements (Continued)

Stable value fund: The Plan held units of the Invesco Stable Value Trust. This is a stable value fund and is a separately managed account within the Plan's trust managed by Invesco National Trust. The fund is valued using the net asset value practical expedient (NAV practical expedient). The NAV practical expedient is based on the fair value of the underlying assets of the account, minus its liabilities. The NAV practical expedient of this fund is calculated based on a compilation of observable and unobservable market information. There are no unfunded commitments or redemption restrictions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		2020		
		Level 1	Level 2	Level 3
		Total		
Mutual funds	\$	261,737,361	-	-
Total assets in the fair value hierarchy	\$	261,737,361	-	-
Investments measured at NAV (practical expedient)				23,409,193
Total investments, at fair value				285,146,554

		2019		
		Level 1	Level 2	Level 3
		Total		
Mutual funds	\$	179,609,425	-	-
Total assets in the fair value hierarchy	\$	179,609,425	-	-
Investments measured at NAV (practical expedient)				17,243,639
Total investments, at fair value				196,853,064

Note 5: Tax Status

The IRS has determined and informed the Company by a letter dated April 16, 2002, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements
December 31, 2020 and 2019

Note 6: **Plan Termination**

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

Note 7: **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: **Subsequent Events**

In 2019, the Company acquired another firm, whose 401(k) plan was merged with the Company's Plan in 2021. Approximately \$62.2 million in assets was transferred into the Plan as a result of this merger.

In 2021, the Company acquired two other firms whose 401(k) plans are expected to be merged with the Company's Plan in 2022. An estimated \$14.0 million in assets is expected to be transferred into the Plan as a result of these mergers.

Note 9: **Part-in-Interest Transactions**

Certain Plan investments include shares of registered investment company funds managed by Reliance Trust Company, the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions.

Note 10: **Excess Contributions Payable**

As discussed in Note 1, there were seven plans which were merged with the Plan effective January 1, 2020. Excess contributions payable to participants of one of the merged plans totaling \$20,764 for contributions in excess of amounts allowed by the IRS during 2019 are recorded as a liability and withdrawals within this Plan as of and for the year ended December 31, 2019. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

The Plan failed non-discrimination testing for the years ended December 31, 2020 and 2019. At December 31, 2020 and 2019, liabilities of \$3,356 and \$3,971, respectively, are recorded as excess contributions payable in the accompanying statements of net assets available for benefits and as a reduction of participant contributions for each year, respectively. The Plan distributed the excess contributions for the Plan year ended December 31, 2020, after year-end. The payable as of December 31, 2019, was distributed during the year ended December 31, 2020.
