The Following Information Included in the Accompanying Financial Statements and Supplemental Schedule was Obtained From Data That has Been Prepared and Certified to as Complete and Accurate by the Trustee as of December 31, to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on the financial statements and schedule taken as a whole. We did however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated June 14, 2021. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2—Summary of Significant Accounting Policies to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

Excess contribution distributions of \$10,101 were not recorded as payables in the financial statements. This total was determined by management to be immaterial to the financial statements in the aggregate.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 30, 2021.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplemental information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplemental information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan administrator, Administrative Committee, and management of Skyland Grain, LLC 401(k) Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020

NOTE 1—DESCRIPTION OF PLAN

The following description of Skyland Grain, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Skyland Grain, LLC (the Company). Employees are eligible to participate in the Plan on the first day of the month coinciding with or next following the date of hire unless considered an excluded employee. Excluded employees include leased employees, and part-time, temporary, or seasonal employees with fewer than 1,000 hours of service in the computation period and less than one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year participants may elect to defer up to 70% of eligible compensation, as defined in the Plan, subject to the maximum amount allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to make after-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Company Contributions

The Company may make a discretionary contribution equal to a uniform percentage or dollar amount of participant elective deferrals. Each year the Plan sponsor will determine the amount of discretionary matching contribution. For the years ended December 31, 2020 and 2019, the Company did not provide a discretionary matching contribution.

In order to meet annual discrimination testing requirements the Company may make a qualified nonelective contribution (QNEC). For the year ended December 31, 2020, the Company made applicable QNEC contributions of \$2,432.

Investment Options

Participants direct the investment of their contributions as well as the Company's contributions, when applicable, into various investment options offered by the Plan. If not directed by the participant, accounts will be invested in accordance with the default investment alternatives established under the Plan. The Plan currently offers Mutual Funds and Common Collective Trust Funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, when applicable, and an allocation of Plan earnings, charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Upon attainment of normal retirement age, death, or disability of the participant, all amounts are fully vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding balance of loans from the Plan during the year ending the day before the date of the new loan, or 50% of their vested account balance. The maximum number of loans the participant may have outstanding at any one time is three. The loans are secured by the balance of the participant's account and bear annual interest at the Wall Street Journal prime rate in effect on the 14th of the month the loan is initiated plus 1%. Loans used to purchase a residence are to be repaid in a period determined by the administrator not to exceed thirty years. Loans for all other purposes must be repaid within five years. Principal and interest is paid ratably through payment terms specified in each note agreement.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, a partial withdrawal, or payment in installments. Participants with a vested benefit not exceeding \$5,000 will be distributed as a single lump sum payment.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Delinquent participant loans, if any, are classified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See also Note 3—Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year. See Note 3.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included in benefits paid to participants.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Operating Expenses

Certain administrative expenses of maintaining the Plan are paid by the Company.

Date of Management's Review

The Plan has evaluated subsequent events through August 30, 2021, the date the financial statements were available to be issued.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: are valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end Mutual Funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are considered to be actively traded.

Common Collective Trust Funds: are valued at the NAV as determined by the trustee of such funds based upon the underlying securities stated at fair value. The NAV as provided by the trustee of the fund is used as a practical expedient to estimate fair value.

The following table sets forth the Plan's assets at fair value as of December 31, 2020:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 3,445,703	<u>\$ 3,445,703</u>
Investments measured at net asset value per share (a)	<u>298,243</u>	
Total investments at fair value	<u>\$ 3,743,946</u>	

The following table sets forth the Plan's assets at fair value as of December 31, 2019:

Mutual Funds	\$ 2,544,784	<u>\$ 2,544,784</u>
Investments measured at net asset value per share (a)	<u>227,154</u>	
Total investments at fair value	<u>\$ 2,771,938</u>	

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4—SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE OF PLAN UNDER SECTION 29 CFR 2520.103-8 OF THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS FOR REPORTING AND DISCLOSURE UNDER THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974. THE FOLLOWING INFORMATION INCLUDED IN THE ACCOMPANYING FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULE WAS OBTAINED FROM DATA THAT HAS BEEN PREPARED AND CERTIFIED TO AS COMPLETE AND ACCURATE BY THE TRUSTEE AS OF DECEMBER 31

The trustee of the Plan held all of the Plan's investment assets and executed transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the trustee. The Plan administrator has obtained certification from the trustee, as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that such information is complete and accurate. That information which has not been audited by independent accountants is summarized as follows:

	2020	2019
Investments, at fair value	<u>\$ 3,743,946</u>	<u>\$ 2,771,938</u>
Notes receivable from participants	<u>\$ 87,974</u>	<u>\$ 103,525</u>
Total investment activity	<u>\$ 458,673</u>	

NOTE 5—PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6—TAX STATUS

The Plan has adopted a prototype-standardized plan designed to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the prototype plan has received an opinion letter dated July 16, 2014, that this Plan is relying on. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, exempting it from income taxes.

NOTE 7—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8—RELATED PARTY TRANSACTIONS

The Company absorbs significant expenses of administering the Plan, including general administration and recordkeeping costs.
