Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Transamerica Life Insurance Company, the custodian of the 401(k) portion of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Wendella Sightseeing Company, Inc. Profit Sharing Plan as of December 31, 2020 and 2019, and the changes in its financial status for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2020, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) of the matter described in the Basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

A. DESCRIPTION OF PLAN

The following description of the Wendella Sightseeing Company, Inc. Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Wendella Sightseeing Company, Inc. (Company). The Plan includes a profit sharing (PS) portion which is nonparticipant-directed and, effective January 1, 2017, a salary deferral (401(k)) portion which is participant-directed. Employees who have completed at least one year of service and are age 21 or older are eligible for the PS portion of the Plan. Employees who have completed one hour of service during the first four months of service, are continuously employed, and are age 21 or older are eligible for the 401(k) portion of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of l974 (ERISA). The trustees are responsible for oversight of the Plan.

Contributions

Each year, participants eligible for the 401(k) portion of the Plan may contribute a portion of their pretax annual compensation, as defined in the Plan, up to the limit determined by the federal government. Contributions must be made through payroll deductions. The limit is $19,500 for 2020. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, up to $6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary profit sharing and matching contributions. The profit sharing contributions are invested in a portfolio of investments as directed by the Company. During the year ended December 31, 2020, the Company elected to not make a profit sharing contribution to the Plan. Effective February 1, 2018, the Company began making matching contributions of 15% of employee salary deferrals which totaled $9,762 for the year ended December 31, 2020. The matching Company contribution is invested as directed by the participants.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Separate participant accounts are maintained for the PS and 401(k) portions of the Plan.

Each participant's PS account is credited with allocations of the Company's profit sharing contributions and Plan earnings and are charged with an allocation of administrative expenses that are paid by the Plan. Employer contributions are allocated as determined by the Company and defined by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. DESCRIPTION OF PLAN (Continued)

Participant Accounts (Continued)
Each 401(k) participant's account is credited with the participant's contributions, as well as allocations of the Company's matching contribution plus Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their 401(k) accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant loans are not available from the employer match and profit sharing contributions received. The loans are secured by the balance in the participant's account, and bear interest at the prime rate plus 1%. As of December 31, 2020 and 2019, there were no outstanding participant loans.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death, disability, or attaining age 65 while employed by the Company, participants will be 100% vested in their employer contributions.

Payment of Benefits
On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions may be made in a lump sum payment, a series of installment payments, or partial payments.

In-service distributions for participants who have attained age 65 are also available as described in the Plan.

Forfeited Accounts
Forfeited nonvested PS accounts become part of the pooled account and are allocated to participant PS accounts at the end of each plan year. During 2020, $192 of forfeitures were used to reduce employer contributions and were allocated to participant accounts. Forfeited nonvested 401(k) accounts will be used to reduce future employer matching contributions or to pay Plan expenses. In 2020, no Plan expenses were paid by forfeited nonvested accounts. As of December 31, 2020, forfeited nonvested 401(k) accounts total $655.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive stable value fund, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 27, 2021, the date the financial statements were available to be issued. No such matters were identified.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

E. FAIR VALUE MEASUREMENTS (CONTINUED)

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Level 1	Level 2	Level 3	Total Fair Value
December 31, 2020				
Common stocks	$ 622,926	$ -	$ -	$ 622,926
Corporate bonds	-	51,747	-	51,747
Mutual funds	3,884,725	-	-	3,884,725
Total	$ 4,507,651	$ 51,747	$ -	$ 4,559,398
December 31, 2019				
Common stocks	$ 1,676,759	$ -	$ -	$ 1,676,759
Corporate bonds	-	453,184	-	453,184
Mutual funds	2,104,084	-	-	2,104,084
Total	$ 3,780,843	$ 453,184	$ -	$ 4,234,027

F. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Transamerica Life Insurance Company (TLIC). Transamerica Retirement Solutions, LLC (TRS) provides recordkeeping services to the 401(k) portion of the Plan and TLIC is the asset custodian for the 401(k) portion of the Plan. Fees paid by the Plan for investment management services were $29,214 for the year ended December 31, 2020. These fees qualify as party-in-interest transactions.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions

H. TAX STATUS

The Plan operates under the provisions of the Pension Consultants Co., Inc. (PCC) Volume Submitter Profit Sharing/401(k) Plan as amended and restated. The IRS has determined and informed PCC by a letter dated March 31, 2014, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). This amendment and restatement of the prototype plan was to bring it into compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.

The provisions of the Plan do not vary from the volume submitter plan. Accordingly, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
