IBFC Employee Savings Plan
Notes to Financial Statements
December 31, 2020 and 2019

Note 1: Description of the Plan

General

The following description of IBFC Employee Savings Plan (formally known as Independent Bankers Financial Corporation Employee Savings Plan) (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Independent Bankers Financial Corporation (Company) for the benefit of its employees age 18 or older subject to Plan entry dates of January 1 and July 1, as defined by the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) serves as the plan trustee and administrator.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 80 percent of eligible compensation. Employee rollover and catch-up contributions are also permitted. The Company makes safe-harbor matching contributions of 100 percent of participant's elective deferrals not to exceed five percent of compensation. The Company may make discretionary contributions to the Plan as determined by the Company's board of directors. The Company did not make discretionary contributions during 2020 and 2019. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds and self-directed brokerage accounts. Each participant has the option of directing their contributions and employer contributions into any of the separate investment accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings, and is charged with an allocation of applicable administrative expenses, including various distribution fees, loan origination fees, and loan maintenance fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's contributions, plus earnings thereon.

Notes Receivable From Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings. Lump-sum loan payments, outside of payroll deduction, are allowed. Interest rate is based on loans made under similar circumstances that a commercial lender would charge. All loans bear a reasonable rate of interest as determined by the plan administrator.

In 2020, the Plan adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to delay certain required loan repayments for one year. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant will receive a lump-sum amount equal to the vested balance of their account. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with the provisions specified in the plan document. Additionally, certain in-service withdrawals are permitted upon attainment age of 65.

In 2020, the Plan implemented Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Forfeited Accounts

At December 31, 2020 and 2019, the balance of forfeited accounts totaled approximately $5,000 and $104,000, respectively. Forfeitures are used to reduce Company contributions in the same year that forfeitures are incurred. In 2020 and 2019, Company contributions were reduced by approximately $83,000 and $0, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Common stocks, which are included in self-directed brokerage accounts, are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. The fair value of time certificates of deposit is based on amortized cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs), and Level 3 (significant unobservable inputs) are recognized on the actual date of transfer.

Note 3: Certification of Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Fidelity, which is the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

In addition to the fees described above, some of the investment funds in the Plan may pay certain amounts as fees to Fidelity for Plan recordkeeping and administration purposes. The Plan has entered into an agreement with Fidelity under which Fidelity will share any revenue collected for recordkeeping and administrative services that is in excess of what Fidelity has agreed to charge for recordkeeping and administrative services. Amounts deposited in the “revenue credit" account may be used to pay reasonable and necessary Plan expenses, and/or to provide participants with a benefit in the form of "revenue credit allocation" to their accounts. The amounts deposited may vary over time, and may in fact, be zero. During 2020 and 2019, these revenue credits totaled $13,714 and $58,117, respectively, have been included in other income.

The Plan paid $13,854 and $18,727 in administrative fees to a third party administrator of the Plan during 2020 and 2019, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2020				
Mutual funds	$ 65,054,403	$ 65,054,403	$ -	$ -
Self-directed brokerage accounts	5,576,594	5,576,594	-	-
Investments at fair value	$ 70,630,997	$ 70,630,997	$ -	$ -
December 31, 2019				
Mutual funds	$ 55,077,189	$ 55,077,189	$ -	$ -
Self-directed brokerage accounts	3,171,320	3,171,320	-	-
Investments at fair value	$ 58,248,509	$ 58,248,509	$ -	$ -

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and self-directed brokerage accounts. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 securities.

Net income per Form 5500	$ 12,224,578	$ 6,248,216

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer discretionary contributions.

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan and trust/custodial document sponsored by Fidelity. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed, constituted a qualified plan under Section 401 of the Internal Revenue Code (IRC) and, therefore, were not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Note 9: Subsequent Events

Subsequent events have been evaluated through July 28, 2021, which is the date the financial statements were available to be issued.
