ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Note 1 **Description of Plan**

The following description of the Arnold Magnetic Technologies Corporation Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective April 1, 2005, covering all United States employees of Arnold Magnetic Technologies Corporation (the Company), excluding seasonal employees, leased employees, interns and employees whose employment is governed by the terms of a collective bargaining agreement. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Under the provisions of the Plan, eligible employees of the Company may participate in the Plan upon being hired.

Contributions and Vesting

The Plan provides that each participant may make elective pre-tax contributions for each payroll period, up to a maximum amount as allowed by certain statutory limitations. The Plan allows for Roth contributions. Beginning on October 15, 2019, participants are automatically enrolled to defer 3% of compensation upon meeting eligibility requirements as defined in the Plan document. Employees who are automatically enrolled after the effective date will have their deferral percentage increased by 1% on April 1st of each year until a ceiling of 10% is reached. Participants are immediately 100% vested in their contributions and nonelective Company contributions.

The Plan also provides for a Company matching contribution determined annually by management. During 2020, the Company matching contribution was 50% up to 4% of employee elective deferrals. The following vesting schedule applies for Company matching contributions:

<u>Years of Service</u>	<u>Percent Vested</u>
0	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Participant accounts are charged withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

***Note 1* Description of Plan - Continued**

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months or 50% of their vested account balance, whichever is less. The notes bear interest as determined by the Plan Administrator and are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

As a result of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which was signed into law on March 27, 2020, the participant loan limit was temporarily increased to the lesser of \$100,000 or 100% of the vested account balance. This increase was permitted for loans granted from March 27, 2020 through September 23, 2020. In addition, repayments of loans due between March 27, 2020 and December 31, 2020 were allowed to be deferred up to one year upon participant request.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for disability, death, hardship, obtaining age 59 ½ or severance from employment for those participants who are eligible to receive such benefits.

Upon termination of service, participants can elect to have a qualified rollover of their vested balance or receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account.

As a result of the CARES Act, qualified individuals were permitted through December 31, 2020 to take a distribution in an amount up to \$100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distributions within three years and not be subjected to tax as a result.

Forfeitures

In accordance with the Plan agreement, forfeitures of non-vested employer contributions and earnings thereon are applied to offset administrative expenses or to reduce future employer contributions. During 2020, non-vested forfeited funds were used to pay administrative expenses in the amount of \$1,874. At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$90,970 and \$51,396, respectively.

Excess Contributions

At December 31, 2019, the Plan recorded a liability of \$48,840 for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefit distributions are recorded when paid.

Administrative Expenses

Administrative expenses may be paid for by the Plan or the Company.

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Subsequent Events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through September 17, 2021, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

***Note 3* Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Note 3 Investment Valuation and Income Recognition - Continued

Common/Collective Trusts: Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common collective trusts at year end. There are no redemption restrictions on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of:

	December 31, 2020	
	Level 1	Total
Registered Investment Companies	\$ 20,964,031	\$ 20,964,031
Assets Measured at NAV ^(a)		2,041,040
Total Investments, at Fair Value		\$ 23,005,071

	December 31, 2019	
	Level 1	Total
Registered Investment Companies	\$ 19,255,577	\$ 19,255,577
Assets Measured at NAV ^(a)		1,867,328
Total Investments, at Fair Value		\$ 21,122,905

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

***Note 4* Tax Status**

The Plan adopted a volume submitter plan. The volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, as to the volume submitter plan's qualified status. The advisory letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Note 5* Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020, schedule of assets (held at end of year) as of December 31, 2020, and the investment activity (including interest and dividends and net appreciation in fair value of investments) and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

***Note 6* Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall have a 100% nonforfeitable right to the amount credited to their accounts as of such date.

***Note 7* Party-in-Interest Transactions**

Certain Plan investments are managed by an entity related to Fidelity. Fidelity is the trustee of the Plan and as such, transactions involving these investments are considered to be party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 **Prohibited Transactions**

During 2020, the Company failed to deposit \$1,788 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. As such, the Company is required to file Form 5330 and pay the applicable excise tax and lost earnings to participants for these prohibited transactions. As of the date of these financial statements, the Company has not yet filed this form.
