REDDY ICE LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2020 and 2019

1. Description of the Plan

General

The following description of the Reddy Ice LLC 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Reddy Ice LLC (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Dallas, Texas.

The Plan was established on April 1, 1996, and was restated and amended effective July 1, 2020. The Plan is a defined contribution plan available to all employees of the Company who have attained age 21 and completed thirty days of service. Before January 1, 2017, the Company allowed employees of the Company to participate in the Plan that had attained age 21 and completed one year of service and 1,000 hours. Eligible employees may enter the Plan on the first day of the following month after the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death or disability.

Effective July 1, 2020, the Plan changed its recordkeeper, trustee, and custodian from Lincoln Financial Group Trust Company, Inc. to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company").

Contributions

Upon attainment of the eligibility requirements, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. In addition, participants may contribute designated Roth (after tax) contributions. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Upon eligibility, employees are systematically enrolled into the Plan at a salary deferral contribution rate equal to 4% of their compensation, unless employees choose, in writing, online, or by telephone, not to participate. Eligible participants may make a rollover contribution to the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions to the Plan as determined annually by its Board of Directors. The Company made a discretionary matching contribution of 25% on the first 6% of participant eligible compensation deferred during the year ended December 31, 2020.

1. Description of the Plan – continued

Contributions – continued

The Company made a discretionary matching contribution of 10% of the first 4% of eligible compensation deferred during the period from January 1, 2019 through April 20, 2019, and a discretionary matching contribution of 25% on the first 6% of participant eligible compensation deferred from April 21, 2019 through December 31, 2019.

To be eligible to receive matching contributions, a participant must make salary deferral contributions during the Plan year and have completed 1,000 cumulative hours of service on a rolling Plan year basis. In addition, the Plan also provides for additional discretionary contributions by the Company. No additional discretionary contributions were made for the 2020 and 2019 Plan years.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) Plan earnings; and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2020 and 2019, interest rates ranged from 4.25% to 6.50% and 4.25% to 9.25%, respectively. Principal and interest is paid ratably through payroll deductions.

1. Description of the Plan – continued

Benefit Payments

Participants making withdrawals during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from vested contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) to pay for burial or funeral expense for the participant's deceased parent, spouse, child, or dependent; (5) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or (6) to pay expenses for the repair or damage to the participant's principal residence that would qualify for the casualty deduction under the Internal Revenue Service ("IRS") tax code.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal and earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

During April 2020, the Plan adopted the Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed Plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, the Plan adopted to allow a COVID-19 distribution up to $100,000, temporarily waived certain rules for required minimum distributions, and the deferral of 2020 loan repayments from March 27, 2020 through December 31, 2020.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses and offset employer discretionary matching contributions in subsequent periods. Forfeitures of $12,395 and $57,086 were allocated to reduce discretionary matching contributions during the years ended December 31, 2020 or 2019, respectively.

Unallocated forfeited amounts available to be offset against future Plan administrative expenses or fund discretionary matching contributions were $26,687 and $933 as of December 31, 2020 and 2019, respectively.

1. Description of the Plan – continued

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options. Participants may change their investment options at any time.

Plan Expenses

Certain administrative expenses are paid by the Company, with the remaining expenses paid by the Plan. Employees of the Company perform certain administrative functions with no compensation from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are recorded at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note 3 for information related to the Plan's valuation methodologies. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies – continued

Investment Valuation and Income – continued

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participant loans are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets. The Plan contains mutual funds which are presented at fair value based on the Net Asset Value ("NAV") as of the close of each business day. This unadjusted quoted price is readily observable in active markets. As such, these are categorized as Level 1 within the fair value hierarchy.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

3. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share NAV shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

- The pooled separate accounts invest its assets in the shares or units of an underlying mutual fund, and the investment objective of each subaccount corresponds to the investment objective of the underlying fund. Certain underlying investment funds are considered open-end mutual funds, meaning the that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. The investment is classified within Level 2 of the valuation hierarchy.

- The Plan's common collective trust assets are measured at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. There have been no changes in the methodologies used at December 31, 2020 and 2019.

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,003,948	$ -	$ -	$ 1,003,948
Pooled separate accounts	-	998,952	-	998,952
	$ 1,003,948	$ 998,952	$ -	2,002,900
Common collective trusts measured at NAV (a)				30,275,462
Investments at fair value				$32,278,362

3. Fair Value Measurements – continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$23,188,145	$ -	$ -	$23,188,145
Investments at fair value	$23,188,145	$ -	$ -	$23,188,145

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2020 and 2019, there were no significant transfers between levels.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020. There were no assets measured using the net asset value per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (If Currently Eligible)**	**Redemption Notice Period**
Collective trust funds	$30,275,462	N/A	Daily	12 months

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional investment contract, the Fixed Income Guaranteed Option, with Principal Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value for the year ended December 31, 2020. The Plan accounted for an unallocated fixed group annuity contract with Lincoln National Life Insurance Company at contract value in accordance with GAAP as it met the fully benefit-responsive investment contract criteria for the year ended December 31, 2019.

4. Fully Benefit-Responsive Investment Contracts – continued

Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The concept of a value other than contract value does not apply to these contracts even upon a discontinuance in which case contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contracts. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The Fixed Income Guaranteed Option contract guarantees a minimum interest rate of 1.55% and is credited to participant account balances. The credit rating is after a deduction of 0.00% for administrative and recordkeeping services provided to the plan. The formula is guaranteed until November 30, 2021, then will be reset December 1, 2021, and semiannually thereafter. The interest rate is 1.60% at December 31, 2020. Participants receive the principal and earnings that are credited to their accounts on withdrawals for allowed events such as termination, retirement, or hardships.

The Lincoln Stable Value Account contract guaranteed a minimum interest rate of 1.5% and was paid quarterly based on the Barclays Capital Intermediate U.S. Government/Credit Index yield minus 0.10%. The formula was guaranteed for five years. Participants received the principal and earnings that are credited to their accounts on withdrawals for allowed events such as termination, retirement, or hardships.

There are no events that limit the ability of the Plan to transact at contract value with the issuer. There are also no events and circumstances that would allow the issuer to terminate the fully benefit responsive investment contracts with the Plan and settle at an amount different from contract value.

5. Information Certified by the Trustees

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2020 and 2019, and the total investment income for the years then ended, and all information included in the supplemental schedule, Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2020.

6. Tax Status

The Plan has adopted a Prototype Non-Standardized Profit Sharing Plan with CODA, which has a favorable opinion letter from the IRS dated March 31, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2020 and 2019.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

From July 1, 2020 to December 31, 2020, the Plan invests in shares of investments managed by Principal Trust Company and a fully benefit-responsive investment contract managed by Principal Life Insurance Company. Principal Trust Company acts as trustee for only those investments as defined by the Plan. As of December 31, 2019, and for the period January 1, 2020 to June 30, 2020, the Plan invested in shares of mutual funds and a fully benefit-responsive investment contract managed by Lincoln Financial Group Trust Company, Inc.

Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

8. Plan Termination

The Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA, although it has not expressed any intention to do so. In the event the Plan is terminated, all amounts credited to participant accounts become 100% vested**.**

9. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through June 30, 2021, the date the financial statements were available for issuance.
