The Plan is administered by the Company, which is responsible for nonfinancial matters and the financial aspects of the Plan. The Company has an agreement for recordkeeping and custodial services with Great-West Trust Company LLC (the "Custodian") to receive contributions, administer the assets of the Plan, and distribute withdrawals pursuant to the Plan.

Contributions - Each year participants may contribute up to the lesser of 100% of compensation or the maximum permitted by law for pretax or Roth deferrals, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other plans and certain IRA's. The plan sponsor has a Safe-Harbor match provision. The formula includes 100% of employee deferrals up to the first 3% of included compensation that a participant contributes to the Plan, plus 50% of deferrals up to the next 2% of included compensation that a participant contributes to the Plan. The maximum Safe-Harbor contribution by the Plan Sponsor is 4% of included compensation. Participants direct the investment of both their contributions and the Company's Safe Harbor matching contribution into various investment options offered by the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

During 2020 it was determined that a participant was not eligible to contribute to the plan. The disallowed contributions of $675 made to the plan plus earnings of $74 during the year ended December 31, 2020, were accrued as an ineligible contributions payable aggregating to $749. These amounts were refunded to the participant in January 2021.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participants' Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and may be charged with plan expenses for specific participant transactions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. They are also immediately 100% vested in the Company's Safe-Harbor match. For other Company contributions, a participant is 100% vested after six years of credited service.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in any of 30 investment options, offered through a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West"). Participants may change their investment options online.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. A loan application/processing fee will be charged for each loan processed and the fee will be collected by debiting the participant's 401(k) account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant's Notes fund. The loans are secured by the balance in the participant's account and bear interest at the prime rate (as listed in the Wall Street Journal), plus one percentage point. Fees associated with the origination of the loan are paid directly by the Plan participants. Principal and interest at a rate of 4.25% - 6.50% per annum, is paid ratably through payroll deductions, according to the terms of the promissory note, with repayments to be made no less frequently than quarterly. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant's account will be distributed in accordance with the provisions in the Plan Document. A participant's account is distributed in a single lump-sum payment if the balance is less than $1,000. If the account balance is greater than $1,000 but less than $5,000 and the employee makes a timely election, the balance can be distributed in a lump-sum payment, rolled-over into an individual retirement account (IRA) or the qualified plan of a new employer; however, should the participant not timely return the election forms, the Plan Administrator will transfer the vested account balance to an IRA established in the participant's name. If the account balance is over $5,000 the participant must consent to the distribution and may choose from several different payment of benefit options (some of which may require a spousal consent), such a distribution in cash or Direct Rollover. In the case of death, the distribution shall be made to the participant's beneficiary.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Expenses – Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Forfeited/Holding Accounts - The Plan participates in a revenue sharing agreement with the Trustee and the related earnings are deposited in an unallocated funds holding account. Unallocated funds may be used to pay administrative expenses or the Plan may elect to re-allocate the remaining funds to its participants on an annual basis. During the year ended December 31, 2020, the Plan received revenue sharing adjustments of $27,958 and interest income of $386 deposited to the unallocated funds account. The Plan used $10,000 from the unallocated funds account to pay certain expenses incurred. During the year ended December 31, 2019, the Plan received revenue sharing adjustments of $27,000 and interest income of $230 deposited into the unallocated funds account. The Plan used $10,150 from the unallocated funds account to pay certain expenses incurred. The balance in the unallocated funds account totaled $43,670 and $25,326 at December 31, 2020 and 2019, respectively.

Coronavirus Aid, Relief, and Economics Security Act (CARES Act)

In response to the COVID-19 pandemic, the CARES Act was enacted on March 27, 2020. The CARES Act, among other benefits, provides certain relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operational immediately, prior to amending the Plan agreement. The Plan implemented and adopted the following provisions of the CARES Act:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to $100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distributions within three-years and not be subject to federal income tax as a result.
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance and extend the period for loan repayment for up to one year for qualifying coronavirus-related reasons.

NOTE 1 – DESCRIPTION OF PLAN (continued)

- Required minimum distributions for calendar year 2020 are waived for retired and retirement-aged individuals.
-

The Plan will be formally amended to incorporate the above changes prior to December 31, 2022, as required by the CARES Act.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments were held by Great-West Trust Company LLC & Great-West Annuity Insurance Company, the custodian and trustee. Investments are reported at fair value, as determined by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on a accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the delinquent participant loan receivable is recorded as a benefit payment, but the loan balance is not offset until a distributable event occurs, based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and are charged directly to the participant's account.

Fair Value Measurement / Net Asset Value - The Plan has adopted the requirements in accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) should not be categorized in the fair value hierarchy. The fair value amount presented in the table shown in Note 9 is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of Net Assets Available for Benefits.

NOTE 3 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1995, the Plan entered into a group annuity contract with Great-West Life & Annuity Insurance Company who provides enrollment, record keeping, and investment allocation services. The group annuity contract provides the Plan with a funding vehicle that includes a variety of investment options, which are either guaranteed or variable. Guaranteed investments are backed by the general account of Great-West. Variable investments are made through units of Great-West's separate accounts, which invest in mutual funds. Great-West maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

NOTE 3 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The contract is included in the financial statements at contract value, as reported to the Plan by Great-West. Contract value represents contributions made under the contract, plus earnings, and adjustments in value of the underlying assets, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Guaranteed Certificate Fund is a Guaranteed Sub-Account, whereby credited interest rates, are credited to deposits held for varying interest guarantee periods. The credited interest rate on an annual effective basis will be compounded daily and will equal the annual effective rate declared by the insurance company. A deposit to the Guaranteed Certificate Fund until the certificate maturity date will earn a credited interest rate for the certificate's interest guarantee period.

As described in Note 2, because the Guaranteed Certificate Fund is fully benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the Guaranteed Certificate Fund account in the Great-West investment contract at December 31, 2020 and 2019 was $1,542,634 and $1,692,138, respectively.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	**2020**	2019
Based on actual earnings	**1.04%**	1.20%
Based on interest rate credited to participants	**1.04%**	1.20%

NOTE 4 – UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The December 31, 2020 and 2019 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Plan Custodian in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $11,211,657 and $10,990,264 at December 31, 2020 and 2019, respectively; participant loans of $342,653 and $293,941 at December 31, 2020 and 2019, respectively; forfeiture/holding account of $43,670 and $25,326 at December 31, 2020 and 2019, respectively and an increase in net assets available for benefits of $292,681 before accrual basis net increases of $28,012 for the year ended December 31, 2020. The information certified by Great-West is provided on the cash basis. Data provided by Great-West is prepared on the cash basis.

NOTE 5 – PARTY IN INTEREST TRANSACTIONS

The Plan includes a group annuity contract and participant loans issued and managed by Great-West Life and Annuity Insurance Company and its Subsidiaries. Certain Plan investments are shares of mutual funds managed by Great-West Financial and its subsidiaries. Certain Great-West Financial subsidiaries provide administration and recordkeeping services to the Plan while another serves as plan custodian. Great-West Life & Annuity Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as the revenue received by Great-West under revenue sharing arrangements is used to offset cost of administrative services. Excess revenue is remitted to the Plan periodically. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2020 there were excess revenue amounts of $27,958.

The stockholders of the Company and their direct descendants qualify as parties-in-interest when they are participants in the plan. These participants have account balances totaling $4,176,889 and $4,613,281 at December 31, 2020 and 2019, respectively. The outstanding loan balances from stockholders and direct descendants totaled $6,600 and $13,783 at December 31, 2020 and 2019, respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – BENEFITS PAID TO PARTICIPANTS

Benefits paid during the year ended December 31, 2020 include withdrawals of $2,052,171. As of December 31, 2020, all participants who have elected to withdraw from the plan have been paid.

NOTE 8 – CONCENTRATIONS OF CREDIT RISK

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – FAIR VALUE MEASUREMENTS

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ACS 820 are described as follows:

NOTE 9 – FAIR VALUE MEASUREMENTS (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: These funds are valued at the share prices/Net Asset Values(NAV's) reported on the Plan Summary Reports for NAV mutual fund generally obtained from a file feed from the National Securities Clearing Corporation and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

	December 31, 2020			
		Fair Value Estimated Using		
	Carrying Amount	Level 1	Level 2	Level 3

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Form 5500, Schedule H is prepared on the cash basis, and contributions are recognized on the date of receipt by Great-West, who administers the investment contract. These financial statements are prepared using generally accepted accounting principles (GAAP), and contributions are recognized on the date the contribution was withheld from the participant's pay (for employee contributions); and on the date the contribution was committed to by the employer (for the safe harbor matching contribution). Differences exist in the accounting treatment between the cash basis and GAAP. The following is reconciliation between the financial statements and Schedule H of Form 5500 as of December 31:

NOTE 11 – TAX STATUS

The Plan is a Prototype Standardized Profit Sharing Plan with CODA. The Plan was established effective September 21, 1995 and has been amended from time to time, including an amendment adopted and effective January 1, 2014.

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualifications. The plan administrator is not aware of any course of action or series of events that it believes would adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize any tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 12 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

The COVID-19 outbreak continues as of the date of this report and there are many uncertainties related to this global pandemic that could affect the Plan's statement of Net Assets Available for Benefits.

NOTE 13 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through September 29, 2021, the date the financial statements were available to be issued, and there were no subsequent events, requiring adjustments to the financial statements or disclosures.
