Report on the Financial Statements

We were engaged to audit the financial statements (modified cash basis) and the supplementary schedules of the Grant Medical Transportation, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") which comprise the Statements of Net Assets Available for Plan Benefits (modified cash basis) as of December 31, 2020 and 2019, and the related Statements of Changes in Net Assets Available for Plan Benefits (modified cash basis) for the years then ended, as listed in the accompanying table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in NOTE D, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual), the trustee/custodian of the Plan, except for comparing the information with the related information included in these financial statements and the supplementary schedules. We have been informed by the Plan administrator that the trustee/custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee/custodian as of and for the years ended December 31, 2020 and 2019, that the financial information provided to the Plan administrator by the trustee/custodian is complete and accurate (29 CFR 2520.103-5(c)).

Basis of Accounting

As described in NOTE B, these financial statements and the supplementary schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary schedules are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the Plan Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of Grant Medical Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan & Trust (the "Plan") Plan number 001 provides only general information. Participants should refer to the Summary Plan Description or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a self directed 401(k) defined contribution retirement plan covering substantially all eligible employees of the Company. The Plan includes eligible employees of Grant Medical Transportation, Inc., Ambitrans Medical Transport, Inc. and Ambulance Management Services, LLC. collectively referred to as the Company herein. The Plan was adopted on July 1, 1997 and was amended and restated on January 1, 2016. There were no Plan amendments approved or effective subsequent to January 1, 2016.

The Plan is intended to provide participants with future retirement benefit opportunities. The Plan is subject to the provisions of IRS Code Section 401(k), which allows for employee contributions. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration

For the years ended December 31, 2020 and 2019, the trustee/custodian of the Plan was Massachusetts Mutual Life Insurance Company (MassMutual). Employer and participant contributions are held and managed by the trustee/custodian, which invests cash received, interest, and dividend income in accordance with participant direction, and makes distributions to participants. The Company also uses a servicing agent, Progressive Pension Administrators, Inc., to perform certain administrative functions.

The Plan Administrator is the Company.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Contributions

An eligible participant's annual salary reduction (deductible) contributions may not exceed the lesser of 100 percent of the participant's compensation or $19,500 and $19,000 for calendar years 2020 and 2019, respectively. Eligible compensation included all employee compensation. Certain participants age 50 and over may contribute up to $6,000 more by taking advantage of "catch up" provisions authorized by federal law. The Plan allows for "catch up" contributions under certain circumstances.

The Plan allows for discretionary matching contributions funded by the employer as well as discretionary profit sharing contributions. The participant does not have to make 401(k) contributions to be eligible for employer discretionary contributions.

The Plan does not accept rollover contributions but does permit Roth contributions.

Forfeitures

Forfeitures resulting from termination of Plan participation of non-vested employees are used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer contributions. For the years ended December 31, 2020 and 2019, approximately $2,111 and $3,971, respectively, had been used to pay administrative costs of the Plan and/or reduce employer contributions. At December 31, 2020 and 2019, the Plan had $0 and $2,111, respectively, of unallocated forfeitures. During the years ended December 31, 2020 and 2019, the Plan reduced employer contributions through the use of forfeitures in the amount of $12,555 and $3,971, respectively.

Participant accounts

Each participant's account is credited with the participant's contributions and the allocation of the Company's contribution and the participant's pro rata share of the Plan earnings as determined and allocated under the Plan as well as the allocated Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. At December 31, 2020 and 2019, such accounts allocated to participants who have withdrawn from the Plan but were not paid were $246,800 and $232,260, respectively.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Participant accounts, continued

Participants may select from an array of investment options to invest in their respective participant account. See Note D for a listing of investment options.

Vesting

Vesting in employer contributions and related investment earnings occurs upon attainment of normal retirement age (age 59 1/2) or five (5) years of service, but in no event later than the latter of attainment of age 65 or the 5th anniversary of participation, the participant is 100% vested. The Plan allows for early retirement upon attainment of age 55 and six (6) years of service. If employment terminates prior to attainment of retirement age due to death or disability, the participant is 100% vested. However, upon termination of employment for any other reason, a participant is entitled to a portion of their account (excluding salary deferred amounts and any related income earned thereon which is immediately 100% vested) in accordance with the following six year vesting schedule:

Years of Service*	Employer Match	Employer Discretionary
Less than one year	0%	0%
One (1)	0%	0%
Two (2)	20%	20%
Three (3)	40%	40%
Four (4)	60%	60%
Five (5)	80%	80%
Six (6) or more	100%	100%

*Vesting in the employer match and employer discretionary contributions of the participant accounts is based on participant's years of continuous service. The employee is immediately vested in the employee's respective contributions.

The Plan also provides for early vesting due to disability, if determined disabled by a qualified physician.

Payment of benefits

Payments are made upon termination of service, retirement, death, disability, or financial hardship. The participant must receive payment in a lump-sum. Partial

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Payment of benefits, continued

withdrawals or installments are only permitted for participants or beneficiaries who must receive required minimum distributions. Based upon certain criteria, in-service distributions are permitted upon the participant's attainment of age 59 1/2 and being fully vested in the Plan.

Upon death of a participant, the vested balance of the participant's account is distributed to the participant's beneficiary in an elected form in a lump sum cash payment. Benefits due to terminated employees, either through retirement or otherwise are recorded when paid.

Hardship distributions are not permitted.

In-service distributions are permitted upon attainment of normal retirement age. No distributions are permitted of less than $1,000. No more than two in-service distributions per participant per year are permitted.

Loans

Loans are available to participants under the Plan. The minimum loan amount is $1,000. Loans are limited to a maximum of the lesser of 50% of the vested balance or $50,000 reduced by any outstanding loan balances. Participants are allowed only two loans to be outstanding at any point in time. Loans are secured by the vested balances in the participant's Plan account and bear interest at one percent (1%) over prime.

Interest earned on the loans by the Plan is separately recognized when collected.

Loans become due and payable in full upon termination of employment. If not paid it is recorded as a deemed distribution.

Expenses

Administrative expenses incurred by the Trustee/Custodian, the Servicing Agent and/or Investment Advisors are paid for by the Company or by the Plan with Plan assets. Such expenses include but are not limited to, expenses required by ERISA, required bonding, recordkeeping, and fees and expenses of the Trustee/Custodian.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Plan eligibility

Employees qualify for participation in the elective deferral portion of the Plan upon completion of three months of continuous service and attainment of age 21. The Plan offers semi-annual entry dates on the first day of the first and seventh month of the year following the date the eligibility criteria was met for eligibility for employer contributions and monthly for deferral purposes. Thereafter, eligibility for employer contribution allocation (both match and discretionary) a participant must complete 1,000 hours of service per year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies used in the preparation of these financial statements:

Basis of accounting

The Plan prepares its financial statements using the modified cash basis of accounting. Under this comprehensive basis of accounting, no provision has been made to record items which have been incurred but not paid or earned but not received. This includes items such as interest receivable except for notes receivable which are accrued. Accordingly, the accompanying financial statements are not intended to present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America.

Fair market value is the amount Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair market value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed credit rates.

The Statements of Net Assets Available for Plan Benefits present the fair value of the investments.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investments, continued

carried at fair value based on the fair value of the underlying securities in which the account is invested. The values of the forfeiture accounts are equal to actual cash value and or outstanding balance at the respective year-end. Participant loans are valued at their outstanding unpaid balances, which approximates fair value. Income on loans is only recorded when received, consistent with the modified cash basis of accounting.

Income recognition

Transactions are accounted for using the transaction date. Realized gains or losses are determined on the basis of actual cost. Realized gains and losses are not separately reported as such information is not available. In accordance with the policy of stating investments at fair market value, any change in unrealized appreciation or depreciation for the year is recorded and combined with realized gains and losses on investments in the Statements of Changes in Net Assets Available for Plan Benefits. As such, both realized and unrealized gain/appreciation and loss/depreciation are recorded net and reflected as investment income (loss).

Interest and dividends are combined and reported.

Notes receivable from participants (participant loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded when received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2020 or 2019.

Income tax status

The Plan adopted a Prototype Non-Standardized 401(k) Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) which stated that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's counsel and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue

Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan's annual return Form 5500 for the prior three (3) fiscal years remain open for examination.

Parties-in-interest transactions

Certain Plan investments are managed by Massachusetts Mutual Life Insurance Co. (MassMutual), which is the trustee/custodian as defined by the Plan and is considered a party-in-interest. Progressive Pension Administrators, Inc., a third party administrator also performs certain Plan administrative functions and is considered a party-in-interest. Certain administrative functions are performed by officers and employees of the Company (a party-in-interest). No such officer or employee of the Company receives compensation from the Plan.

Plan termination

Although the Company has not expressed any intent to do so, the Plan may be terminated at any time subject to the provisions of ERISA. Upon termination, all assets are to be distributed to vested Plan participants or their beneficiaries. In the event of such termination, participants would become 100% vested in their individual accounts.

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the Statements of Net Assets Available for Plan Benefits and the changes in Plan net assets during the reporting period. Accordingly, actual results could differ from these estimates.

Fair value of financial instruments

FASB ASC 825-10-50-21 (formerly Financial Accounting Standards Board Statement No. 107), "Disclosures About Fair Value of Financial Instruments," requires disclosure of fair value information about financial instruments for which it is practicable to estimate that value. The carrying amounts of cash and money market accounts approximate fair value due to the short maturity of those instruments.

Investments

The Plan's pooled separate account investments are stated at fair market value. The value of each underlying mutual fund is determined at the close of each business day based on unit value based on the observable NAV of the underlying investment value. The value of each such account is expressed in units. The unit value is the dollar value of one unit and is determined at the close of each business day by dividing the value of the entire account by the total number of units in the account. The units of the guaranteed interest account (interest accumulation account) are stated at liquidation value based actuarial formula as defined under the terms of contract, which is the value paid any time funds are withdrawn prior to their maturity. The general accumulation account is considered fully benefit responsive. The account's fair value is based on its liquidations value. The general account's declared interest rate was 3% for the years ended December 31, 2020 and 2019.

Subsequent events

Subsequent events have been evaluated through August 24, 2021, which is the date the financial statements were available to be issued.

NOTE C - MARKET RISK

The Plan investments included pooled separate accounts (mutual funds), which invest in various investment securities and in various companies within various markets. All of the Plan's investments are recorded at fair value in accordance with the reporting requirements governing the Plan. Net changes in asset value is reflected as net appreciation (depreciation) in fair value of investments which includes realized income or loss as well. All such investments are subject to various market and economic risk factors as well as the national and global economies and it is at least reasonably possible that changes in the values (loss of principal) of investment securities will

occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the Plan's financial statements and supplementary schedules.

Information certified by Trustee

The Plan administrator has elected a method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company ("MassMutual"), the custodian/trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2020 and 2019, and the schedule of assets (held at end of year), and the related investment activity reflected in the Statements of Changes in Net Assets Available for Plan Benefits for the years ended December 31, 2020 and 2019.

NOTE E - FAIR VALUE MEASUREMENTS

Fair value measurements

FASB ASC 820-10-50-1 (formerly Financial Accounting Standards Board Statement No. 157), "Fair Value Measurements," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level (1) inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level (2) inputs consist of observable inputs other than quoted prices in active markets for identical assets. Level (3) inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level (1) inputs because they generally provide the most reliable evidence of fair value. Level (3) inputs were only used when Level (1) or Level (2) inputs were not available.

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

Fair value measurements, continued

The fair value of the pooled separate accounts - mutual funds is based on daily quoted unit values based on observable NAV of the underlying investment. of the shares held by the Plan at year-end.

The value of the general account is based on liquidation value.

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the years ended December 31, 2020 and 2019 are reported as net realized and unrealized gains and losses of fair value of investments.

The Plan's assets are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits and consist of the following at December 31:

		Fair Value Measurements Using:

NOTE G - SUBSEQUENT AND OTHER EVENTS

The Cares Act of March 27, 2020 provides that a participant may withdraw up to $100,000 from the Plan if the participant was diagnosed with COVID 19 as well as the spouse or dependent or experienced adverse financial consequences from the pandemic. The Act waives the early withdrawal penalty. The withdrawal is taxable over 1-3 years and can be repaid within 3 three years. Alternatively, a similarly impacted individual may take a hardship loan from the Plan equal to the lesser of the participant's vested loan balance or $100,000. Certain loan repayment provisions were also extended.
