LAUREL LAKE RETIREMENT COMMUNITY, INC. SECTION 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

1. Description of the Plan:

General:

The following brief description of the Laurel Lake Retirement Community, Inc. Section 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 2014 is a defined contribution plan covering all employees of Laurel Lake Retirement Community, Inc. ("Laurel Lake"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Laurel Lake Board of Directors is responsible for oversight of the Plan. Laurel Lake's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Laurel Lake's Board of Directors.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). Any of the optional features from the recent law changes that are adopted by the Plan will require written amendments at a later date in accordance with applicable law and IRS guidance.

Contributions:

The Plan provides for employee salary deferrals subject to maximum tax-deferred and after tax Roth limitations established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Laurel Lake may elect to make discretionary matching contributions to participants' accounts as determined periodically by Laurel Lake's Board of Directors. In 2020 and 2019, Laurel Lake elected to make discretionary matching contributions of 100% of eligible contributions up to 4% of eligible wages. Discretionary matching contributions totaled $73,640 in 2020 and $107,601 in 2019.

Laurel Lake may elect to make additional discretionary contributions to participants' accounts as determined periodically by Laurel Lake's Investment Committee. Laurel Lake did not elect to make an additional discretionary contribution in 2020 and 2019.

During 2019, the Plan was amended to exclude certain highly compensated employees, as defined by the plan, from receiving matching contributions.

Participant accounts:

Separate accounts for each participant are maintained by the custodians. Each account is credited with the participant's contributions, discretionary matching contributions, additional discretionary contributions, and earnings or losses from investments held in the account. Each account is charged with an allocation of administrative expenses based on participant earnings or losses or account balances, as defined.

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their contributions. Participants vest in employer contributions over a five-year period effective January 1, 2018 for all employees hired on or after January 1, 2018. Participants vest after two years of service to 25% which increases by 25% each year until fully vested. Employees hired prior to January 1, 2018 vested in employer contributions immediately.

Forfeitures of nonvested accounts are to be used to pay administrative expenses of the Plan or reduce the employer contributions. Plan expenses were paid from forfeitures in 2020 and 2019. Forfeited amounts not allocated to participant accounts totaled $414 at December 31, 2020 and 2019.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. Repayment of a note must be made over a period not to exceed five years unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may exceed five years. The note interest rate is set at the prime rate, as defined by the Plan document. Interest rates on these notes receivable from participants were between 3.25% and 5.50% at December 31, 2020 and 2019. Principal and interest is paid through payroll deductions.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or installments not to exceed the life of the participant.

Benefits are recorded when paid.

Investment options:

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may change their investment options daily.

1. Description of the Plan (continued):

New accounting pronouncements:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements*. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's mutual funds and money market funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Laurel Lake's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contract with insurance company:

The Plan's contract with Great-West Life & Annuity Insurance Company ("Great-West") (December 31, 2020), and Massachusetts Mutual Life Insurance Company ("MassMutual") (January 1, 2019 through December 30, 2020) is recorded at the estimated contract value, as provided by MassMutual.

2. Summary of significant accounting policies (continued):

Expenses:

Certain expenses of maintaining the Plan are paid directly by Laurel Lake and are excluded from these financial statements. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

3. Investments:

The following table presents the current value of investments at December 31, 2020 and 2019. All investments of the Plan were participant-directed at December 31, 2020 and 2019.

	2020	2019
Investments at fair value:		
Mutual funds	$ 4,891,269	$ 4,027,197
Money market funds	92,947	4,139
Investment at contract value:		
Guaranteed investment contract	105,228	86,263
	$ 5,089,444	$ 4,117,599

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair value (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at net asset value or fair value on a recurring basis at December 31, 2020 and 2019, were as follows:

	2020 (Level 1)	2019 (Level 1)
Mutual funds	$ 4,891,269	$ 4,027,197
Money market funds	92,947	4,139
	$ 4,984,216	$ 4,031,336

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The money market funds are valued at its face value which approximates its estimated fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed investment contract with insurance company:

The Plan participates in a fully benefit-responsive guaranteed investment contract with Great-West (December 31, 2020) and MassMutual (January 1, 2019 through December 30, 2020). Great-West and MassMutual maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is a fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

5. Guaranteed investment contract with insurance company (continued):

Contract value, as reported to the Plan by Great-West and MassMutual, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average guaranteed minimum interest rate was 1.73% at December 31, 2020 and 1.78% at December 31, 2019.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great-West and MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

6. Administrative expenses:

Certain administrative expenses of the Plan were paid by Laurel Lake. Certain administrative functions of the Plan are performed by employees of Laurel Lake. No such employee, nor Laurel Lake, receives compensation from the Plan for these functions.

7. Information certified by custodians:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West (December 31, 2020) and MassMutual (January 1, 2019 through December 30, 2020) (custodians of the Plan).

8. Income tax status:

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program and the Plan has been pre-approved by the IRS in 2017. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan termination:

Although it has not expressed any intent to do so, Laurel Lake has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

10. Party-in-interest transactions:

Plan investments are managed by Great-West (December 31, 2020) and MassMutual (January 1, 2019 through December 30, 2020), the custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Additionally, the Plan issues notes to participants, which are secured by the vested balance in the participant's account and certain administrative fees related to the administration of the plan were paid by the Plan or by Laurel Lake. These transactions qualify as party-in-interest transactions.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

12. Delinquent participant contributions:

In 2019, Laurel Lake failed to remit employee contributions totaling $378 within the time permitted in accordance with DOL Regulations 2510-3-102(b). In 2020, Laurel Lake calculated an estimate of the lost earnings and remitted these amounts into the Plan outside the guidelines of the Voluntary Fiduciary Correction Program (VFCP). Additionally, Laurel Lake paid the related excise tax on the lost earnings to the IRS.

13. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 29, 2021, the date the Plan's financial statements were available to be issued.
