HOLZER HEALTH SYSTEM 401(A) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

NOTE 1 - PLAN DESCRIPTION

The following description of the Holzer Health System 401(a) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1978 and amended and restated on January 1, 2013. It is a noncontributory defined contribution plan covering all employees of Holzer Clinic, LLC; Holzer Hospital Foundation; Holzer Medical Center - Jackson; Holzer Senior Care Center; Gallia Health Partners, LLC; and Jackson Health Partners, LLC (collectively the Companies), except for leased employees. Employees are automatically enrolled in the Plan upon reaching 18 years of age and completing one year of service, as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Matching contributions by the Companies are discretionary and are based on the employees' contributions into the 403(b) plan. The Companies may make a contribution equal to 50% of the first 4% of a participant's base compensation. The Companies may also make a discretionary fixed profit-sharing contribution to the Plan equal to a percentage of the compensation of participants eligible to share in allocations. The percent contributed is determined based on the participants' employer. Participants direct their share of the contributions into various investment options offered by the Plan or may invest their contributions in a self-directed account. Discretionary contributions for the Plan are recognized when approved by the Company's board of directors. The board approved a \$1,000,000 discretionary contribution for 2020, which is recorded as a receivable on the statement of net assets available for benefits. There were no matching contributions for the year ended December 31, 2020.

Participant Accounts - Each participant's account is credited with any employers' matching contribution, an allocation of the Companies' profit-sharing contribution and Plan earnings. The profit sharing contribution is allocated based on the ratio of the individual participant's compensation to the total compensation of all the participants. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting - Vesting of each participant's account is based on continuous years of service. Participants become 20% vested after two years of service, vest an additional 20% after three years of service, and are 66 2/3% vested after four years of service. A participant is 100% vested after five years of credited service. Upon retirement, death or disability, participants become 100% vested in their accounts.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant or his/her beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The number of outstanding loans is limited to one per participant at any one time. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate at the date of the loan plus one percentage point. Principal and interest is paid ratably through biweekly payroll deductions. Interest rates range from 4.25% to 6.50% for the year ended December 31, 2020.

HOLZER HEALTH SYSTEM 401(A) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

NOTE 1 - PLAN DESCRIPTION (Continued)

Forfeitures - Forfeitures of terminated participants' nonvested accounts are used to offset current-year Plan expenses. If any forfeited funds are remaining at year-end, those funds can be used to reduce employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately \$26,000 and \$237,000, respectively. During the year ended December 31, 2020, the Company elected to use \$215,000 of forfeitures to fund a prior-year discretionary employer contribution made during 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by Plan management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits - Benefits paid to participants are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees incurred by, or attributable to, a particular participant account will be assessed against that individual participant's account. The Plan will charge to all participants on a pro rata basis, based on account balance, all other plan-related expenses not paid for by the Companies.

HOLZER HEALTH SYSTEM 401(A) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, which changes the fair value measurement disclosure requirements of Fair Value Measurement (Topic 820): Disclosure Framework - Change to Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 is effective for annual periods beginning after December 15, 2019 and early adoption is permitted under the guidance. Plan management has adopted this standard and it did not have a material impact on the financial statements.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through September 23, 2021, the date that the financial statements were issued.

NOTE 3 - FAIR VALUE MEASUREMENT

The FASB's accounting standard for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HOLZER HEALTH SYSTEM 401(A) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of an insurance company collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments (consisting of guaranteed investment contracts, security-backed contracts and common collective trusts) held by the fund, less its liabilities. In accordance with the terms of the Plan of trust, the NAV of the fund is determined daily. Units are issued and redeemed at the latest NAV. Also, in accordance with the Plan trust, net investment income, if any, and realized and unrealized gains on investments are not distributed.

Self-Directed Investments: The following investment types of the self-directed investments are valued as follows:

Common/Preferred Stock - Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange Traded Funds - Valued at the closing price reported on the active market on which the individual securities are traded.

Units in Trust - Valued at daily closing price as reported by the fund. Units in trust held by the Plan are open-end funds, and are required to publish their daily NAV to transact at that price. The Units in Trust held by the Plan are deemed to be actively traded.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Further, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - CERTIFICATION (UNAUDITED)

The Plan administrator has received certification from Matrix Trust Company, the trustee of the Plan's assets, as to the completeness and accuracy of the investments and notes receivable. Such information includes the composition and current value of the investments and notes receivable reported in the statements of net assets available for benefits and the related investment income and interest income on notes receivable reported in the statement of changes in net assets available for benefits.

NOTE 5 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Companies by a letter dated March 28, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Generally Accepted Accounting Principles (U.S. GAAP) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 6 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions qualify as party-in-interest transactions.
