1. DESCRIPTION OF PLAN

The following brief description of the Fahs Construction Group 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General
The Plan is a qualified defined contribution plan sponsored by Fahs Construction Group, Inc. (the Company) available to all employees of the Company. All employees at any age are eligible to participate in the Plan upon their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration
Beginning January 1, 2020, AdvisorTrust, Inc. (AdvisorTrust) serves as the custodian of the Plan. During 2019, TD Ameritrade Trust Company served as custodian of the Plan. NFP United Advisors, LLC is the record-keeper of the Plan. The trustee of the Plan is the Chairman of the Company.

Contributions
Participants are permitted to make tax deferred contributions in the form of salary deductions up to the maximum amount allowed by the Internal Revenue Code. Participants may direct their contributions among thirteen (13) investment options. Participants may change their investment allocation on a daily basis.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of Plan earnings and expenses. Earnings and expenses are allocated to participant accounts based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their elective contributions and actual earnings/losses thereon.

Benefit Payments
Upon termination of service due to death, disability or retirement, participants may elect to receive a distribution of their vested account balance in either a single lump sum or rollover into another qualified plan.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. A participant may only have one note outstanding at any time. Note terms are generally for a period of one to five years. In the event that the note is for the purpose of purchasing a primary residence, notes are payable for a period up to twenty years. The notes are secured by the participant's account and bear interest at the prime rate at the time of issuance. Principal and interest are paid ratably through weekly payroll deductions. Principal and interest payments on the notes are redeposited into the participants' accounts based on their current investment allocation elections.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses
A majority of administrative expenses of the Plan for the years ended December 31, 2020 and 2019 were paid by the Plan. Administrative costs paid by the Plan totaled $20,286 and $21,208 for the years ended December 31, 2020 and 2019, respectively.

Coronavirus Aid, Relief and Economic Security Act
On March 27, 2020, the President of the United States of America signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayments, suspend required minimum distributions, and delay the commencement for required minimum distributions. The Plan did not implement any of the CARES Act provisions and did not formally amend their Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle
In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU eliminates, adds and modifies certain disclosure requirements for fair value measurements. The standard is effective for financial statements issued for years beginning after December 15, 2019. The Plan adopted this standard in 2020, using a retrospective approach. The adoption of this guidance had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Fair Value Measurement - Definition and Hierarchy
The ASC 820 framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and cash equivalent: Valued at fair value based on quoted market prices in active markets.

Stable value fund: Valued based on the fair value using the net asset value (NAV) practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 4.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risks and Uncertainties

The United States is presently in the midst of a national health emergency related to a virus, commonly known as the Novel Coronavirus (COVID-19). The overall consequences of COVID-19 on a national, regional and local level are unknown, but it has the potential to result in a significant economic impact. The future impact of this situation on the Plan is not presently determinable.

Investment securities are exposed to various risks, such as interest rate, market economic conditions, world affairs and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits
Benefits payments are recorded when paid.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by AdvisorTrust, the custodian of the Plan's assets, as of and for the year ended December 31, 2020, and by TD Ameritrade Trust Company, the custodian of the Plan's assets, as of and for the year ended December 31, 2019, and is included in the accompanying financial statements and supplemental schedule:

	2020	2019
Investments, at fair value	$ 2,128,533	$ 2,160,983
Net appreciation in fair value of investments	$ 235,684	$ 411,310
Interest and dividends	$ 109,828	$ 24,855
Schedule of Assets (Held at End of Year)	Schedule I, except notes receivable from participants	

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,096,039	$ -	$ -	$ 2,096,039
Investments using NAV as practical expedient (a)				32,494
Total investments				$ 2,128,533

4. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,129,293	$ -	$ -	$ 2,129,293
Cash equivalent	37	-	-	37
	$ 2,129,330	$ -	$ -	2,129,330
Investments using NAV as practical expedient (a)				31,653
Total investments				$ 2,160,983

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

Investments Measured using the NAV per Share Practical Expedient
The Plan is issued a given number of participation units in the stable value fund. Purchase prices and redemption prices are determined at the close of each day. The unit value of the stable value fund equals the total value of each asset held by the stable value fund, less any liabilities, divided by the total number of units outstanding. The investment strategy of the stable value fund is to provide a moderate level of income without principal volatility. Qualified participant withdrawals are allowed at any time without penalty, regardless of their frequency or amount. To meet withdrawal obligations, an allocation is typically maintained in cash equivalents, and fund maturities are structured to assure adequate liquidity. Any sponsor or fiduciary initiated withdrawal from the stable value fund may require a 12-month written notice of the intent to withdraw assets. There are no unfunded commitments.

5. PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions.

6. TAX STATUS

The Plan is designed from a prototype plan offered by NFP United Advisors, LLC. The Internal Revenue Service has determined and informed NFP United Advisors, LLC, by letter dated March 31, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the Internal Revenue Code (the Code) for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA and the Plan.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2020 and 2019, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 21, 2021, which is the date the financial statements were available to be issued.
