Contributions

An eligible participant will automatically defer five percent (5%) of included compensation for each payroll period, unless the eligible participant makes a contrary salary reduction agreement election on or after 30 days notice. The automatic deferral percentage will increase by one percent (1%) per year up to a maximum of ten percent (10%). The participants may contribute any percentage of pretax annual compensation, as defined by the Plan. Catch-up contributions are allowed under the Plan. Each year, participants may contribute up to the maximum amount allowed by the Internal Revenue Code. At the discretion of the Company, each Plan year it may make matching and/or non elective contributions to the Plan.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company matching contributions. At December 31, 2020 and 2019 there was approximately $5,134 and $1,677, respectively, of forfeitures available to reduce the Company's future contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is one hundred percent (100%) vested after five years of credited service. The following is a schedule of the vesting percentages for employer contributions:

Service Years	% Vested
1	20
2	40
3	60
4	80
5	100

Payment of Benefits

Benefits payable under the Plan by reason of a participant's retirement, disability, death or other termination of employment will be paid, in a lump sum, as soon as practicable following the participant's retirement, disability, death or other termination of employment. A participant will receive a benefit equal to the balance of his vested accounts as of the date of distribution. Normal retirement age is age 65 and early retirement age is age 55 with completion of five years of service. In service distributions are allowed after age 59 and one half and upon a participant becoming disabled. A safe harbor hardship distribution is allowed from the 401(k) deferrals. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of December 31, 2020 and 2019.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in one percent (1%) increments into various investment options offered by the Plan. The Plan currently offers twenty-nine pooled separate accounts by Capital Bank and Trust Company ("CB&T").

Variable investments are made through units of CB&T's separate accounts, which invest in mutual funds.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund.

The participant is charged with any costs incurred by the employer with respect to the processing of the loan. The maximum number of loans allowed for a participant will be two. Each loan is secured by fifty percent (50%) of the vested interest of the participant in his accounts and bears a rate of interest consistent with current market rates, with terms that may not exceed five years, or up to 15 years for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Registered investment accounts held by trust companies are listed at estimated fair values as determined by the trust company.

Accounts are valued daily. Purchases and sales of securities are recorded on a trade-date plus one day basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value, Level 2 inputs other than quoted prices that are observable and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements
Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements
Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. This category includes a common collective trust fund: Stable Value Fund under KeyBank National which is designed to preserve the principal investment and generate a stable rate of return. The funds are primarily invested in synthetic GICs, which are high quality debt securities that are insulated from market volatility by a bank issued or insurance company issued wrap contract and cash and cash equivalents.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined by letter dated March 31, 2008, that the Defined Contribution Prototype Plan and Trust is designed in accordance with applicable sections of the Internal Revenue Code.

In its latest determination letter, the Internal Revenue Service stated that the Plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified as of the financial statement date.

The Plan administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements for the year ended December 31, 2020. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to U.S. federal, state or local income tax examinations by tax authorities for years before December 31, 2017.

NOTE 6 - UNAUDITED INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020, and the schedule of assets held for investment at end of year as of December 31, 2020, and the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2020. The information certified includes total investments of $6,903,452 and $5,713,882 at December 31, 2020 and December 31, 2019, respectively, and related investment gain of $953,756 for the year ended December 31, 2020. Participant loans of $273,401 at December 31, 2020 and related interest income of $12,732 for the year ended December 31, 2020 was also included in the certification.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 - PARTY IN INTEREST/ RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $13,932 for the year ended December 31, 2020.

The Plan sponsor audit fees are paid by the Plan sponsor.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 - DATE OF MANAGEMENT'S REVIEW

No events occurred subsequent to December 31, 2020 that would have material effect on the financial statements.

The date to which events occurring after December 31, 2020, the date of the most recent statement of assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 10, 2021, which is the date on which the financial statements were available to be issued.
