In addition, eligible participants may make catch-up contributions in accordance with Internal Revenue Service guidelines. The Plan includes automatic enrollment of 3% of each participant's compensation, unless the participant makes a contrary election.

Employer Contributions - The Company makes safe-harbor contributions to each eligible participant's account by matching an amount equal to $1.00 for each $1.00 contributed by the participant, up to 3% of participant compensation and $.50 for each $1.00 of contributions over 3% up to 5%.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan document.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's elective contributions, employer matching contributions, earnings and losses thereon.

Vesting:

Participants are fully vested with respect to their employee and employer safe-harbor contributions and income allocated to their account.

1 Description of Plan, Continued

Forfeitures:

Forfeited non-vested account balances may be used to reduce employer contributions and for Plan expenses. Forfeitures available for allocation were $8,361 (2020) and $8,293 (2019).

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loans are repaid over a period not to exceed five years, with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Plan Administrator and interest is paid ratably through monthly payroll deductions.

During 2020, Plan management implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The provisions allowed an increase in the available loan amount for loans made to qualified individuals from March 27, 2020 through September 22, 2020 to the lesser of $100,000 or 10% of the participant’s vested account balance. Payments on CARES Act loans will be deferred until January 2021.

Other Plan Provisions:

Normal retirement age is 65.

Payment of Benefits:

Upon termination of service, retirement, death or total and permanent disability, a participant receives a lump sum amount or annuity equal to the vested account balance. Benefits are recorded when paid.

During 2020, Plan management implemented certain provisions of the CARES Act which allowed qualified coronavirus related distributions, in the form of in-service hardship distributions, of up to $100,000 during the period beginning January 1, 2020 to December 31, 2020.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

2 Summary of Significant Accounting Policies, Continued

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the common collective trust is valued based on the unit value of the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized/realized appreciation includes the Plan’s gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Risks and Uncertainties:

The Plan's investment includes investments in mutual funds and a common collective trust with varying degrees of risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

3 Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2020, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 27, 2021, which is the date the financial statements were available to be issued.

5 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

* Quoted prices for similar assets or liabilities in active markets.

* Quoted prices for identical or similar assets or liabilities in inactive markets.

* Inputs other than quoted prices that are observable for the asset or liability.

* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

5 Fair Value Measurements, Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds:

The fair value of the mutual funds is based on quoted market prices and are classified in the Level 1 category of the valuation hierarchy.

Common Collective Trust:

The fair value of the common collective trust ("The Standard Stable Asset II") is based on the underlying assets of the contracts which include a portfolio of securities and wrapper contracts. The value is expressed in units. The common collective trust is valued based on using NAV as the practical expedient.

Participant transactions (purchases and sales) may occur daily. The Plan is required to provide 30 days advance written notice in order to initiate a full redemption of the common collective trust.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

7 Party-in-Interest Transactions

Certain Plan investments are mutual fund accounts managed by Prudential Bank & Trust, F.S.B. and/or Reliance Trust Company on behalf of JPMorgan Invest Holdings, LLC, the Trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.
