Notes to Financial Statements
December 31, 2020 and 2019

Note 1. Description of the Plan

The following description of BCA Financial Services Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of BCA Financial Services, Inc. (the "Company") for the purpose of elective deferrals who have completed one year of service and twenty-one years of age or older. The Plan was effective on January 1, 2016, and it is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions
Eligible participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pretax basis as an elective deferral up to the limits prescribed in the Internal Revenue Code, which were $19,500 and $19,000 for years ended 2020 and 2019, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions more than the statutory limits. The limit on catch-up contributions were $6,500 and $6,000 for years ended 2020 and 2019, respectively.

Participants may direct their deferrals into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of eligible compensation plus 50% of the salary between 3% and 5% of eligible compensation. The participant must make elective deferrals to receive the safe harbor matching contribution. In addition, the Company may make a discretionary additional matching contribution that will not exceed 4% of eligible compensation as well as a discretionary nonelective contribution.

Participant accounts
Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administration fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested portion of participant's account.

Vesting
Vesting is the participant's right to the contributions in their account that cannot be forfeited. Participants are 100% vested in their elective deferral, rollover and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary additional matching and nonelective contributions to their accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest at 20% after two years of credited service, 40% after three years, 60% after four years, 80% after five years, and fully vested after six years of credited service. Participants also become fully vested when they reach normal retirement at age 65, at the date of death, or if they become permanently disabled.

Note 1. Description of the Plan *(Continued)*

Investment options
Upon enrollment in the Plan, a participant may direct their deferrals and employer contributions in any of the various options offered by John Hancock Life Insurance Company ("John Hancock") as the custodian. Participants may change their investment options effective at any time during the year.

Loans
Participant loans are not permitted from the Plan.

Payment of benefits
Benefits begin at retirement, termination of service, disability (total and permanent) or death of the participant. A participant may elect to receive a lump-sum distribution, less any penalties and taxes, or transfer the vested amount to another qualified retirement account. If the participant's vested account balance is greater than $1,000 at the date of termination of service, then the participant can choose to receive installments or defer receiving payments until age 70 ½.

If the participant continues to work for the Company after age 70 ½, they will automatically receive their benefits by April 1st following the later of the year in which they reach age 70 ½ or terminate employment.

A participant can withdraw all or part of their vested account balance once they reach age 59 ½.

In the event of a financial hardship, the participant may only withdraw from their elective deferrals contribution.

Forfeited accounts
When a participant is terminated from the Plan, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture of plan assets. Forfeitures are credited to a holding account and are utilized to reduce the employer contributions. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. There was no forfeiture account balance at December 31, 2020 and 2019.

Note 2. Summary of Significant Accounting Policies

Basis of presentation
The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes in net assets available for benefits during the reporting year and period. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies *(Continued)*

Contributions receivable
Participants and employer contributions are recorded in the period they are earned. The contributions receivable were received subsequent to years ended December 31, 2020 and 2019.

Cash equivalents
The plan considers all short-term investments purchased with a maturity of three months or less to cash equivalents.

Investment valuation and income recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The Plan's investment contracts (Guaranteed interest accounts) are not fully benefit-responsive and are stated at fair value as determined by the custodian of the Plan's assets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transaction between market participants and the measurement date. See *Note 4* for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's interest and dividends income, gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits
Benefit payment to participants are recorded when paid.

Plan administration and fees
Participant and employer contributions are remitted to the trustee, who invests the cash received as directed by the participants. The trustee accounts for contributions, interest and dividend earnings, termination benefits, and unrealized gains and losses daily. Fees paid by the Plan for investment advisory and administrative services were paid by charging directly to the participant accounts and are included in administrative expenses. Definiti LLC provides third party administrative services to the Plan. Certain administrative functions of the Plan are performed by employees of the Company. The Company employees do not receive compensation from the Plan.

Dates of management's review
Subsequent events were evaluated through the independent auditor's report date, which is the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by Trustees (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019 and for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock, the Custodian of the Plan. Accordingly, the custodian has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments at fair value, as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019
- Net increase from investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 4. Fair Value Measurement

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Market Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2020 and 2019.

Note 4. Fair Value Measurement *(Continued)*

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	As of December 31, 2020			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 1,840,720	$ 1,840,720	$ -	$ -
Guaranteed interest accounts	7,998	7,998	-	-
Total investments, at fair value	$ 1,848,718	$ 1,848,718	$ -	$ -

	As of December 31, 2019			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 1,208,180	$ 1,208,180	$ -	$ -
Total investments, at fair value	$ 1,208,180	$ 1,208,180	$ -	$ -

Note 5. Tax Status

The Plan operated under a Volume Submitter Defined Contribution Plan established by Definiti LLC. The Internal Revenue Service (IRS) has issued a determination letter dated March 31, 2014 accepting the form of the prototype plan. The IRS considers employers who adopt and adhere to the terms and provisions of the prototype plan as meeting the requirements for qualifications in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan's trustee and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management has evaluated the tax positions taken by the plan and if a tax liability (or asset) exists for uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2020, there were no uncertain position taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA, which are exempt from the prohibited transaction rules.

Note 7. Plan Termination

Although it has not expressed any intent to do so, BCA Financial Services, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements compared to schedule H of Form 5500 on December 31st:

	2020	2019
