ELFORD, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Description of Plan

The following description of Elford Inc. (the Plan Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering nearly all employees. Excluded employees include all union employees governed by collective bargaining agreements, interns, Co-Op and temporary employees. Participants must be 21 years or older to be eligible. From January 1, 2019 through May 30, 2020, participants were also required to complete 90 days of service to become eligible. Once eligible, participants could enter the Plan on the first day of the following quarter. Effective June 1, 2020, the Plan was amended to allow participants to become eligible on their date of hire. Once eligible, participants can enter the plan on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their eligible compensation as Pretax or Roth contributions, not to exceed IRS limitations, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

At the option of the Plan Sponsor, a matching contribution equal to a uniform percentage of each participant's elected deferral may be made to the Plan. To be eligible for this matching contribution, participants must be employed on the last day of the plan year. From January 1, 2019 through May 30, 2020, participants were required to complete 1,000 hours of service to become eligible. Effective June 1, 2020, the Plan was amended and the service hours requirement was reduced to 500. For the years ended December 31, 2020 and 2019, the matching contribution percentage was 15% up to 5% of eligible compensation, amounting to approximately \$52,000 and \$51,000, respectively.

At the option of the Plan Sponsor, a profit sharing contribution equal to a uniform percentage of each participant's eligible compensation to the Plan may be made. To be eligible for this profit sharing contribution, participants must be employed on the last day of the plan year or retired during the plan year. From January 1, 2019 through May 30, 2020, participants were required to complete 1,000 hours of service to become eligible. Effective June 1, 2020, the Plan was amended and the service hours requirement was reduced to 500. For the years ended December 31, 2020 and 2019, the discretionary profit sharing percentage was 5.0%, of the participants' eligible compensation, amounting to approximately \$728,000 and \$592,000, respectively.

Contributions are subject to certain limitations.

ELFORD, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedules:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

A participant may direct Company and participant contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the plan administrator at the time the loan is issued. The loans bear interest ranging from 4.25% to 6.25% at December 31, 2020 and 2019. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, disability, death or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or elect to receive partial withdrawals or installments for required minimum distributions.

ELFORD, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Description of Plan (continued)

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, amongst other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to the plan participants under the CARES Act and implemented the following provisions for 2020:

- Emergency coronavirus distributions up to \$100,000
- Suspension of Required Minimum Distributions for 2020
- Extension of the period for loan repayments, if applicable, through December 31, 2020
- Temporary increase in loan request amounts for financial consequences of COVID-19

Forfeited Accounts

At December 31, 2020 and 2019, accumulated forfeited non-vested accounts totaled \$33,893 and \$25,350, respectively. These accounts may be used to reduce any employer contributions. During 2021, the Plan sponsor used \$33,893 in forfeitures to reduce 2020 employer contributions due to the Plan as of December 31, 2020. During 2020, the Plan sponsor used \$25,350 in forfeitures to reduce 2019 employer contributions due to the Plan as of December 31, 2019.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

ELFORD, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan agreement.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan as of December 31, 2020 and 2019:

	2020	2019
Mutual funds	\$ 13,534,514	\$ 9,648,126
Money market fund	39,152	30,542
Guaranteed income fund	392,491	391,072
Notes receivable from participants	70,418	72,997
	\$ 14,036,575	\$ 10,142,737

The custodian also certified to the completeness and accuracy of the aforementioned assets, \$1,986,307 and \$1,522,996 of net appreciation in fair value of investments and \$3,740 and \$3,730 of interest income on notes receivables from participants for the years ended December 31, 2020 and 2019, respectively.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Mutual Funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end.
- Guaranteed
Income Fund:* Valued at the NAV of the underlying investments reported by Voya Retirement Insurance and Annuity Company (Voya).
- Money
Market Funds:* Valued at closing price reported to the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,534,514	\$ -	\$ -	\$ 13,534,514

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the ERISA. In the event of Plan termination, the participants' accounts will become fully vested.

Tax Status

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The opinion stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2020 and 2019

Transactions with Party-in-Interest

Voya is the custodian as defined by the plan document and, therefore, these transactions qualify as exempt party-in-interest transactions. Such transactions are exempt from being prohibited transactions. The Joseph Group is the financial advisor to the plan and thus qualify as a party in interest. Fees paid by the Plan for administrative services to the above entities amounted to approximately \$2,800 and \$24,700 during 2020 and 2019, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2020 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
