NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Busken Bakery Employees 401(k) Profit Sharing Plan (“Plan”) for Busken Bakery, Inc. (“Company”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

1. General

The Plan is a defined contribution plan which covers all eligible employees of the Company who have 90 days of service and are age twenty-one or older. The entry date is the first day of the month following eligibility requirements being met. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan and determines the appropriateness of the Plan’s investment offerings, and monitors investment and performance.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes to the Plan 2% or 3% of eligible compensation. The profit-sharing percentage is dependent upon whether the participant is union or nonunion, and if union, under which collective bargaining agreement the participant is covered and if the participant elects to defer. Additional profit-sharing amounts may be contributed at the option of the Company’s board of directors. There were no additional profit sharing contributions for 2020 and 2019. Contributions are subject to certain limitations.

3. Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, an allocation of the Company’s profit-sharing contribution (if any), and plan earnings (losses). Participant accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

4. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon was based on years of continuous service. A participant was 100% vested after five years of credited service. The Plan had a partial plan termination effective March 28, 2020, and therefore, all affected employees became fully vested in their account balances.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.5%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

6. Payment of Benefits

Upon retirement, the attainment of age 59½, termination of service, disability, or death, a participant may elect to receive a lump sum distribution equal to the value of his or her vested account balance or receive installment distributions from their vested account balance. In the event of a participant's death, payment will be made to designated beneficiaries. In conditions of financial hardship, a participant may apply to the plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and Code.

7. Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$16,329 and \$1, respectively. Forfeitures are first applied to the restoration of forfeitures, and then at the discretion of the Company, can be added to or used as employer contributions or can be used to pay administrative expenses of the Plan. During the years ended December 31, 2020 and 2019, forfeitures of \$2,628 and \$6,307, respectively, were used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accounting records of the Plan are maintained on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

4. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Administrative Expenses

The Company provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Company and excluded from these financial statements. Other administrative expenses directly incurred by the Plan include investment management fees and loan and distribution fees charged directly to the participants' accounts. The asset-based fee charged by the third-party administrator was reduced by any revenue received by the third-party administrator from providers of the underlying mutual funds. These administrative expenses are presented as a deduction to net assets on the statements of changes in net assets available for benefits.

7. Recently Issued Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement)*, which amends Accounting Standards Codification 820, Fair Value Measurement ("ASC 820"). This ASU removes, modifies, or adds certain disclosure requirements for fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted this ASU effective January 1, 2020, and the adoption did not have an impact on the presentation of the Plan's fair value measurement disclosures.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, including their employer contributions.

During the 2020 plan year, the Company permanently closed four locations, causing a partial plan termination to occur. Initial layoffs that triggered the partial plan termination occurred March 28, 2020, when many locations closed temporarily. Although some of the employees were rehired when stores reinstated operations, more than 20% were permanently terminated. When the partial plan termination occurred, all affected employees, estimated at 124 participants, became fully vested in their account balances.

Effective December 27, 2020, the Consolidated Appropriations Act, 2021 (CA Act) was enacted and signed into law. The CA Act includes a temporary rule preventing partial plan terminations for qualified retirement plans in some circumstances. The IRS previously issued guidance under the CARES Act clarifying that employees furloughed or laid off due to COVID-19, but rehired by the end of 2020, would not be counted in determining whether a retirement plan incurred a partial plan termination for the plan year. The CA Act gives employers broader relief than the IRS guidance. Under this new law, a

NOTE C - PLAN TERMINATION (Continued)

retirement plan will not have a partial termination for a plan year if (1) any portion of the plan year includes the period beginning March 13, 2020, and ending on March 31, 2021, and (2) the number of active participants covered by the plan on March 31, 2021, is at least 80% of the number of active participants covered by the plan on March 13, 2020. The Plan did consider this new law when determining that they did have a partial plan termination in 2020.

NOTE D - TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) states that the prototype standardized profit-sharing plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and 3 inputs would only be used when Level 1 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2020 and 2019

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Level 1 Fair Value Measurements

Registered investment companies (mutual funds) - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2020 and 2019:

NOTE F - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

For the years ended December 31, 2020 and 2019, the Plan invested in a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") with a contract value of \$428,233 and \$337,881, respectively. Under this contract, the Plan invests in the Guaranteed Interest Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the traditional fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan agreements (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without consent of the issuer.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The global outbreak of COVID-19, which was declared a pandemic by the World Health Organization in March 2020, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

NOTE H - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, dividends and interest for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company (the trustee of the Plan).

NOTE I - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Empower Retirement is the third-party administrator as defined by the Plan; therefore, payments for services qualify as party-in-interest transactions. As described in Note B-6, the Plan made direct payments to the third-party administrator for various services which amounted to \$29,293 and \$28,035 for the years ended December 31, 2020 and 2019, respectively. These fees are allocated among the accounts of all participants in the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE K - PROHIBITED TRANSACTIONS

During the plan year ended December 31, 2020, the Company failed to remit certain employee contributions and loan repayments totaling \$29,299 to the Plan's trustee within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors.

During the plan year ended December 31, 2019, the Company failed to remit certain employee contributions and loan repayments totaling \$32,308 to the Plan's trustee within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors.

NOTE L - PLAN AMENDMENTS

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, which allows certain eligible individuals to receive coronavirus-related distributions, suspends required minimum distributions, and delays the commencement date for required minimum distributions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE L - PLAN AMENDMENTS (Continued)

Effective March 27, 2020, the Plan adopted the distribution provisions of the CARES Act that was signed into law on March 27, 2020. If qualified, a CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020, and before December 31, 2020, without being subject to the section 72(t) 10% additional tax for early distributions. The CARES Act also permits the distributions to be repaid at any time over a three-year period to an eligible retirement plan. The CARES Act also temporarily suspended the rules that retirement plan account holders take required minimum distributions from their retirement accounts once they reach a certain age.

The Plan also adopted the loan provisions of the CARES Act effective March 27, 2020. Qualified individuals with loan balances as of March 27, 2020, may defer loan repayments during the period March 27, 2020 through December 31, 2020. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest. Qualified individuals, as defined in the CARES Act, may borrow the lesser of \$100,000 or 100% of their vested account balance from March 27, 2020 to September 22, 2020.

Written amendments to the Plan to reflect these operational changes were adopted at a later date in accordance with applicable law and IRS guidance.

NOTE M - DATE OF MANAGEMENT'S REVIEW & SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 17, 2021, which is the date on which the financial statements were available to be issued.

No subsequent events were identified that would require an adjustment to or disclosure in the accompanying financial statements.
