SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of KaiserAir, Inc. Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit sharing plan covering all eligible employees of KaiserAir, Inc. and its subsidiary, Santa Rosa Jet Center, LLC, collectively the "Company". Employees are eligible to participate in the Plan as of the enrollment date coinciding with or next following the date on which the employee has both attained age 18 and completed one month of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code (the "IRC"). The Plan Committee is responsible for oversight of the Plan which includes, among other matters, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Plan has contracted with Massachusetts Mutual Life Insurance Company (the "Recordkeeper" or "MassMutual") to provide administrative and custodial services to the Plan. Reliance Trust Company is the trustee of the Plan. On December 31, 2020, Empower Retirement LLC acquired the retirement business of MassMutual.

Effective April 2020, the Plan implemented the distribution provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The distribution provisions allowed the Plan's qualified participants to take a coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution to waive such distribution. Written amendments to the plan document to reflect these operational changes will be adopted prior to December 31, 2022 in accordance with applicable law and IRS guidance.

Participant Contributions – Each year, participants may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred and/or after-tax basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was $19,500 for the year ended December 31, 2020. Participants who have attained age 50 before the end of the Plan year are also eligible to make additional catch-up contributions of $6,500 in 2020. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued) – The Plan provides for an Automatic Contribution Arrangement whereby all newly eligible employees will be automatically enrolled at a contribution rate of 2% of eligible compensation. In addition, the automatic deferral amount is subject to an automatic increase of 1% of eligible compensation each Plan Year up to a maximum of 10%. All automatically enrolled employees may subsequently elect to stop or change the automatic contribution percentage and the automatic deferral increase.

Employer Contributions – The Company makes a Safe Harbor Matching Contribution on behalf of each of its eligible employees who have made tax-deferred and/or after-tax contributions for the year. The amount of the Safe Harbor Matching Contribution is equal to 100% of the first 4% of the eligible employee's compensation that is contributed to the Plan. In addition, the Company may, at its discretion, make additional contributions, including profit sharing contributions, to the Plan in an amount determined by the Company. In addition, the Plan allows all employees who meet the eligibility requirement to receive discretionary profit sharing contributions, if any, regardless of whether they make any voluntary contributions. There was no discretionary profit sharing contribution during the year ended December 31, 2020.

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's and employer matching contributions, as well as allocations of Plan investment earnings or losses and additional employer contributions, and charged for an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and Safe Harbor Matching Contributions. A participant's vested interest in additional Company contributions shall be determined in accordance with the following schedule:

Years of Vesting Service	Vesting Interest
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Participants are fully vested upon retirement, death, disability, or plan termination.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments – Upon termination of service, death, disability, financial hardship or retirement, a participant may elect to receive a lump-sum distribution, installments over a period of not more than the assumed life expectancy of the participant or beneficiary, an annuity purchased with the participant's vested account balance, or a rollover distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 70½ or the year in which the participant terminates employment. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. As discussed above, the Plan also permitted qualified participants to request a coronavirus-related distribution up to $100,000, with optional repayment terms of up to three years, in accordance with the CARES Act.

Terminated participant accounts with balances less than $5,000 but more than $1,000 will be automatically distributed to the participant in the form of either a lump-sum payment or rolled over to an IRA per the participant's election. Terminated participant accounts with balances less than $1,000 will be automatically distributed to the participant in the form of a lump-sum payment.

Investment Options – Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a guaranteed interest account offered by the Plan. Participants may change their investment options at any time.

Forfeited Accounts – Any portion of a terminated employee's account that is not vested is forfeited, subject to the possibility of reinstatement. Forfeitures may be used to pay any Plan administrative expenses or reduce future employer contributions to the Plan. As of December 31, 2020 and 2019, forfeited non-vested accounts amounted to $10,075 and $9,305, respectively. During the years ended December 31, 2020 and 2019, forfeitures of $1,144 and $160, respectively, were used to pay Plan administrative expenses. Forfeitures of $2,577 were used to reduce the Company's contributions to the Plan during the year ended December 31, 2020.

KAISERAIR, INC.
SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

December 31, 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; accordingly, contributions and investment income are recorded as received and expenses are recognized when paid.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the investment in the Guaranteed Interest Account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded when cash is received and disbursed. Interest income is recorded on the cash basis. Dividends are recorded when received. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to certain administrative services are charged directly to participants' accounts and are included in administrative expenses. Effective January 1, 2020, the Plan's investment advisor fees are being charged to the Plan and allocated on a pro rata basis to participant accounts. Previously these fees were paid through revenue sharing and, accordingly, were included in net appreciation or depreciation in fair value of investments. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – The Plan's management has evaluated subsequent events through September 22, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in two and three individual investment options made up 25% and 37% of total investments as of December 31, 2020 and 2019, respectively. Additionally, for the years ended December 31, 2020 and 2019, the aggregate of the target date funds was 47% and 42% of total investments, respectively.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 29,020,943	$ -	$ -	$ 29,020,943

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 30,568,927	$ -	$ -	$ 30,568,927

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified to the completeness and accuracy of all investments reported at fair value and contract value reflected on the Statements of Net Assets Available for Benefits – Modified Cash Basis as of December 31, 2020 and 2019, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis for the year ended December 31, 2020.

NOTE 5 – GUARANTEED INTEREST ACCOUNT

The Plan maintains a fully benefit-responsive investment contract, the Guaranteed Interest Account, with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan is credited with an annual interest rate of no less than 1.00% every six months. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no unfunded commitments as of December 31, 2020 and 2019.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. Contract value was $4,445,772 and $5,460,618 as of December 31, 2020 and 2019, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the contract without the consent of the issuer. Upon termination, a market-value adjustment may apply.

NOTE 6 – TAX STATUS

The Plan adopted the Massachusetts Mutual Life Insurance Company Volume Submitter Profit Sharing/401(k) Plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not requested a separate determination letter from the IRS; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the tax authorities. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options from among the funds and guaranteed investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits – Modified Cash Basis and the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis.

NOTE 8 – RISKS AND UNCERTAINTIES (Continued)

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a guaranteed interest account managed by MassMutual. The investment transactions are executed by MassMutual, the recordkeeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the ERISA prohibited transaction rules.

MassMutual provides certain administrative services to the Plan pursuant to a service agreement. MassMutual receives revenue from certain mutual fund service providers for services MassMutual provides to the funds. This revenue is used to offset certain amounts owed to MassMutual for its administrative services to the Plan and are included in net appreciation/depreciation in fair value of investments.

NOTE 10 – FIDELITY BOND REQUIREMENT

ERISA requires that every fiduciary of an employee benefit plan must be bonded. A fidelity bond covers the Plan from loss of assets due to fraud or dishonesty on the part of the individuals who handle the Plan's funds. In general, ERISA requires that the minimum fidelity bond amount for employee benefit plans must be no less than 10% of plan assets with a maximum bond amount of $500,000. As of November 24, 2019 and through January 27, 2020, the Plan did not have a fidelity bond. Effective January 28, 2020, the plan sponsor obtained a fidelity bond for $1,000,000.

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of KaiserAir, Inc. Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit sharing plan covering all eligible employees of KaiserAir, Inc. and its subsidiary, Santa Rosa Jet Center, LLC, collectively the "Company". Employees are eligible to participate in the Plan as of the enrollment date coinciding with or next following the date on which the employee has both attained age 18 and completed one month of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code (the "IRC"). The Plan Committee is responsible for oversight of the Plan which includes, among other matters, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Plan has contracted with Massachusetts Mutual Life Insurance Company (the "Recordkeeper" or "MassMutual") to provide administrative and custodial services to the Plan. Reliance Trust Company is the trustee of the Plan. On December 31, 2020, Empower Retirement LLC acquired the retirement business of MassMutual.

Effective April 2020, the Plan implemented the distribution provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The distribution provisions allowed the Plan's qualified participants to take a coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution to waive such distribution. Written amendments to the plan document to reflect these operational changes will be adopted prior to December 31, 2022 in accordance with applicable law and IRS guidance.

Participant Contributions – Each year, participants may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred and/or after-tax basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was $19,500 for the year ended December 31, 2020. Participants who have attained age 50 before the end of the Plan year are also eligible to make additional catch-up contributions of $6,500 in 2020. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued) – The Plan provides for an Automatic Contribution Arrangement whereby all newly eligible employees will be automatically enrolled at a contribution rate of 2% of eligible compensation. In addition, the automatic deferral amount is subject to an automatic increase of 1% of eligible compensation each Plan Year up to a maximum of 10%. All automatically enrolled employees may subsequently elect to stop or change the automatic contribution percentage and the automatic deferral increase.

Employer Contributions – The Company makes a Safe Harbor Matching Contribution on behalf of each of its eligible employees who have made tax-deferred and/or after-tax contributions for the year. The amount of the Safe Harbor Matching Contribution is equal to 100% of the first 4% of the eligible employee's compensation that is contributed to the Plan. In addition, the Company may, at its discretion, make additional contributions, including profit sharing contributions, to the Plan in an amount determined by the Company. In addition, the Plan allows all employees who meet the eligibility requirement to receive discretionary profit sharing contributions, if any, regardless of whether they make any voluntary contributions. There was no discretionary profit sharing contribution during the year ended December 31, 2020.

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's and employer matching contributions, as well as allocations of Plan investment earnings or losses and additional employer contributions, and charged for an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and Safe Harbor Matching Contributions. A participant's vested interest in additional Company contributions shall be determined in accordance with the following schedule:

Years of Vesting Service	Vesting Interest
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Participants are fully vested upon retirement, death, disability, or plan termination.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments – Upon termination of service, death, disability, financial hardship or retirement, a participant may elect to receive a lump-sum distribution, installments over a period of not more than the assumed life expectancy of the participant or beneficiary, an annuity purchased with the participant's vested account balance, or a rollover distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 70½ or the year in which the participant terminates employment. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. As discussed above, the Plan also permitted qualified participants to request a coronavirus-related distribution up to $100,000, with optional repayment terms of up to three years, in accordance with the CARES Act.

Terminated participant accounts with balances less than $5,000 but more than $1,000 will be automatically distributed to the participant in the form of either a lump-sum payment or rolled over to an IRA per the participant's election. Terminated participant accounts with balances less than $1,000 will be automatically distributed to the participant in the form of a lump-sum payment.

Investment Options – Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a guaranteed interest account offered by the Plan. Participants may change their investment options at any time.

Forfeited Accounts – Any portion of a terminated employee's account that is not vested is forfeited, subject to the possibility of reinstatement. Forfeitures may be used to pay any Plan administrative expenses or reduce future employer contributions to the Plan. As of December 31, 2020 and 2019, forfeited non-vested accounts amounted to $10,075 and $9,305, respectively. During the years ended December 31, 2020 and 2019, forfeitures of $1,144 and $160, respectively, were used to pay Plan administrative expenses. Forfeitures of $2,577 were used to reduce the Company's contributions to the Plan during the year ended December 31, 2020.

KAISERAIR, INC.
SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

December 31, 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; accordingly, contributions and investment income are recorded as received and expenses are recognized when paid.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the investment in the Guaranteed Interest Account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded when cash is received and disbursed. Interest income is recorded on the cash basis. Dividends are recorded when received. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to certain administrative services are charged directly to participants' accounts and are included in administrative expenses. Effective January 1, 2020, the Plan's investment advisor fees are being charged to the Plan and allocated on a pro rata basis to participant accounts. Previously these fees were paid through revenue sharing and, accordingly, were included in net appreciation or depreciation in fair value of investments. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – The Plan's management has evaluated subsequent events through September 22, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in two and three individual investment options made up 25% and 37% of total investments as of December 31, 2020 and 2019, respectively. Additionally, for the years ended December 31, 2020 and 2019, the aggregate of the target date funds was 47% and 42% of total investments, respectively.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 29,020,943	$ -	$ -	$ 29,020,943

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified to the completeness and accuracy of all investments reported at fair value and contract value reflected on the Statements of Net Assets Available for Benefits – Modified Cash Basis as of December 31, 2020 and 2019, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis for the year ended December 31, 2020.

NOTE 5 – GUARANTEED INTEREST ACCOUNT

The Plan maintains a fully benefit-responsive investment contract, the Guaranteed Interest Account, with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan is credited with an annual interest rate of no less than 1.00% every six months. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no unfunded commitments as of December 31, 2020 and 2019.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. Contract value was $4,445,772 and $5,460,618 as of December 31, 2020 and 2019, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the contract without the consent of the issuer. Upon termination, a market-value adjustment may apply.

NOTE 6 – TAX STATUS

The Plan adopted the Massachusetts Mutual Life Insurance Company Volume Submitter Profit Sharing/401(k) Plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not requested a separate determination letter from the IRS; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the tax authorities. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options from among the funds and guaranteed investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits – Modified Cash Basis and the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis.

NOTE 8 – RISKS AND UNCERTAINTIES (Continued)

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a guaranteed interest account managed by MassMutual. The investment transactions are executed by MassMutual, the recordkeeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the ERISA prohibited transaction rules.

MassMutual provides certain administrative services to the Plan pursuant to a service agreement. MassMutual receives revenue from certain mutual fund service providers for services MassMutual provides to the funds. This revenue is used to offset certain amounts owed to MassMutual for its administrative services to the Plan and are included in net appreciation/depreciation in fair value of investments.

NOTE 10 – FIDELITY BOND REQUIREMENT

ERISA requires that every fiduciary of an employee benefit plan must be bonded. A fidelity bond covers the Plan from loss of assets due to fraud or dishonesty on the part of the individuals who handle the Plan's funds. In general, ERISA requires that the minimum fidelity bond amount for employee benefit plans must be no less than 10% of plan assets with a maximum bond amount of $500,000. As of November 24, 2019 and through January 27, 2020, the Plan did not have a fidelity bond. Effective January 28, 2020, the plan sponsor obtained a fidelity bond for $1,000,000.
