All salaried and hourly employees of Plymouth Tube Company (the Company) who have completed 30 days of service and who are not covered by a collective bargaining agreement are eligible to participate. Pursuant to certain collective bargaining agreements, collectively bargained employees at the Winamac and East Troy locations are eligible to participate effective January 1, 1998 and January 1, 2005, respectively. Effective March 1, 2020 the Plan was amended to include a participating employer, Plymouth Specialty Manufacturing, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan allows eligible employees to contribute between 2 percent and 100 percent of their pre-tax compensation, up to the maximum amount allowed by the Internal Revenue Code (IRC). The Plan provides for automatic enrollment. Upon automatic enrollment, participants are treated as having elected to contribute 5 percent of their pre-tax compensation, unless a different amount or an election not to contribute has been submitted and will increase by 1 percent every plan year up to a maximum of 15 percent. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan is designated as a safe-harbor plan. For participants not covered by a collective bargaining agreement, Company contributions are 100 percent of salary deferrals that do not exceed 3 percent of compensation plus 50 percent of the salary deferrals between 3 and 5 percent of compensation. The Company suspended the safe-harbor match effective May 17, 2020. The Plan was amended to allow for a Company discretionary match. There were no Company discretionary match contributions after May 17, 2020.

For collectively bargained employees at the Winamac location, Company contributions were 100 percent of salary deferrals that do not exceed 3 percent of compensation. Additionally, the Plan was amended to change its matching contribution attributable to collectively bargained employees to be determined at the discretion of the Company's management. Per the agreement dated March 14, 2020, between the Company and the International Union, United Automobile, Aerospace and Agricultural Workers of America, U.A.W., and its affiliated Local Union No. 1448 for the employees located at the Winamac location, Company will match 100 percent of the first 3 percent of each employee contribution and 50 percent of the next 2 percent of each employee's contribution.

In addition, the Company's Board of Directors can determine the amount of any additional profit-sharing contributions to be made. There were no additional profit-sharing contributions during the year ended December 31, 2020.

Contributions are subject to certain limitations as provided in the IRC and described by the Plan.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution, Company matching contribution, if any, as well as allocations of the Company's profit-sharing contributions, if any, and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, safe-harbor Company contributions, and the earnings thereon. Vesting in company contributions made prior to the January 1, 2006 safe-harbor amendment, the earnings thereon and vesting for company contributions for employees covered by collective bargaining agreements is determined in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 years or more	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by 50 percent of the vested balance in the participant's account. Only one loan may be outstanding at any time. Interest rates are established at loan origination as prime plus one percent. Loan repayment must occur over a period not to exceed 5 years, except for loans used to purchase a primary residence where the repayment period may be as long as 15 years. The loans are collateralized by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability, or retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial payments are allowed in the minimum amount necessary to satisfy IRC 401(a)(9). In-service withdrawals prior to termination of service are allowed for any reason after attaining age 59-½.

Forfeited accounts: At December 31, 2020 and 2019, forfeited nonvested accounts totaled $7,872 and $16,598, respectively. These accounts will be used to pay plan expenses and to reduce future Company contributions. During plan year 2020, forfeited nonvested amounts of $13,737 were used to reduce Company contributions.

Other income: Empower, the Plan's record-keeper, receives revenue sharing payments from shares of registered investment companies and collective trust funds in which Plan assets are invested. The administrative services agreement between the Plan and Empower provides that a portion of the revenue sharing payments received by Empower will be credited to the Plan. For 2020, $69,661 was credited to the Plan under this agreement. The balance in the ERISA Credit Account, which holds these revenue sharing payments was $58,268 and $32,674 at December 31, 2020 and 2019, respectively, and was available for payment of future plan expenses.

Note 1. Plan Description (Continued)

Plan amendment: Effective April 2020, the Plan enacted the Coronavirus Aid, Relief, and Economic Security Act (C.A.R.E.S) allowing for Coronavirus related distributions, relief of required minimum distributions, and additional loan provisions. The deadline to formally adopt the Plan for these provisions is December 31, 2022. The Plan has not yet been formally amended.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Note 3. Information Certified or Provided by Great-West Trust Company, LLC

Great-West Trust Company, LLC (Great-West), the trustee, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held and notes receivable from participants as of December 31, 2020 and 2019, net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2020. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement of information prepared and certified by the trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the trustee from the scope of their audit.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of registered investment companies – Valued at the daily closing price as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These shares are required to publish their daily net asset value (NAV) and to transact at that price. The shares held by the Plan are deemed to be actively traded.

Collective investment trusts – Valued based on the NAV of units of the collective investment trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 45,294,817	$ -	$ -	$ 45,294,817
Total assets in fair value hirerarchy	$ 45,294,817	$ -	$ -	45,294,817
Investments measured at net asset value (a)				11,073,883
Investment at fair value				$ 56,368,700

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 47,459,073	$ -	$ -	$ 47,459,073
Total assets in fair value hirerarchy	$ 47,459,073	$ -	$ -	47,459,073
Investments measured at net asset value (a)				9,767,146
Investment at fair value				$ 57,226,219

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2020 and 2019:

Investment	2020 Fair Value	2019 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trusts	$11,073,883	$ 9,767,146	None	Immediate	None

Note 5. Related Party Transactions

Great-West is the trustee of the Plan, as defined by the Plan, and, therefore, transactions with Great-West qualify as party-in-interest.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan has adopted a non-standardized prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:

Net assets available for benefits per the Form 5500	$ 57,770,589	$ 59,001,255

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2020 per the financial statements to the Form 5500:

Note 10. Subsequent Events

Vesting provisions were added to the Plan effective April 1, 2021. Vesting in the Company's discretionary matching contributions for non-union employees whose employment commencement date is on or after April 1, 2021 will be based on years of continuous service. A participant will be 100 percent vested after 4 years of credited service. Participants who attain age 65 or who terminate employment due to death or disability are 100 percent vested in their account balances. Discretionary matching contributions for non-union employees whose employment commencement dates are prior to April 1, 2021 will be 100 percent vested at all times.

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through July 9, 2021, the date the financial statements were available to be issued.
