Report of Independent Auditors

The Plan Administrator
Mechanics Laundry & Supply, Inc.
Teamsters Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mechanics Laundry & Supply, Inc. Teamsters Employees' Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2020 and 2019, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Mechanics Laundry & Supply, Inc.
Teamsters Employees' Pension Plan

Notes to Financial Statements

December 31, 2020

1. Description of the Plan

The following brief description of the Mechanics Laundry & Supply, Inc. Teamsters Employees' Pension Plan (the Plan) is provided for general information purposes. Participants should refer to the *Summary Plan Description* for a complete description of the Plan's provisions. Copies of the *Summary Plan Description* are available from McCready and Keene, Inc. (the Plan Administrator).

General

The Plan is a defined benefit pension plan. Cintas Corporation (the Company) makes all current contributions to the Plan. The Company acquired Mechanics Laundry & Supply, Inc. on April 30, 1998. The Plan is offered for the benefit of employees who are members of the Teamsters Union (the Union). The governing body for the administration of the Plan, the Administrative Committee, consists of four members, two selected by the Company and two selected by the Union. The trustee is Fifth Third Bank. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Benefits

Eligible employees are entitled to monthly pension benefits beginning at normal retirement age (65). The standard benefit, guaranteed for 60 months, is payable for life and is equal to $10 times the years of benefit service at normal retirement date. However, certain participants retiring at normal retirement date with 20 years of service will not receive less than $725 monthly. Participants may retire at age 55 with 10 years of service and receive a reduced benefit. Certain participants with at least 20 years of service may retire at age 57 and receive a benefit of $650 monthly or at age 60 and receive a benefit of $725 monthly.

The normal form of retirement benefit for married participants shall be an actuarially equivalent reduced monthly pension, which provides for a 50% continuation of monthly payments to a surviving spouse. However, a participant may elect to receive the standard retirement benefit or various optional benefits in lieu of this form of annuity.

1. Description of the Plan (continued)

Eligibility and Vesting

An eligible employee becomes a participant in the Plan only if the employee is a non-supervisory, delivery, or service employee of the Company and if the employee is a member of the Union that has bargained for the Plan. Eligible employees become participants on their date of hire. Eligible employees are credited with one year of vesting service for each Plan year (January 1 through December 31) in which they are credited with at least 1,000 hours. Participants do not vest in the Plan until completion of five years of service. Upon completion of five years of service, employees become fully vested in the Plan.

Funding

The Company will voluntarily contribute such additional amounts as are necessary to provide assets sufficient to meet the benefits to be paid to the Plan's participants. It is the intention of the Company to make annual contributions in amounts sufficient to fund the Plan's cost as required by ERISA and the Pension Protection Act (PPA). The Plan has met the ERISA and PPA minimum funding requirements as of December 31, 2020 and 2019.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments in money market funds (interest-bearing cash) and mutual funds are stated at fair value as discussed in Note 4. Realized and unrealized appreciation (depreciation) related to the mutual funds is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded as earned.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services employees have rendered. Accumulated plan benefits include benefits expected to be paid to eligible (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits under the Plan are based on a formula that incorporates years of credited service, as defined by the Plan document. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The Plan follows the provisions of the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. ASC 820 defines a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumption in fair value measurements, and as noted above, ASC 820 defines a three-level fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participants.

The fair value hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- Level 1 – Inputs utilize unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

- Level 3 – Inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

2. Summary of Significant Accounting Policies (continued)

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

New Accounting Pronouncements

In August 2018, the FASB issued guidance that eliminates, amends and adds disclosure requirements for ASC 820. This guidance allows the removal of certain disclosures regarding transfers between Level 1 and Level 2 investments, requires a modification to disclosures of investments that are valued at the net asset value and requires additional information related to the valuation of Level 3 investments. This guidance is effective for fiscal years beginning after December 15, 2019, although early adoption is permitted. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. The adoption of this guidance did not have a material effect on the Plan's financial statements.

3. Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and interest and dividends and net appreciation in the fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fifth Third Bank, the trustee.

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2020				
Investments:				
Mutual funds:				
Fixed income funds	**$ 2,244,059**	**$ –**	**$ –**	**$ 2,244,059**

Interest-bearing cash	32,300	–	–	32,300
Total investments	$ 8,000,188	$ –	$ –	$ 8,000,188

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value.

- *Interest-bearing cash:* The fair value of this investment is based on the actual observable value of the underlying money market funds and is priced daily at the close of business.

- *Mutual funds:* The fair value of these securities is based on unadjusted observable market quotations for the actual underlying funds and is priced on a daily basis at the close of business. The fair value of this investment is classified in Level 1 of the fair value hierarchy.

5. Actuarial Present Value of Accumulated Plan Benefits

McCready and Keene, Inc., an independent actuary, estimated the actuarial present value of accumulated plan benefits at December 31, 2019, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information is determined by the Plan's actuary as of the beginning of the Plan year. The actuarial present value of accumulated plan benefits as of the end of the previous Plan year (December 31, 2019) is as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving benefits	$ 2,769,692
Other participants	2,750,906
Total vested benefits	5,520,598
Nonvested benefits	292,095
Total actuarial present value of accumulated plan benefits	$ 5,812,693

The change in the actuarial present value of accumulated plan benefits is as follows:

Actuarial present value of accumulated plan benefits at January 1, 2019	$ 5,652,821
Increase (decrease) during the year attributed to:	
Benefits accumulated	86,575
Interest	344,364
Benefits paid	(254,697)
Actuarial loss	(23,290)
Change in actuarial assumptions	6,920
Net increase	159,872
Actuarial present value of accumulated plan benefits at December 31, 2019	$ 5,812,693

5. Actuarial Present Value of Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial valuation are as follows:

Assumed rate of return on investments	6.0%
Retirement rate	25% assumed to retire at first age eligible for subsidized early retirement, 15% at second age eligible, 10% at third age eligible and age 62, 5% at all other ages, and 100% at age 65
Mortality basis	Pri-2012 with MP-2019 projection

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

The actuary estimated the accumulated plan benefits as of January 1, 2020. There were no significant changes to the Plan that would have changed the valuation had it been performed as of December 31, 2019.

6. Plan Termination

The Company and the Union anticipate that the Plan will continue without interruption but reserve the right to mutually agree to discontinue the Plan. If the Plan terminates at some future time, its net assets available for benefits will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at the time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 14, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

9. Subsequent Events

Management evaluated subsequent events for the Plan through August 31, 2021, the date the financial statements were available to be issued.

Accrued Benefit (Unit Credit)

The funding target is equal to the sum of the individual accrued liabilities for all participants. The individual's accrued liability is the present value of the benefit accrued in prior plan years. The target normal cost is the present value of benefits accruing in the plan year. Experience gains and losses are included in the calculation of the funding target and are amortized as part of the shortfall amortization.

Actuarial Value of Assets

The Actuarial Value of Assets is a 24-month average determined in accordance with Notice 2009-22. Actuarial Value of Assets must fall within 90% to 110% of market value.

Assumed rate of return is the lesser of 7.00% or the segment rate specified in Notice 2009-22.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

AMOUNT OF BENEFITS:

Normal Retirement Benefit	The standard retirement benefit is a monthly pension guaranteed for 60 months and payable for life thereafter equal to $10.00 times years of benefit service at normal retirement date. However, a participant with 20 years of service will not receive less than $780 ($830 effective October 23, 2000; $725 for members of Local 414). The normal form of retirement benefit for married participants shall be an actuarially equivalent reduced monthly pension which provides for a 50% continuation of monthly payments to a surviving spouse. However, a participant may elect to receive the standard retirement benefit or various optional benefits in lieu of this form of annuity.
Early Retirement Benefit	This benefit is the accrued retirement benefit determined as of the early retirement date and payable commencing at the normal retirement date. However, a participant may elect to have his benefit commence prior to his normal retirement date in a reduced monthly amount (reduced 1/180th for each completed month of the first 5 years and 1/360th for each completed month of the next 5 years by which the commencement date precedes his normal retirement date).
Special Early Retirement Benefit	A participant who retires after age 57 with 20 years of service shall receive a benefit of $700, ($750 effective October 23, 2000) and a participant who retires after age 60 with 20 years of service shall receive a benefit of $780 ($830 effective October 23, 2000). These benefits are guaranteed for sixty months and payable for life thereafter. (Benefit level is $650 at age 57 and $725 at age 60 for members of Local 414.) In addition, members decertified at Locations 365, 366, 367 and 368 during 2002 will receive an unreduced benefit (based on their accrued benefit at the date of decertification) if they remain employed until the later of age 57 and 20 years of service.
