Note 1 - Plan Description

The following description of National Church Residences Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to substantially all employees of National Church Residences (the "Company"). The Plan allows all eligible employees to participate upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferrals up to 75 percent of their compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan provides for automatic deferrals of employee salary contributions for newly hired employees. Effective on January 1, 2019 through December 31, 2020, the Company elected to have 1 percent of each newly hired or rehired employee's compensation contributed to the Plan. Effective on and after January 1, 2021, the Company will elect to have 2 percent of each newly hired or rehired employee's compensation contributed to the Plan. Additionally, effective on and after January 1, 2021, current participants who as of January 1, 2021 have an elective deferral election in place (including an automatic deferral election) of 1 percent of compensation will have their elective deferral election increased to 2 percent of compensation. The Company does not make contributions to the Plan except for qualified nonelective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan's earnings and expenses. Allocation of earnings and expenses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and qualified nonelective contributions and any income or loss thereon.

Participant Notes Receivable

The Plan allows a participant to borrow money from the Plan in amounts not to exceed one-half of the participant's vested account balance. The initial notes must be for at least \$1,000 with a maximum of \$50,000, as determined by the Internal Revenue Service (IRS).

Benefit Payments

Upon termination of employment, retirement, death, or disability, the participant or, in the case of death, the surviving spouse can elect to receive the participant's account balance in a single lump sum or in various installment annuities.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan agreement. The Company must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 1 - Plan Description (Continued)

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Lincoln Financial Group Trust Company, Inc. (Lincoln) or its affiliates. Lincoln is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fully benefit-responsive unallocated investment contracts are valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. See Note 6 for further discussion of fair value measurements.

Administrative Expenses

Fees for administrative services provided by the trustees are deducted directly from each participant's plan assets. Other administrative expenses are borne by the Company, including external legal and accounting services. In addition, the Company provides internal accounting and administrative services to the Plan at no charge.

Benefit Payments

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible by the plan administrator.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 15, 2021, which is the date the financial statements were available to be issued.

December 31, 2020 and 2019

Note 3 - Unaudited Information

Lincoln Financial Group Trust Company, Inc. and Oriental Bank (collectively, the "Trustees") hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustees.

Note 4 - Tax Status

The Internal Revenue Service is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Unallocated Investment Contracts

The Plan has benefit-responsive unallocated investment contracts with Voya Retirement Insurance and Annuity Company (VRIAC) and Lincoln National Life Insurance Company (LNLIC). VRIAC and LNLIC maintain the contributions in a general account. The accounts are credited with contributions and interest earnings and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The VRIAC contract interest rates are reviewed on an annual basis for resetting, and the LNLIC contract interest rates are reviewed on a quarterly basis for resetting. When establishing interest crediting rates for these products, VRIAC and LNLIC consider many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within its general accounts. The minimum crediting rates under the VRIAC and LNLIC contracts are 3.00 and 1.70 percent, respectively.

Certain events limit the ability of the Plan to transact at contract value with VRIAC, LNLIC, and the financial institution issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

During 2019, the Plan requested a full withdrawal of the Voya Fixed Plus Account II to the Lincoln Stable Value Account. According to the provisions of the contract, 20 percent of the balance may be withdrawn over a five-year period, adjusted for certain provisions, as further described in the agreement. VRIAC may also waive the transfer limit at its discretion. During 2020, \$258,292 was transferred between unallocated investment contracts, and there were no withdrawal charges incurred in connection with this transaction. The Plan has confirmed with VRIAC that this withdrawal does not limit the Plan's ability to transact at contract value with participants.

As described in Note 2, because the unallocated investment contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the unallocated investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:
