NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Galati Yacht Sales, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

General – The Plan was formed on January 1, 2000 by Galati Yacht Sales, LLC (the "Employer" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") of 2019 which contained significant retirement reform legislation. Many of the provisions of the SECURE Act are effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States, which was declared a global pandemic by the World Health Organization in March of 2020, has caused business disruption through mandated closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which included numerous employee benefit plan provisions to assist plan sponsors, plan administrators, and participants.

Eligibility – The Plan covers all employees, as defined in the Plan, who have completed three months of service and attained the age of 18.

Employee Contributions – Participants may elect to contribute from 1% to 80% of their pre-tax compensation, after-tax compensation (Roth contribution), or any combination thereof for the years ended December 31, 2020 and 2019, as defined in the Plan, up to a maximum of $19,500 and $19,000, respectively. Participants who have attained age 50 during the Plan year may make an elective deferral contribution of $6,500 and $6,000 during 2020 and 2019, respectively. The percentage may be changed as of any subsequent Plan entry date. Any such change will apply only after its effective date, and after it is executed and filed with the Plan Sponsor. Fund allocations may be changed by the participants at any time.

Employer Contributions – For the years ended December 31, 2020 and 2019, the discretionary Employer match is 25% of the participants' elective deferral, up to 5% of gross wages.

The total of Employer and employee contributions is limited to the lesser of $57,000 and $56,000 or 100% of the participant's eligible pre-tax compensation for the years ended December 31, 2020 and 2019, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and Employer-provided matching contributions, Plan earnings (losses), and charged with management or service fees and allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. Additional administrative fees are charged by the custodian upon

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

fund withdrawal. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant contributions are 100% vested. Employer's discretionary contributions are 25% vested after one year of service, 50% vested after two years of service, and 100% vested after three years of service. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death, and upon termination of the Plan.

To have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the Plan calendar year.

Investment Options – Participants may direct contributions to any of the investment options offered by the Plan. The investment options include money market funds and various stock and bond funds. The fund values are computed daily by the custodians and reflect changes in the unit values of the investments.

Notes Receivable from Participants – Participants can borrow up to 50% from the vested balance of their fund account with a minimum of $1,000 up to a maximum of $50,000. Note terms range from one to five years or up to 15 years for the purchase of a principal residence. Participants can only have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with the Plan's prevailing rates at the time the note is approved. Principal and interest are paid ratably through payroll deductions. In accordance with CARES Act provisions, the maximum borrowing limit was increased to 100% from the vested balance of the participant's account up to a maximum of $100,000 for loans issued between March 27, 2020 and September 22, 2020. The legislation also provided that any loan repayments due between March 27, 2020 and December 31, 2020 can be delayed for up to one year and the five-year repayment period will disregard the 2020 Plan year.

Payment of Benefits – Upon retirement or separation from service with the Employer, the participant may elect to receive a single lump-sum cash payment. Also, upon reaching age 59½, participants may receive a lump-sum cash payment for any portion of their vested accounts on a yearly basis. Until a participant actually retires from the employment of the participant's employer, the participant shall continue to be treated in all respects as a participant.

Hardship Distributions– Hardship distributions can only be made to the extent that there is a financial hardship, as defined in the Plan document and in accordance with IRS rules. Under the CARES Act, qualified participants may take a coronavirus-related hardship distribution of up to $100,000 from their retirement account subject to the same IRS safe-harbor rules. Eligible CARES Act hardship distributions can be taken up to December 31, 2020. In addition, the amount of the distribution is not subject to the 10% early withdrawal penalty and the tax associated with the distribution can be paid over a three-year period.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

The CARES Act also permits participants to repay the coronavirus-related distribution to an eligible retirement plan within three years after the date the distribution was received.

Forfeited Accounts – As of December 31, 2020 and 2019, forfeited non-vested accounts were $1,125 and $822, respectively. These accounts can be used to reduce future Employer matching contributions or to pay for Plan expenses. During the year ended December 31, 2020, no amounts were paid from forfeited non-vested accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting, except that benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Withdrawals and Exchanges – Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Sponsor considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses – Certain administrative expenses are paid by the Plan Sponsor. Management fees, asset fees, and account administrative fees are paid by the participants. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS (CONTINUED)

Date of Management's Review of Subsequent Events – The Plan has evaluated subsequent events through September 16, 2021, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements:

Mutual Funds: Shares of registered investment companies are valued at the daily quoted net asset value closing price of the shares as reported by the fund at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements at Reporting Date Using:			
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2020				
Shares of registered investment companies	$ 13,552,062	$ 13,552,062	$ 0	$ 0
December 31, 2019				
Shares of registered investment companies	$ 11,085,066	$ 11,085,066	$ 0	$ 0

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE 4 - TAX STATUS

The master prototype plan from which the Plan was drafted received a favorable determination from the Internal Revenue Service on March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is designed and currently being operated in compliance with all applicable provisions of the Internal Revenue Service Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employer have the right under the Plan to discontinue their contributions at any time. In addition, although they have not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Slavic Integrated Administration, Inc. ("SIA"), the Plan's third-party administrator receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the year ended December 31, 2020 was $28,041.

Slavic Mutual Funds Management Corporation ("SMF"), which is owned by the stockholders of SIA, is the investment advisor to the Plan. Participants, if they elect this service, are charged a quarterly advisor fee. The total fee paid by the Plan for the year ended December 31, 2020 was $11,748.

The party-in-interest transactions above are exempt from prohibited transaction rules of ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the COVID-19 coronavirus, economic uncertainties have arisen which could possibly have a negative impact on investment income and other plan transactions. Other financial impacts could occur though such impacts are unknown at this time. The extent of the impact of the COVID-19 coronavirus will depend on future developments, including the duration and spread of the outbreak. Performance in future periods will be heavily influenced by the timing, length, and intensity of the economic recovery in the United States and throughout the world.
