Independent Auditor's Report

To the Board of Directors
Metal Powder Products, LLC
Washington Street Hourly Employees Retirement Plan
Noblesville, Indiana

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Metal Powder Products, LLC Washington Street Hourly Employees Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Empower Retirement, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that Empower Retirement, the trustee for the Plan, holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Metal Powder Products, LLC Washington Street Hourly Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering certain hourly employees of Metal Powder Products, LLC Washington Street Union (Employer or Company), who are age 18 or older and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute a percentage of their annual pre-tax compensation, as defined, up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a qualified safe harbor matching contribution equal to 100% of each participant's elective deferrals not exceeding 5% of the participant's compensation. In addition, the Company may make additional discretionary non-elective contributions to the Plan. There were no discretionary contributions made in 2020.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, the Company's discretionary contribution, if any, plan earnings and administrative expenses. Allocations are based on participant contributions, participant earnings or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and the Company's qualified matching safe harbor contributions plus the actual earnings thereon. Vesting in the Company's non-elective contributions plus actual earnings thereon is based upon years of continuous service and begins after one year of service. A participant is 100% vested over five years of credited service. Participants are immediately vested once they reach the early retirement age of 55.

Investment options: Upon enrollment in the Plan, participants direct the investment of their contributions into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes receivable from participants: Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One outstanding loan is permitted per participant at any time. The maximum loan term allowed is five years unless used to purchase the participant's principal residence. The loans bear interest at 1% over the Prime Rate published in the Wall Street Journal. At December 31, 2020, interest rates ranged from 4.25% to 10.25%. Principal and interest are payable each pay period, primarily through payroll deduction.

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of employment for any reason including retirement, the participant may elect to receive a lump-sum amount equal to the vested value of his or her account. In addition, participants may make withdrawals upon reaching the age of 59.5 or a financial hardship, as defined by the plan agreement, has been incurred. Benefit amounts under \$1,000 are automatically distributed to participants upon termination.

Forfeited accounts: Forfeitures of the employer's non-elective contributions will be used for the payment of plan expenses or to reduce future non-elective employer matching contributions. At December 31, 2020 and 2019, forfeited non-vested accounts were zero. For the year ended December 31, 2020, the Plan used \$180 of the forfeited accounts.

Recently issued accounting pronouncement: In August 2019, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 15, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan has determined that ASU 2018-13 has an immaterial impact on the financial statements.

During 2020, the Plan was temporarily amended to allow participants, directly impacted by COVID-19, special tax-favored access to their retirement plan accounts. Participants were allowed to take an emergency relief distribution in an amount not to exceed \$100,000 in accordance with the Coronavirus Aid, Relief and Economic Security Act.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administration of plan assets: Administrative expenses for the trustee's fees and other expenses were paid by the Plan.

Subsequent events: Subsequent events have been evaluated through September 20, 2021, the date the financial statements were available to be issued, and no events have occurred that would require adjustments to our disclosures.

Note 3. Information Certified by Empower Retirement

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Empower Retirement, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, except for comparing such information to which it appears throughout the financial statements and supplemental schedule related to the following assets.

Empower Retirement certified the following investment balances as of December 31, 2020 and 2019:

	2020	2019
Mutual funds	\$ 834,907	\$ 1,599,293
Fixed annuities	91,036	170,805
Collective trusts	1,034,975	19,883
	<u>\$ 1,960,918</u>	<u>\$ 1,789,981</u>
Participant loans	<u>\$ 21,747</u>	<u>\$ 15,190</u>

Empower Retirement also certified as to the completeness and accuracy of \$972 of interest on participant loans, \$172,884 of net appreciation in fair value of investments, and \$60,816 of interest and dividends related to the aforementioned investments for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Value based on the NAV of units of the collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 834,907	\$ -	\$ -	\$ 834,907
Collective trusts measured at NAV*				1,034,975
				<u>\$ 1,869,882</u>

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,599,293	\$ -	\$ -	\$ 1,599,293
Collective trusts measured at NAV*				19,883
				<u>\$ 1,619,176</u>

* Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy table for such investments are intended to permit reconciliation of the table to the investments at fair value presented in the statement of new assets available for benefits.

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview of the nature and risk associated with such investments as well as whether it is probable these investments are being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
	2020	2019			
Collective trusts	\$ 1,034,975	\$ 19,883	\$ -	Daily	N/A

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020, there were no transfers between levels.

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Great West Life & Annuity (GWLA). GWLA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Limitations on the ability of the GIC to transact at contract value: Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. GWLA may not terminate the contract at any amount less than the contract value.

Average yields: GWLA is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with GWLA. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

	<u>2020</u>
Average yields:	
Based on annualized earnings ⁽¹⁾	1.04%
Based on interest rate credited to participants ⁽²⁾	1.04%

⁽¹⁾ Computed by dividing the annualized one-day actual earnings on the contract on the last day of the plan year by the fair value on the investments on the same date.

⁽²⁾ Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of the investments on the same date.

Note 6. Party-in-Interest Transactions

The Key Guaranteed Portfolio Fund is managed by GWLA Insurance Company. Empower Retirement is the directed trustee for GWLA and, therefore, these transactions qualify as exempt party-in-interest transactions. During the Plan year ended December 31, 2020, Empower Retirement received fees paid by the Plan for its services provided to the Plan totaling \$7,345.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for such services.

Note 7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is exempt from taxation at the financial statement date.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2020, there are no uncertain positions taken by or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the client is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements		
Mutual funds	\$ 834,907	\$ 1,599,293
Collective trusts	1,034,975	19,883
Fixed annuities	91,036	170,805
Participant loans	21,747	15,190
	<u>\$ 1,982,665</u>	<u>\$ 1,805,171</u>
Net assets available for benefits per Form 5500		
Mutual funds	\$ 1,869,881	\$ 1,619,176
Stable value fund	91,037	170,805
Participant loans	21,747	15,190
	<u>\$ 1,982,665</u>	<u>\$ 1,805,171</u>

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Coronavirus Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted, amongst other provisions, to provide emergency assistance to individuals, families, and businesses affected by the coronavirus pandemic. It is unknown how long these conditions will last and what the complete financial effect will be to the Company.
