SHOP N SAVE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Shop N Save 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan established on January 1, 2015. The Plan covers substantially all of the employees of Kildeer Advisors, Inc. d/b/a Shop N Save Supermarket and affiliates (Collectively, the Company, Employer or Plan Sponsor). Eligible employees may enter the Plan after completing one (1) year of credited service and reaching the age of twenty-one (21), as defined in the Plan document. Participants may enroll in the Plan on the first day of the Plan year quarter coinciding with/or after satisfying the eligibility requirements.

Transamerica Life Insurance Company serves as the Trustee of the Plan (Transamerica or Trustee), holds the Plan's investment assets, and executes investment transactions. 3(16) Fiduciary Services Corporation is the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute up to 100% of their pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). For the year ended December 31, 2020, individual participant contributions were limited to $19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,500 for the year ended December 31, 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Roth deferrals are allowed under the Plan's provisions.

The Company, at its discretion, may make a matching contribution, an additional matching contribution equal to a uniform percentage of the participants' elective deferrals, or profit sharing contributions. In order to share in these discretionary contributions, eligible participants must be employed with the Company on the last day of the Plan year and has completed a one year of service during the Plan year; however, regardless of the amount of service completed during the Plan year, eligible participants will share in these matching contributions upon death, disability, or termination of employment after reaching normal retirement age 65. The Company made no discretionary matching or profit sharing contributions in 2020. Employer contributions (if any) are invested in funds in accordance with the participant's discretion and the Plan's provisions. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with participant's contributions and an allocation of (a) the Employer's contributions, if any, and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting of benefits

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Employer's matching contributions plus earnings or losses thereon, is based on years of continuous service.

Note 1 – Description of Plan, Continued

Vesting of benefits, continued

Participants who become eligible, and are enrolled in the Plan, will receive credit for years of service based on the elapsed time method as defined. A participant is 100% vested after five (5) years of credited service. Regardless of years of service, participants are 100% vested upon reaching normal retirement age (65), becoming disabled, Plan termination, or upon death.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce Employer contributions to the Plan. During the year ended December 31, 2020, forfeitures of $75 were used to offset Plan administrative expenses. There were no unallocated forfeited amounts available at December 31, 2020 and 2019.

Participant notes receivable

Participants may borrow from their account from $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant which must be repaid in a reasonable period of time, not to exceed thirty years. The loans are secured by the vested account balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid through regular payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $1,000 or elect a lump-sum distribution. Participants with vested amounts less than $1,000 must elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by the way of a financial hardship, as defined by the Internal Revenue Code (IRC). Hardship withdrawals are allowable in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after the age of 59½.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid by the Plan Sponsor and are not reflected in these financial statements.

SECURE Act and CARES Act

Effective March 27, 2020, the Plan implemented certain requirements by the Setting Every Community Up for Retirement Enforcement Act of 2019 (SECURE Act) which includes the delayed commencement date for required minimum distributions to the age of 72.

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan Management implemented the following provision under the CARES Act:

- Special CARES Act distributions up to $100,000.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant notes receivable

Participant notes receivable is measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Concentration of credit risk

The Trustee maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

Plan administration

Kildeer Advisors, Inc. d/b/a Shop N Save Supermarket and affiliates is the Plan Sponsor. Plan management has contracted with Pinnacle Financial Services, Inc. to provide third-party administrative services to the Plan.

Note 2 – Summary of Significant Accounting Policies, Continued

Plan administration, continued

The Plan's assets are maintained by Transamerica Life Insurance Company (Trustee) as of and for the year ended December 31, 2020. The Trustee invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Plan expenses

For all periods presented, the Plan has classified certain Plan expenses as administrative expenses rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Employer and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

Reclassification

Certain amounts appearing in the 2019 financial statements have been reclassified to conform to the 2020 financial statement presentation.

Note 3 – Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2020 and 2019. During the year ended December 31, 2020, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the value methodologies used for assets measured at fair value:

> *Pooled separate accounts* – valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The following table summarizes the Plan's investments based on the valuation methodology applied by the Plan as of December 31, 2020 and 2019:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 177,067	$ -	$ 177,067

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 172,110	$ -	$ 172,110

Note 5 – Guaranteed Investment Contract with Insurance Company

During 2020, the Plan entered into a fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company (Transamerica) held in the Transamerica Stable Value Focus Account (Stable Value Focus Account). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 5 – Guaranteed Investment Contract with Insurance Company, Continued

The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the years ended December 31, 2020 and 2019, was 1.20% and 1.25%, respectively. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without the consent of Transamerica.

Note 6 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Employer's contribution portion of their account balances.

Note 8 – Tax Status

The prototype non-standardized profit sharing plan with CODA that the Plan adopted received a favorable opinion letter from the IRS on March 31, 2014, stating that the form of the prototype non-standardized profit sharing plan with CODA was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel, believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Note 8 – Tax Status, Continued

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 9 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments are maintained, managed and issued by Transamerica which serves as the Plan's Trustee and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 10 – Delinquent Employee Deferral Transmittals

During 2020, the Plan Sponsor was untimely in remitting certain participant contributions in the amount of $600. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality.

Note 11 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

Note 12 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2020 through September 28, 2021, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
