Notes to Financial Statements

1. Description of the Plan

The following description of the Goforth & Marti 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing benefits to employees of Goforth & Marti (the Company). Employees must be 21 years of age and complete three months of service to be eligible to make elective deferrals. Employees may begin contributing to the Plan beginning on the first day of the calendar quarter coinciding with or next following the satisfaction of the eligibility requirements. Employees must be 21 years of age, have a minimum of one year of service with 1,000 hours, and be employed at the end of the Plan year to be eligible to participate in the Company matching and Company profit sharing contributions.

Contributions

Under the provisions of the Plan, each active participant may enter into a salary deferral agreement with the Company, deferring up to the maximum allowable amount as determined yearly by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company, at its discretion, may make matching contributions to the Plan. For the year ended December 31, 2020, the Company elected not to make a matching contribution to the Plan.

The Company, at its discretion, may make a profit sharing contribution to the Plan. The Company may establish various classifications of employees and in doing so, may contribute a different percentage of compensation to each classification of employees. For the year ended December 31, 2020, the Company elected not to make a profit sharing contribution.

The Company may make Qualified Non-Elective Contributions (QNEC) and Qualified Matching Contributions (QMAC). QNEC and QMAC contributions are to be determined by the Company and allocated according to the provisions of the Plan Document. For the year ended December 31, 2020, the Company elected not to make any QNEC or QMAC contributions.

Participant Account

An account is maintained for each participant. The participant's account is credited with the participant's contributions, Company matching contributions, Company profit sharing contributions, and participant's Plan earnings and losses.

Vesting

Participants are immediately vested in their contributions, and Company QNEC and QMAC contributions plus earnings thereon. Vesting in Company matching and profit sharing contributions are based on years of service. A year of service is given for each Plan year in which a participant performs 1,000 hours or more of service. After two years of service, a participant becomes 20 percent vested. Each service year thereafter will increase the participant's vesting by 20 percent, with 100 percent vesting after six years.

Notes to Financial Statements

1. Description of the Plan (Continued)

Investment Options

Each participant directs employee and Company contributions to his or her account in investment options offered by the Plan. The investment options under John Hancock Life Insurance Company (U.S.A.) include various pooled separate accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the participant's vested account balance. A participant may only have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined periodically by the Plan Administrator. Interest rates range from 4.25 percent to 6.50 percent. Principal and interest are repaid ratably through payroll deductions. Any outstanding loan balance will become due and payable in its entirety upon occurrence of a distributable event.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants are entitled to a lump-sum distribution or annuity of the value of the vested interest in the participant's account. Participants with vested account balances of less than $5,000 are required to take a lump sum distribution, participants with vested account balances of $5,000 or more may take a lump sum distribution or monthly, quarterly, or semi-annual installment payments.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $5,066 and $2,771, respectively. These funds are available to pay Plan expenses or reduce Company profit sharing contributions, as defined by the Plan. During the year ended December 31, 2020, no forfeitures were used to pay Plan expenses.

2. Summary of Accounting Policies

The preparation of these financial statements requires Plan management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, net appreciation in fair value of investments, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Plan management has considered events occurring through September 22, 2021 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the date of the statement of net assets available for benefits, which should be disclosed. The financial statements were available to be issued at this date.

Plan management also determines the accounting principles to be used in the preparation of financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants subsequent to Plan year ending December 31, 2020.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Custodian (Unaudited)

At December 31, 2020 and 2019, the Plan's investments were held by John Hancock Life Insurance Company (U.S.A.), the Custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

3. Information Certified by the Custodian (Unaudited) (Continued)

	2020	2019
Investments		
Pooled separate accounts	$ 6,561,381	$ 5,483,887
Cash	5,066	2,771
	$ 6,566,447	$ 5,486,658
Notes receivable from participants	$ 157,486	$ 180,836
Net appreciation in fair value of investments	$ 782,744	
Interest income on notes receivable from participants	$ 9,453	

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Accounting Standards Codification Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

> *Pooled separate accounts*: Valued at the net asset value (NAV) of the underlying assets held by the separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ –	$ 6,561,381	$ –	$ 6,561,381
Cash	5,066	–	–	5,066
Total investments at fair value	$ 5,066	$ 6,561,381	$ –	$ 6,566,447

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ –	$ 5,483,887	$ –	$ 5,483,887
Cash	2,771	–	–	2,771
Total investments at fair value	$ 2,771	$ 5,483,887	$ –	$ 5,486,658

5. Related-Party and Party-in-Interest Transaction

The Plan invests in pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) acts as Custodian for only those investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included as a reduction of the return earned on each investment, as the fees are paid through revenue sharing, rather than paid as a direct payment. The Plan Sponsor directly pays any other fees related to the Plan’s operations.

Goforth & Marti 401(k) Profit-Sharing Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company matching and profit sharing contributions.

7. Tax Status

The Company adopted a Volume Submitter 401(k) Plan with a cash or deferral arrangement, which received an opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation to the Form 5500 of the net assets available for benefits per the financial statements at December 31:
