NOTE 1 DESCRIPTION OF PLAN

The following description of the Silver Star Brands 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Silver Star Brands, Inc. (Company or Employer) who are age 18 or older. The Company is also the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute pre-tax elective deferrals and Roth elective deferrals to the Plan up to a combined deferral limit of 50%. Effective April 1, 2020, the deferral limit increased from 50% to 90%. The Plan includes a provision for automatic pre-tax elective deferral contributions. The automatic deferral is 3% of compensation with a 1% annual auto escalation up to 10%. Effective July 1, 2021, the annual auto escalation limit increased from 10% to 11%. Employees have the right to change their deferral percentage or elect not to make contributions. The Company contributed a safe harbor match of 100% of the first 1% and 50% of the next 5% of participant contributions for the years ended December 31, 2020 and 2019. The Company may also make discretionary nonelective contributions to eligible participants. A discretionary nonelective contribution was not made during the years ended December 31, 2020 and 2019.

Transfers from Qualified Plans (Rollovers)

At the discretion of the Plan administrator, participants may be permitted to deposit distributions received from other qualified plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

Participant Accounts

Participant accounts are allocated to the various investment options offered by the Plan as directed by the participants.

Each participant's account is credited with the participant's contributions and Company's safe harbor matching contribution, along with an allocation of the Company nonelective contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor match and discretionary nonelective contribution portion of their accounts is based on years of continuous service. Participants become 20% vested in the discretionary nonelective after completing two years of service, 50% after three years, 75% after four years and 100% after five years. Participants become 100% vested in the safe harbor match after completing two years of service. However, upon the participant's death or becoming disabled, all amounts are immediately 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or one-half of the present value of the participant's vested interest in his or her account. Loan terms generally range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at prime plus 1% at the date originated. Principal and interest is paid ratably through biweekly payroll deductions.

Benefit Payments

Plan benefits are available at retirement, disability, death, financial hardship, and termination of employment with vested interests. Benefits are generally paid as a lump sum distribution. The Plan also allows for in-service distributions upon attaining age 59½. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $21,453 and $30,245, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaling $148 and $-0- were used to reduce employer contributions during the years ended December 31, 2020 and 2019, respectively. Forfeited nonvested accounts totaling $29,450 and $4,349 were used to reduce administrative expenses during the years ended December 31, 2020 and 2019, respectively.

CARES Act

In April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are reclassified as benefits paid to participants based on the terms of the Plan document.

Administrative Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Plan has historically paid the operating expenses for the Plan.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 20, 2021, the date on which the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Trust Fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 26,050,902	$ -	$ -	$ 26,050,902
Investments Measured at Net Asset Value *				2,271,705
Total Investments at Fair Value				$ 28,322,607

	2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 23,275,920	$ -	$ -	$ 23,275,920
Investments Measured at Net Asset Value *				1,421,283
Total Investments at Fair Value				$ 24,697,203

*Certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Net Asset Value		Unfunded	Redemption	Redemption
Investment Type	2020	2019	Commitments	Frequency	Notice Period
TRP Stable Value Fund	$ 2,271,705	$ 1,421,283	N/A	Daily	12 months

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 5 PLAN TAX STATUS

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a letter from the IRS dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 CERTIFICATION OF INVESTMENT INFORMATION

T. Rowe Price Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Certain administrative expenses relating to the Plan are paid by the Company.

Certain Plan investments are shares of mutual funds and a common trust fund managed by T. Rowe Price Trust Company, who is the trustee as defined of the Plan. Administrative expenses paid by the Plan to various companies for recordkeeping, investment, and audit services amounted to $111,484 and $146,530 for the years ended December 31, 2020 and 2019, respectively.

These transactions qualify as party-in-interest transactions.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 CORONAVIRUS

The coronavirus pandemic (COVID-19) effects on the economy and financial markets in the future is uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.
