Note 1—Description of the Plan

The following description of the Accesso Partners, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on January 1, 2013 and covers substantially all employees of the following related employers: Accesso Partners, LLC; Accesso Services, LLC; ADB Business, Inc.; Kedem Strategies, Inc.; and Mokatan Ventures, Inc.; Sejel Investments, Inc.; Shefa 26, Inc.; and Accesso Resources, LLC. All of the related employers are referred to as the "Company".

Plan Amendment – Effective May 8, 2020, the Plan was amended to allow participants loans. Additionally, on May 24, 2020, the Plan was amended to change safe harbor matching contributions to discretionary matching contributions.

Administration of Plan Assets – The Plan is administered by the Company. The Plan's assets are maintained and administered by John Hancock Life Insurance Company (the "Custodian"). The Plan's recordkeeping services and maintenance of participant account records are managed by Heller Pension Associates, Inc.

Eligibility and Participation – Participation in the Plan is voluntary. Under the Plan, those eligible to participate are all employees of the Company who have attained the age of 21 and completed one hour of service within the first two months of employment who are not members of a collective bargaining unit and who are not non-resident aliens. Those eligible for matching contributions are all employees of the Company who have attained the age of 21 and completed one year of service who are not members of a collective bargaining unit and who are not non-resident aliens.

Contributions – The Plan provides for catch-up contributions by participants who have attained age 50 before the close of the Plan year, to satisfy the alternative methods of meeting nondiscrimination requirements. Contribution amounts are limited in order to comply with Internal Revenue Service ("IRS") regulations. The participants' basic annual contributions cannot exceed $19,500, and an additional $6,500 for catch-up contributions for participants who are 50 or older. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may designate certain contributions into the Plan as Roth elective contributions. Designated Roth contributions will be currently included in the gross taxable income of the participant, while distributions of designated Roth elective contributions and earnings thereon are generally excludable from the participant's taxable income.

The Company made safe harbor matching contributions equal to 100% of the participant's contribution, up to 3% of eligible compensation plus 50% of the participant's contribution above the 1% up to a maximum of 2% of eligible compensation through May 23, 2020. Subsequently, the Company opted to make discretionary matching contributions. There were no discretionary matching contributions for the period from May 24, 2020 through December 31, 2020.

Participant Accounts – Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, employer matching contributions, and an allocation of plan earnings or losses; and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant investment account earnings, elective contributions, or account balances, as defined in the Plan.

Note 1—Description of the Plan (continued)

Vesting – Participants are fully vested in their elective contributions and any rollover contributions, plus or minus any earnings or losses thereon. Participants are immediately fully vested in any safe harbor match contributions. Vesting in the discretionary matching contributions, plus actual earnings thereon, is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested when they become disabled or deceased while still employed by the Company.

Forfeitures – Forfeitures occur when a participant terminates employment and has not fully vested in a portion of the Company's contribution amount. Forfeitures can be used to reduce the employer matching contribution or to pay Plan expenses. At December 31, 2020 and 2019, there were no forfeited non vested accounts, nor were any forfeitures used during 2020 to reduce matching contributions or pay Plan expenses.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance as of the loan date. Loan terms are limited to five years unless used for the purchase of a primary residence. The loans are secured by the vested portion of the participant's account and bear interest at prime rate plus 2%. Principal and interest is paid ratably through payroll deductions.

Investment Options – The Plan's assets are held and managed by the Custodian. The participants direct the investment of their account balance and may select from various investment options maintained by the Custodian. Participants may change their investment option selections on any business day as defined by the Plan.

Hardship Distributions – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in the Internal Revenue Code ("IRC") Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the IRS determines is deemed an immediate and financial need of the participant. Any distributions will be taken first from the participant's pre-tax deferral account and then from the participant's Roth Deferral account.

Payment of Benefits – Upon separation of service due to termination, death, disability, or when the participant attains normal retirement age, a participant or beneficiary may elect to receive a cash distribution equal to their vested account balance, as defined, as a (1) lump-sum payment, (2) a single sum payment of a portion of the account balance, or (3) periodic installments over a period of time to satisfy required minimum distribution rules under the Plan not to exceed the life expectancy of the participant or beneficiary. If a participant's vested account balance does not exceed $5,000, the value of the vested interest in the account may be distributed in a lump sum. Participants should refer to the Plan document for a full description of the distribution methods offered by the Plan.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – Investments held by the Plan are recorded at fair value. Fair value is define as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, if applicable. There have been no significant changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is used as a practical expedient to estimate fair value, and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. These investments measured using NAV practical expedient are exempt from classification under the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2—Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants – Benefits are recorded when they have been processed and paid by the Plan.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Administrative Expenses – Fees and expenses of the Plan for legal, accounting, and other administrative services may be paid directly by the Company or, at the Company's discretion, may be paid in whole or in part out of Plan assets.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of additions to and deductions from net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from these estimates, particularly given the significant social and economic disruptions and uncertainties associated with the ongoing coronavirus pandemic ("COVID-19") and the COVID-19 control responses.

Note 3—Information certified by the Custodian (unaudited)

The Plan management has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company, the Custodian of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule.

- Investments at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in investments and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

- Schedule of Assets (Held at Year End) – Schedule H, Part IV, Line 4i as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value of investments

Below are the Plan's financial instruments as of December 31, carried at fair value on a recurring basis as described in Note 2.

	As of December 31	
	2020	2019
Investments:		
Pooled separate accounts *	$ 7,895,089	$ 6,292,039

* Amounts are unaudited. See Note 3.

Pooled separate accounts are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. As of December 31, 2020 and 2019, pooled separate accounts had no unfunded commitments, and redemptions are processed daily with a no notice period.

Note 5—Party-in-interest transactions

Administrative fees paid by the Plan during the year ended December 31, 2020 were based on customary and reasonable rates. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 6—Income tax status

The underlying standardized volume submitter plan has received a determination letter from the IRS dated March 31, 2014, stating that the written form of the underlying document is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. The underlying standardized volume submitter plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, no unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify, or terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become fully vested in their accounts.

Note 8—Risk and uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the fair value of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19, economic uncertainties have arisen triggering volatility in financial markets and a significant, negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 9—Reconciliation of the financial statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2020 and 2019 to net assets available for benefits per Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 7,989,488	$ 6,704,888
Add liability for excess participant contributions payable	119,731	-
Total net assets available for benefits per the Form 5500	$ 8,109,219	$ 6,704,888

The following is a reconciliation of the net increase in net assets available for benefits included in statements of changes in net assets available for benefits for the year ended December 31, 2020 to Schedule H of the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 1,284,600
Add December 31, 2020, excess contributions payable	119,731
Net increase in net assets available for benefits per the Form 5500	$ 1,404,331

Note 10—Subsequent events

The Plan has evaluated events through September 30, 2021, the date the financial statements were available to be issued. No events have occurred subsequent to the date of the financial statements that would require adjustment to, or disclosure in, the financial statements.
