Note 1: Description of the Plan

The following description of the Karl Strauss Brewing Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Associated Microbreweries, Ltd. and Associated Microbreweries, Inc. collectively referred to as the "Company." All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 21 years of age and completing 6 consecutive months of service, during which at least 500 hours of service are completed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was updated pursuant to the Coronavirus Aid, Relief and Economic Security (CARES) Act signed into law on March 27, 2020. The act allowed relief to participants impacted by COVID-19. If a COVID-19 tax-favored withdrawal was taken, the 10% penalty did not apply, the standard 20% withholding was reduced to 10% withholding and the income taxes for the distribution could be spread over 3 years. The COVID-19 withdrawal option was available until December 31, 2020. Delayed payment was allowed on new loans taken until December 31, 2020 and there was a temporary waiver of the required minimum distribution rules for distributions in 2020.

Contributions

Each year, participants may contribute up to a specified percentage of pre-tax annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants may make pre-tax deferral or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company may make a discretionary matching contribution by matching the participant's contribution equal to a uniform percentage of the participant's salary deferrals determined by the Company. The Company may also make a discretionary profit sharing contribution. For the year ended December 31, 2020, the Company elected to make discretionary matching contributions of $31,828. Effective March 16, 2020, the Company ceased making a discretionary match contribution. During the year ended December 31, 2020, the Company did not elect to make any additional discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan, Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and discretionary profit sharing contribution plus actual earnings thereon based on years of continuous service. A participant vests 20% each year and is 100% vested in Company contributions after five years of credited service.

During 2020, the Company determined a partial termination resulted for certain employees. These employees became 100% vested in the Company's discretionary matching contributions.

Investment Options

The Plan provides participants with various investment options including several mutual funds and a guaranteed interest account. Plan participants may direct the change of their investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to $1,000 and a maximum equal to the lesser of $50,000 or 50% of the vested interest in their account. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. An outstanding note receivable can be paid in full at any time and participants may have no more than two notes receivable outstanding at any time.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or deferment over a period not exceeding the participant's age of 59 ½. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeitures

Forfeitures are made available to pay any administrative expenses and reduce employer contributions. During the year ended December 31, 2020, there were no forfeitures applied to pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable are reported at their unpaid principal balances plus any accrued, but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Administrative expenses are paid by the Company. Certain administrative processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentation.

Note 2: Summary of Significant Accounting Policies, Continued

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement* (Topic 820) - Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure for fair value measurements by removing, modifying, or adding certain disclosures. The amended guidance is effective for all entities for fiscal year, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The amended guidance became effective for the Plan on January 1, 2020.

Note 3: Information Certified by the Plan's Trustee (Custodian)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC (Great-West), the Plan's trustee (custodian), has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments and dividend income for the year ended December 31, 2020, as included on the statement of changes in net assets available for benefits.
- The schedule of assets held for investment purposes (held at end of year) as of December 31, 2020, as shown on Schedule H, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents the fair value of the shares held by the Plan at year end and the Plan has concluded that these investments should be classified as Level 1.

Insurance contract - This investment is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, an evaluation of a variety of factors including a review of existing contracts, economic conditions, industry and market developments, and overall credit ratings is performed by the plan administrator. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate) and the Plan has concluded that this investment should be classified as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurement, Continued

A summary of Plan investments measured at fair value is as follows:

		Fair Value Measurement Using:	
	Fair Value	Quoted Market Price (Level 1)	Quoted Market Price (Level 2)
December 31, 2020			
Registered investment companies	$ 8,714,867	$ 8,714,867	$ -
Guaranteed interest account	53,174	-	53,174
Total assets at fair value	$ 8,768,041	$ 8,714,867	$ 53,174
December 31, 2019			
Registered investment companies	$ 8,605,470	$ 8,605,470	$ -
Guaranteed interest account	211,428	-	211,428
Total assets at fair value	$ 8,816,898	$ 8,605,470	$ 211,428

Note 5: Parties-in-interest Transactions

Certain Plan investments are managed by Great-West. Great-West is the trustee (custodian) as defined by the Plan and is a party-in-interest. Pentegra Services, Inc. is the record-keeper and the administrative provider for the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan incurred certain administrative expenses totaling $50,033 for the year ended December 31, 2020. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays any other fees related to the Plan's operations.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their employer contributions.

Note 7: Tax Status

The Plan adopted a Pentegra Services, Inc. Volume Submitter Profit Sharing Plan that the Internal Revenue Service (IRS) approved by a letter dated March 31, 2014. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Tax Status, Continued

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Pandemic

In March 2020, the World Health Organization designated COVID-19 a pandemic. COVID-19 had a significant effect on overall economic conditions in nearly all regions around the world. The COVID-19 pandemic has caused volatility in financial markets and may continue to affect the market price of the Plan's investments and other plan assets. Due to the uncertainty of the duration of the continued effects of this pandemic, the near and long-term financial effects cannot be reasonably estimated at this time.

Note 9: Delinquent Participant Contributions

As presented on Schedule H, Line 4a, Schedule of Delinquent Participant Contributions, the Company did not remit certain participant contributions and loan repayments that total $26,389 for the year ended December 31, 2020. The participant contributions are considered nonexempt party-in-interest transactions. The Company made the participants whole for any lost earnings resulting from the delay in submittal of the participant contributions and loan repayments. The lost earnings totaled $170 and were corrected in 2020.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 29, 2021, the date the Plan financial statements were available to be issued.

September 29, 2021

To the Administrative Committee of
KARL STRAUSS BREWING COMPANY 401(k) PLAN
San Diego, California

We have conducted a DOL limited-scope audit of the financial statements of Karl Strauss Brewing Company 401(k) Plan (the Plan) for the year ended December 31, 2020, and have issued our report thereon dated September 29, 2021. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee (custodian), in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. The Plan adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2018-13 during the year ended December 31, 2020. We noted no transactions entered into by the Plan during the year for which there was a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements was:

> Management's estimate of the fair value of the investments is based on valuations performed on those investments by a third-party. The Plan evaluated the key factors and assumptions used to develop the fair value of these investments in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 29, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the administrative committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
