NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 1-Description of Plan

The following description of the Reino Linen Service, Inc. Safe Harbor 401(k) Profit Sharing Plan (the “Plan”), provides only general information. Participants should refer to the plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all Reino Linen Service, Inc. (the “Company” or “Plan Sponsor”) employees who have completed at least six months of continuous accredited service and are of at least 21 years of age. The months of accredited service does not need to be continuous. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute up to 100% of their base compensation, or the maximum dollar amount allowed by law, as a pre-tax or post-tax deferral. The Company matches 100% of the first 3% and 50% of the next 2% of participant’s contributions. Rollover contributions from other qualified plans are accepted by the Plan provided certain specified conditions are met.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant’s account is credited with the participant’s contributions, their allocation of the Plan Sponsor’s contributions and Plan earnings. Participants direct the investments of their accounts among the investment options offered by the Plan. Plan earnings are allocated based on the participant’s share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

The participants are immediately vested in their contributions, Company contributions and actual earnings thereon.

Payment of benefits

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution or in installments. In the event that a participant is no longer employed by the Company, and their account is less than \$1,000, the Plan Sponsor is allowed to disburse their account in a lump sum amount as soon as administratively feasible to the participant unless instructions are provided by the participant on how to disburse the funds.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their participant contribution accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings. Participants cannot take a hardship distribution from any amounts allocated to their account by Company contributions.

REINO LINEN SERVICE, INC.
SAFE HARBOR 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS-CONTINUED
December 31, 2020 and 2019

Note 1-Description of Plan-continued

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000 but may not borrow less than \$1,000. Participants can borrow funds for up to 5 years unless funds are used to purchase a participant's primary residence, which has a repayment schedule up to 10 years. Effective December 1, 2018, only two outstanding notes receivable are permitted at any time. Prior to the December 1, 2018 amendment, participants could have an unlimited number of notes receivable outstanding. Outstanding notes receivable will become due upon death or when participant receives benefits. The interest rates on outstanding notes receivable are stated between 4.25% and 6.50%. The interest rate is established based on an interest rate charged by a person in the business of lending money for loans under similar circumstances. Principal and interest are paid ratably through payroll deductions. The notes receivable are secured by the balance in the participant's account.

Termination of the plan

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan provisions to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in the termination of the Plan, the participants shall receive their full account balance, less any administrative costs to the Plan for such distribution.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distribution based upon the terms of the plan document.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Contributions

Employee salary deferrals and Company contributions are included in income during the period the related salary is earned.

NOTES TO FINANCIAL STATEMENTS-CONTINUED

Note 2-Summary of significant accounting policies-continued

Payment of benefits

Participant withdrawals are recorded upon distribution.

Administrative expenses

The Plan Sponsor pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of the participant's account are included in administrative expenses.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through September 23, 2021, the date the financial statements were available to be issued and has determined there are no subsequent events that require recognition or disclosure.

Note 3-Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, and dividends for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Sponsor and certified by Mutual of America Life Insurance Company as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors. Notes receivable from participants totaling \$92,606 and \$79,283 at December 31, 2020 and 2019, respectively, and the interest income on notes receivable from participants totaling \$4,095 for the year ended December 31, 2020 are not certified by Mutual of America Life Insurance Company.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market – valued using amortized cost which approximates fair value.

Pooled separate accounts – valued based on the net asset value at which the mutual funds shares are actively traded. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value.

Note 4-Fair value measurements—continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

		Fair Value Measurements at December 31, 2020		
		Using		
Description	Total	Level (1)	Level (2)	Level (3)
Money market	\$ 1,450,727	\$ 1,450,727	\$ 0	\$ 0
Total investments in the fair value hierarchy	1,450,727	\$ 1,450,727	\$ 0	\$ 0
Investments measured at net asset value (a)	1,936,559			
Total investment assets at fair value	\$ 3,387,286			

		Fair Value Measurements at December 31, 2019		
		Using		
Description	Total	Level (1)	Level (2)	Level (3)
Money market	\$ 1,082,821	\$ 1,082,821	\$ 0	\$ 0
Total investments in the fair value hierarchy	1,082,821	\$ 1,082,821	\$ 0	\$ 0
Investments measured at net asset value (a)	2,095,770			
Total investment assets at fair value	\$ 3,178,591			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The pooled separate accounts have no unfunded commitments, have a daily redemption frequency and require a 1-day redemption period. The fair value of the pooled separate accounts is \$1,936,559 and \$2,095,770 at December 31, 2020 and 2019, respectively.

Note 5-Related party transactions and party in interest transactions

Certain Plan investments are held in a money market and pooled separate accounts managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. The Plan made direct payments to the custodian in the amount of \$2,066 during 2020. Notes receivable from participants also qualify as party in interest transactions. Notes receivable from participants totaled \$92,606 and \$79,283 at December 31, 2019 and 2018, respectively, and the interest income on notes receivable from participants totaled \$4,095 for the year ended December 31, 2019.

Note 6-Federal income tax status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS) that the prototype plan as designed qualifies for federal income tax-exempt status. The Plan has not individually sought a determination from the IRS on its qualification status. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
