The Plan, which was established June 1, 2001, is a defined contribution plan covering substantially all employees of the Company and its affiliates who have completed three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may make contributions to the Plan by deferring compensation up to the maximum amount allowable. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Participants may designate all or a portion of their contributions as Roth (after-tax) contributions. Eligible participants may make a rollover contribution to the Plan. Effective in 2013, participants became automatically enrolled at 3% and had their deferrals increased every year by 1% unless they opted out, up to a maximum of 25% of compensation. The first increase occurred on January 1, 2014.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company may also make discretionary contributions at the option of the Company's Board of Directors equal to a discretionary percentage of salary deferrals up to 3% of compensation. The Company made a matching contribution for the year ended December 31, 2020, equal to $0.65 per employee contribution dollar up to 3% of compensation. The Company made a matching contribution for the year ended December 31, 2019, equal to $0.38 per employee contribution dollar up to 3% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; (b) Plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
2 years	33%
3 years	66%
4 years	100%

In the event of disability or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of Prime at the time the loan is executed plus 1.00%. As of December 31, 2020 and 2019, interest rates ranged from 4.25% to 6.50%, respectively. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed either in a lump sum or other mode of settlement. The Plan requires all benefit payments less than or equal to $1,000 to be paid in the form of a lump sum. Benefit payments greater than $5,000 may be deferred in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payment for burial or funeral expenses; or (6) expenses for the repair of damage to a participant's principal residence.

A. Description of the Plan – continued

Benefit Payments – continued

During 2020 the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal and earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay any administrative expenses of the Plan and to offset any employer matching contributions. At December 31, 2020 and 2019, unallocated forfeitures totaled approximately $4,824 and $2,261 , respectively. No forfeitures were allocated to reduce the Company's matching contribution for the years ended December 31, 2020 and 2019, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, administrative expenses may be paid out of the Plan, unless paid by the Company, which are then not included in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Stable value fund is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2020 and 2019. The Plan has no assets classified within Levels 2 or 3 of the valuation hierarchy.

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies:				
Mutual funds	$15,486,325	$ -	$ -	$15,486,325
Total assets in the fair value hierarchy	$15,486,325	$ -	$ -	15,486,325
Investments measured at net asset value[(a)]				1,490,326
Investments at fair value				$16,976,651

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies:				
Mutual funds	$13,653,435	$ -	$ -	$13,653,435
Total assets in the fair value hierarchy	$13,653,435	$ -	$ -	13,653,435
Investments measured at net asset value[(a)]				1,474,780
Investments at fair value				$15,128,215

C. Fair Value Measurements – continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2020 and 2019, there were no significant transfers between levels.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	(If Currently Eligible)	Notice Period
Putnam Stable Value Fund	$ 1,490,326	N/A	Daily	12 months
December 31, 2019	**Fair Value**	**Unfunded Commitments**	**(If Currently Eligible)**	**Notice Period**
Putnam Stable Value Fund	$ 1,474,780	N/A	Daily	12 months

D. Information Certified by the Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by Great-West Trust Company, LLC, the Trustee of the Plan, which included total investments as of December 31, 2020 and 2019, the total investment income (loss) for the years ended December 31, 2020 and 2019, and all information included in the supplemental schedules H, line 4a – schedules of delinquent participant contributions and H, line 4i – schedule of assets (held at end of year).

E. Tax Status

The Company has adopted the Great-West Trust Company, LLC (Empower Retirement) Profit Sharing Prototype Plan, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the written form of the prototype plan document is acceptable under Section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and a stable value fund managed by the trustee. Great-West Trust Company, LLC acts as trustee for only those investments as defined by the Plan.

Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

G. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2020 and 2019, per the financial statements to the Form 5500.

	2020	2019
Net assets available for benefits per the financial statements	$17,395,694	$15,551,364
Contributions receivable per the financial statements	(153,689)	(102,644)
Contributions payable per the financial statements	19,151	-
Net assets available for benefits per the Form 5500	$17,261,156	$15,448,720

The following is a reconciliation of the net increase in assets available for benefits as of December 31, 2020 and 2019, per the accompanying financial statements to the Form 5500:

	2020	2019
Net increase in net assets available for benefits per the financial statements	$ 1,844,330	$ 1,674,916
Prior year employer contributions receivable per the financial statements	102,644	-
Current year employer contributions receivable per the financial statements	(153,689)	(102,644)
Current year liabilities per the financial statements	19,151	-
Net increase in net assets available for benefits per the Form 5500	$ 1,812,436	$ 1,572,272

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. The modified cash basis of accounting was used in preparing the Form 5500, whereas the Plan's financial statements have been prepared on the accrual basis of accounting.

H. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 1, 2021, the date the financial statements were available for issuance.

Effective January 1, 2021, the Plan was amended to raise the automatic enrollment percentage from 3.0% to 6.0%.
