NOTE A DESCRIPTION OF PLAN

The following description of the Kyra Solutions, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan covering all employees of Kyra Solutions, Inc. (the Company). An eligible employee begins to participate in the pre and/or post tax salary deferral and in the Company matching of the Plan on the first day of the first month of the Plan year or on the first day of the seventh month of the Plan year after the attainment of age twenty-one and completion of one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participant contributions may not exceed an amount greater than that permitted by the Secretary of the Treasury under the Internal Revenue Code, as defined in the Plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may, at the discretion of the Plan Administrator, also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Company contributes a safe harbor matching contribution for each participant who makes a pre and/or post salary deferral contribution during the Plan year, have completed one year of eligible service, and have attained the age of twenty-one. The safe harbor matching contribution is equal to one hundred percent of the of the first four percent of compensation of the participant's pre and/or post salary deferral contributions for the Plan year. Additional discretionary profit sharing amounts may be contributed at the option of the Company's Board of Directors. There were no discretionary profit sharing contributions made to the Plan for the years ended December 31, 2020 and 2019. The assets of the Plan, both employee and employer, are allocated to various investment options at the direction of the participant. Several investment options are available for the investment of participants' elective contributions, employer safe harbor matching, and profit sharing contributions. Participants may change their investment options on a daily basis. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, and allocations of (a) the Company's safe harbor matching contribution and discretionary profit sharing contributions, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary pre and/or post tax salary deferral contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on vesting years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate. Loan terms range from one to five years or up to ten years for the purchase of a primary residence, with no prepayment penalty. The maximum number of loans outstanding that a participant may have is one. Principal and interest is paid ratably through payroll deductions.

During the year ended December 31, 2020, certain amendments were made to notes receivable from participants as part of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). For loans issued March 27, 2020 to September 22, 2020, a qualified participant may borrow up to one hundred percent of their vested account balance up to a maximum aggregate loan amount of $100,000. Loan payments for qualified participants may be deferred during the period from March 27, 2020 to December 31, 2020.

Plan Administration
Plan assets are managed by the Plan custodian, who is a party in interest. Plan fees are paid from forfeitures and by the participants via a reduction of Plan assets.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or for termination of service due to other reasons, if a participant's account balance is $1,000 or less, a lump-sum cash payment may be made in the amount of the participant's vested account without the participant's consent. If the value is greater than $1,000 and less than $5,000, the account may be rolled into an individual retirement account or a lump-sum cash payment. If the value is greater than $5,000, a participant's account may be paid out in the form of substantially equal installments, rollover to another qualified retirement plan, or lump-sum payment.

Forfeited Accounts
Forfeitures of non-vested Company contributions are used to offset the employer safe harbor matching contributions and discretionary profit sharing contributions. At December 31, 2020 and 2019, forfeited non-vested accounts total $4,945 and $35, respectively. During both December 31, 2020 and 2019, $0 of forfeited non-vested accounts were used to reduce Company safe harbor matching contributions and discretionary profit sharing contributions.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In the event of default, notes receivable from participants are reportable to plan participants as taxable income, but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, *Uncertainty in Income Taxes*, Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is open and subject to income tax examinations by the U.S. federal, state, and local tax authorities, generally for three years after the filing date. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2017.

Subsequent Events

In accordance with FASB ASC Topic 855, *Subsequent Events,* the Plan Administrator has evaluated subsequent events through September 20, 2021, which is the date these financial statements were available to be issued, and have determined, there are no subsequent events that require recognition or disclosure.

NOTE C FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant of the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts: Valued at fair value based on the NAV of the observable market prices of the underlying assets within that account less liabilities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C FAIR VALUE MEASUREMENTS (Continued)

The investments at fair value by level, within the fair value hierarchy, are as follows:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 6,803,726	$ -	$ -	$ 6,803,726
Total Investments at Fair Value	$ 6,803,726	$ -	$ -	$ 6,803,726

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 5,393,849	$ -	$ -	$ 5,393,849
Total Investments at Fair Value	$ 5,393,849	$ -	$ -	$ 5,393,849

Gains and losses (realized and unrealized) included in changes in net assets for the years ended December 31, 2020 and 2019 are reported in net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

NOTE D FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a synthetic investment contract with Voya Financial. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. As of December 31, 2020 and 2019, the Plan held a synthetic investment contract which had a contract value of $888,728 and $667,292, respectively.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through the Plan through adjustment to future crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE D FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE E PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100 percent vested in their entire account. Any unallocated assets (non-vested forfeiture accounts) of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

NOTE F TAX STATUS

Effective January 2016, the Plan adopted a standardized form of a prototype plan sponsored by Goldleaf Partners, the third-party administrator. The prototype plan has received an opinion letter from the Internal Revenue Service stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and tax-exempt.

NOTE G RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The value, liquidity, and related income of securities held are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

NOTE G RISKS AND UNCERTAINTIES (Continued)

As of December 31, 2020 and 2019, the Plan has investments of $3,383,742 and $2,439,435, respectively, that are concentrated in three funds.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Company, to date, the Company has not experienced any significant negative effects on its operations.

NOTE H INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was derived from information provided by Voya Financial, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan Auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

NOTE I RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by the Plan custodian, Voya Financial, who is a party in interest. All Plan expenses are paid by the participants via a reduction of Plan assets. Total fees paid by the participants of the Plan to the custodian are $1,105 and $3,030 for the years ended December 31, 2020 and 2019, respectively.

Plan expenses, such as audit fees, accounting fees, legal fees, and trustee administrative fees are paid by the Plan Sponsor. Certain employees and officers of the Plan Sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.
