Profit Sharing Plan

Notes to Financial Statements
December 31, 2020

1. Description of Plan

a. General

Effective January 1, 1994, Leatherstocking Corporation (Employer) established The Leatherstocking Corporation Profit Sharing Plan (the Plan), a defined contribution plan, covering substantially all employees who have satisfied the age and service eligibility requirements. A Trust Fund was established by the Employer for the purpose of funding the Plan and into which contributions are to be made and from which benefits and expenses are to be paid in accordance with the provisions of the Plan. The Employer has designated the Board of Trustees (the Trustee) to administer the Plan. The Trustee shall receive the contributions to the Trust Fund made pursuant to the Plan and shall hold, invest, reinvest, and distribute such funds in accordance with the terms and provisions of the Trust Agreement. The Plan and its related Trust are subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and section 401(a) of the Internal Revenue Code of 1986, as amended.

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to $100,000;
- The loan limit increased to the lesser of $100,000 or 100% of a participant's vested balance
- Extend the period for loan repayments, if applicable, up to one year; and
- Suspend required minimum distributions for 2020.

Fidelity Management Trust Company ("Fidelity") is the Custodian and record-keeper of the Plan and is the recipient of all contributions related to the Plan.

The following outlines the more significant provisions of the Plan and Trust Agreement. The Plan document contains a more detailed description of the Plan provisions.

b. Contributions and Related Investment Funds

Effective January 1, 2002, the Plan was amended and restated to permit Plan participants to make elective deferral contributions within the limits prescribed by section 401(k) of the Internal Revenue Code (Code) and to make rollover contributions and permit the Employer to make matching contributions within the limits prescribed by section 401(m) of the Code. Contributions to the 401(k) plan began in 2004.

1. Description of Plan *(continued)*

b. Contributions and Related Investment Funds (continued)

The Plan requires the Employer to make a profit sharing contribution for each Plan year in which a participant retires, dies or becomes permanently disabled, or otherwise completes 1,000 hours of service in such Plan year. A profit sharing contribution for any Plan year shall be based on a discretionary percentage, not to exceed 15%, and will be allocated to the accounts of eligible participants in the proportion that each participant's compensation bears to the compensation of all eligible participants. For the year ended December 31, 2020, the Employer contribution was 10% of participants' eligible compensation.

c. Participation and Vesting

Each employee became a participant in the Plan on January 1, 1994. Other employees become a participant on January 1 or July 1 coincident with or immediately following the date of a complete year of eligible service and attaining age 21. A year of eligible service generally means each Plan year during which an employee completes 1,000 hours of service.

A participant is fully vested in their voluntary contributions to the 401(k) plan. No matching contributions were made by the Employer for the year ended December 31, 2020. Employees become vested in matching 401(k) contributions made by the Employer as follows:

Years of Service	Percentage Vested
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Employees become vested in profit sharing contributions made by the Employer as follows:

Years of Service	Percentage Vested
Less than 3 years	0%
3	100%

1. Description of Plan *(continued)*

c. Participation and Vesting (continued)

A participant who ceases to be an employee or who has a break in service, other than by death and prior to retirement, in accordance with the provisions of the Plan, and who has completed fewer than five years of service shall cease to be a participant and will not be entitled to any non-vested benefits under this Plan.

d. Participant Accounts

Each participant's account is credited with their voluntary contributions and the investment earnings thereon plus an allocation of any Employer contribution. The contributions are allocated among investment options according to participant elections. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

e. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. A borrower is limited to having a maximum of one outstanding loan under the Plan at any given time. Loans are secured by the balance in the participant's account and bear interest as determined at the time of the loan origination. Principal and interest are paid ratably through monthly payroll deductions over a period of time not to exceed five years. If the proceeds are used to construct or rehabilitate a participant's principal residence, the Plan administrator may extend the repayment term to not exceed ten years. Principal and interest repaid is reinvested based on the participant's present investment allocation selection. As discussed earlier, certain loan terms were modified based on CARES Act provisions.

The interest rate for all outstanding loans at December 31, 2020 and 2019 ranged from 5.25% to 6.50%.

f. Benefits

Benefits are paid as a lump sum in cash. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

1. Description of Plan *(continued)*

f. Benefits (continued)

A participant may apply for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include expenses incurred or necessary for medical care of the participant or their dependents, costs directly related to the purchase of a principal residence for the participant, payment of tuition and post-secondary education related expenses for the participant or their dependents, to prevent eviction from or foreclosure on a principal residence and to pay for funeral or burial expenses or immediate and heavy financial need as determined based on Internal Revenue Service Regulations.

In accordance with Internal Revenue Service Regulations, participants must first exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal. Contributions to the Plan are suspended for six months after receipt of a hardship withdrawal.

g. Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to first pay administrative expenses, then used to reduce future Employer contributions. The Employer did not elect to use any forfeited amounts to pay certain Plan expenses as allowed by the Plan during the year ended December 31, 2020. Forfeited accounts totaled $112,362 and $62,311 at December 31, 2020 and 2019, respectively. No forfeitures were used to reduce the 2020 and 2019 contributions which were paid in February and March 2021 and March 2020, respectively.

h. Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

i. Plan Termination

Subject to limitations imposed by ERISA and rules and regulations promulgated thereunder, the Employer reserves the right to amend, modify, suspend, discontinue or terminate the Plan. In the event of termination or partial termination of the Plan, the interest of all affected participant accounts and benefits accrued to the date of such termination or partial termination will become fully vested and nonforfeitable.

2. Summary of Significant Accounting Policies

The following are significant accounting policies consistently followed by the Plan in maintaining the underlying records of the Plan's net assets and the accounts of participants. The financial statements have been prepared in accordance with these policies.

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and disclosure of contingent net assets available for Plan benefits at the date of the financial statements and the reported amounts of additions and deductions to net assets available for Plan benefits during the period.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to US GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and common/collective trusts are stated at fair value. Investments in mutual funds are determined by quoted prices in active markets which represents the NAV of shares held by the Plan at year end. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan administrator by a letter dated March 31, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure.

The Plan's tax returns for all years since 2017 remain open to examination by the respective tax authorities. There are currently no examinations in progress.

4. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Custodian of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits as December 31, 2020 and 2019, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of year) as of December 31, 2020, as well as the related investment and participant interest activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2020.

5. Investments

The following table summarizes the valuation of the Plan's investments by the fair value hierarchy levels (see note 2) as of December 31, 2020 and 2019:

	2020		
	Level 1	Other Investments Measured at NAV*	Total
Common/collective trust	$ -	$ 338,277	$ 338,277
Mutual funds	10,799,323	-	10,799,323
Total Investments	$ 10,799,323	$ 338,277	$ 11,137,600

	2019		
	Level 1	Other Investments Measured at NAV*	Total
Common/collective trust	$ -	$ 87,705	$ 87,705
Mutual funds	9,535,387	-	9,535,387
Total Investments	$ 9,535,387	$ 87,705	$ 9,623,092

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

6. Common/Collective Trust

The Fidelity Managed Income Portfolio Class 1 ("MIP") is a common/collective trust. The MIP invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. Wrap contracts are normally purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above). It is the policy of the MIP to use its best efforts to maintain a stable NAV of $1.00 per unit, although there is no guarantee that the MIP will be able to maintain this value.

6. Common/Collective Trust *(continued)*

The MIP and the wrap contracts purchased by the MIP are designed to pay all permitted unitholder-initiated transactions at NAV. Permitted unitholder-initiated transactions are those transactions allowed by the underlying defined contribution plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the plan) excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the MIP to transact at NAV upon the occurrence of such plan sponsor events. These events include: a plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the plan for employee contributions; any substantive modification of the MIP or the administration of the MIP that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to a plan that could have a material adverse effect on the MIP's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or Fidelity that is designed to induce or influence unitholders not to invest in the portfolio or to transfer assets out of the portfolio; and any transfer of assets from the portfolio directly to a competing investment option.

Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined net asset value per unit normally each day. In unusual market conditions, Fidelity may impose restrictions on issues and redemptions of units.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect account balances and the amounts reported in the statements of net assets available for plan benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.

8. Party-in-Interest Transactions

Certain investments of the Plan are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

8. Party-in-Interest Transactions *(continued)*

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for plan benefits.

Certain employees of the Employer, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of total additions according to the financial statements to the Form 5500 for the year ended December 31, 2020.

Total additions per the financial statements	$ 2,114,356
