NOTE 1: DESCRIPTION OF PLAN

The following description of the Selip & Stylianou, LLP 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all eligible employees of Selip & Stylianou, LLP with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). To be eligible to participate in the Plan, employees must have reached the age of eighteen and have completed sixty days of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 1997.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. While this legislation provides wide ranging economic relief for employers, it specifically relaxes constraints that have governed employee loans and distributions from retirement plans. Employees are able to declare themselves eligible for COVID-19 related transactions by self - certifying that they, their spouse, or dependents have been diagnosed with COVID-19 or that they have encountered a heavy financial burden associated with being quarantined, furloughed, laid off, having work hours reduced, the close or reduction of a business, or the inability to work due to a lack of childcare.

Key provisions related to the plan include:

COVID-19 Related Distributions (CRD)

- Distributions allowed up to $100,000
- No 10% excise tax imposed on any pre-59½ withdrawals
- Related income taxes can be spread over a period of 3 years
- Potential to repay such distribution amounts to the plan at any time within the immediately following three-year period, in increments of one or more payments
- Mandatory 20% federal withholding is eliminated

COVID-19 Related Plan Loans

- Must be taken during the 180-day period beginning on March 27, 2020
- Loans of the lesser of $100,000 or 100% of one’s vested account balance
- Suspension of existing loans that would have been due between March 27, 2020 and December 31, 2020 for one year, with interest accruing during the suspension period
- Plans must currently allow for loans or amend to allow for such transactions

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Contributions

Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Th Plan allows elective deferral contributions be made as Roth contributions. The Company can make discretionary matching and qualified nonelective contributions in an amount as determined by the Company. The maximum employer matching contribution for a person for the Plan year is $500. Qualified nonelective contributions shall be made only for non-highly compensated employee. Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants. All of the foregoing contributions are subject to limits as set by federal law.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Vesting

Participants are always fully vested in their own contributions and all earnings thereon. Participants become fully vested in Company's contributions after three years of credited service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Forfeiture

Forfeitures of employees' non-vested portion of the Company's contributions are used to reduce future employer contributions and administrative fees. As of December 31, 2020, and 2019, available forfeited non-vested accounts totaled $1,508 and $2,861 respectively. These accounts will be used to pay for the Plan's administrative expenses or to reduce future employer contributions.

Participant Loans

The Plan provides a provision that allows participants to borrow from their vested balance. Loans must be at least $1,000. The loans are secured by the participants' bested account balances. The interest rate is determined based on the prime rate plus one percentage point. The principal balance plus interest is repaid through employee payroll deductions. The number of loans approved for a participant is limited to two loans in any twelve-month period. The maximum term for a loan is 30 years when the loan is made for the purpose of acquiring their primary residence.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables from the Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants after December 31, 2020.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified as being complete and accurate the following information as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits
- Net appreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits
- Investments reflected on the schedule of assets (held at end of year)

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common/collective trusts: Valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts: The fair values of investments in pooled separate accounts are primarily invested in mutual funds, but also have investments in short-term and fixed securities. These investments are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV of a separate account is not publicly quoted. However, the input price is based on the underlying investments which are traded on the active market. The NAV is used as practical expedient to estimate fair value.

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based upon the participant's share of the investment fund.

As of December 31, 2020, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total	
Common/collective trusts	$ -	-	-	$ 451,842	*
Pooled separate accounts	$ -	-	-	$ 5,572,025	*
Total investments, at fair value	$ -	-	-	$ 6,023,867	

As of December 31, 2019, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total	
Common/collective trusts	$ -	-	-	$ 421,667	*
Pooled separate accounts	$ -	-	-	$ 4,675,317	*
Total investments, at fair value	$ -	-	-	$ 5,096,984	

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019 are reported in the net change in fair value of investments.

NOTE 5: PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, it has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remaining Plan assets would then be distributed to participants.

NOTE 6: TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2017.

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan sponsor, Selip & Stylianou, LLP, is a party-in-interest to the plan. Any purchase and sales of investments in the custodian are open market transactions at fair market value. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Principal, other investment custodians and investment advisors. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. In addition to the president's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 9: EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the year ended December 31, 2020. Excess contributions amounting to $46,117 are recorded as a liability on the accompanying statements of net assets available for benefits and as a reduction of participant contributions for the year. The Plan has reimbursed these excess contributions to its participants after December 31, 2020.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to the Plan's Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 6,265,052	$ 5,331,020
Excess contributions payable	46,117	-
Net assets available for benefits per the Form 5500	$ 6,311,169	$ 5,331,020

NOTE 10: RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2020, to Form 5500:

Change in net assets available for benefits per the financial statements	$	934,032
Less: Excess contribution payable at December 31, 2020		46,117
Change in net assets available for benefits per the Form 5500	$	980,149

NOTE 11: SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements, the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 28, 2021, the date the financial statements were available to be issued.
