## Summary of Significant Accounting Policies

**Description of Plan**

The following brief description of the Advanced Solutions International, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution 401(k) plan available to qualifying employees of Advanced Solutions International, Inc. (the "Company"). Employees who have attained the age of 21 are eligible to participate in the Plan and are eligible to commence salary reductions the first day of the month coinciding with the date the eligibility requirements are satisfied. Each participant who is subject to the automatic deferral provisions will have compensation deferred by 3% for each payroll period, unless otherwise elected by the participant. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2020, the Plan was amended to comply with the Bipartisan Budget Act ("BBA Act") of 2018 which requires participants to certify in writing or electronically that they have insufficient cash or other liquid assets available to meet the financial hardship need. Additionally, participants are not required to suspend contributions to the Plan after taking a hardship distribution or obtain loans before receiving a hardship distribution.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. The Plan was permitted to adopt CARES Act provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

On or after March 27, 2020 and through September 23, 2020, any qualified individual, as defined by the CARES Act, was permitted to request a loan from his or her vested account balance in the Plan of up to a maximum of the smaller of 100% of their vested balance or $100,000. Repayment of loans due between March 27, 2020 and December 31, 2020 may be delayed for up to one year. Where payments are deferred, the loan will be re-amortized to reflect interest accrued during the deferral period, which may be extended beyond five years due to the suspension of repayments.

Repayment of loans due between March 27, 2020 and December 31, 2020 may be delayed for up to one year. Where payments are deferred, the loan will be re-amortized to reflect interest accrued during the deferral period, which may be extended beyond five years due to the suspension of repayments.

All participants had the option to waive the Required Minimum Distribution (RMD) for 2020. Any participant who had already taken an RMD in 2020 could rollover the funds to the Plan or to an IRA. The rollovers must be made within 60 days of receipt.

## Summary of Significant Accounting Policies

**Investments and Investment Options**
The Company selects and makes available as investment options various mutual funds and stable value common trust funds. The contributions related to these accounts are invested in accordance with directives from the individual participants in shares of registered investment companies available through the administrator as approved by the trustee. These investments are reported at the quoted market price for such mutual funds and the closing net asset value per unit for such stable value common trust funds on the last business day of the year.

The Plan provides for investments in numerous mutual funds and stable value common trust funds, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain mutual funds and stable value common trust funds, it is reasonably possible that changes in the values of mutual funds and stable value common trust funds will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

**Contributions**
Participants may contribute a percentage of their annual compensation, up to the maximum allowable under the Internal Revenue Code, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary employer matching contribution to each participant's account equal to a uniform percentage of the participant's salary deferrals, as determined each year by the Company. Participants not employed at the end of the Plan year will not share in the allocation, regardless of service. Total employer matching contributions, net of forfeitures, were $296,695 and $290,018 for the years ended December 31, 2020 and 2019, respectively.

The Plan also allows for an additional discretionary profit-sharing contribution as determined by the Company. Participants must be employed on the last day of the Plan year or be termed and have had worked more than 1,000 hours in order to be eligible to receive a profit-sharing contribution (unless employment was terminated due to death, normal or early retirement or total and permanent disability in which the employee is automatically eligible). The Company did not declare any profit-sharing contributions during the years ended December 31, 2020 and 2019.

**Participant Accounts**
Each participant's account is credited with the participant's contributions and allocation of the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers thirty mutual funds and one stable value common trust fund as investment options for participants.

## Summary of Significant Accounting Policies

**Vesting**
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts is based on continuous years of service. Participants vest 20% each year and are fully vested after five years.

**Notes Receivable from Plan Participants**
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.25%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may exceed five years.

**Payment of Benefits**
Upon separation of service, due to death, disability, or retirement, a participant will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest. Participants can request a distribution from the Plan of their vested interest in the Plan before termination if they satisfy financial hardship criteria. Participants will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest or in periodic installments over a period of years (only with respect to minimum required distributions with a minimum distributions) or in a rollover to another eligible retirement plan.

**Forfeitures**
Forfeitures are first used to restore returning participants' (within one year after separation) employer account balance in accordance with the terms of the Plan. Remaining forfeitures are used to pay administrative expenses and to reduce future employer contributions. As of December 31, 2020 and 2019, net forfeitures totaled $44,393 and $42,388, respectively, which are included in interest-bearing cash and mutual funds in the statements of net assets available for benefits, respectively. For the years ended December 31, 2020 and 2019, $13 and $1,125 of forfeitures were used to offset employer contributions, respectively.

**Administrative Expenses**
Generally, the Company pays the expenses associated with the administration of the Plan, except for certain investment management fees, and loan fees which are deducted directly from the participant's account. For the years ended December 31, 2020 and 2019, $0 of forfeitures were used to pay administrative expenses of the Plan.

**Basis of Accounting**
The financial statements of the Plan are prepared under the accrual method of accounting.

**Management Estimates**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**
The Plan's investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

**Notes Receivable from Participants**
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as deemed distributions on the basis of the terms of the Plan document.

**Payment of Benefits**
Benefits are recorded when paid.

**Recently Adopted Accounting Pronouncements**
In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* This update modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, by removing, adding, and/or modifying certain disclosures related to the treatment investments reported in the fair value hierarchy levels 1, 2, and 3. The amendments in this update are effective for all entities for fiscal years beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption was permitted upon issuance of this update. The Plan adopted ASU 2018-13 on January 1, 2020. There was no material impact on the financial statements.

**1. Information Certified by the Plan's Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

| *December 31,* | **2020** | 2019 |
|---|---|---|
| Stable value common trust fund | **$ 29,847,105** | $ 1,839,095 |

| Interest-bearing cash | **44,393** | 42,388 |
| Notes receivable from participants | **200,971** | 202,828 |

| *Years ended December 31,* | **2020** | 2019 |
|---|---|---|
| Dividend income from mutual funds | **$ 1,135,061** | $ 1,021,727 |
| Interest income on notes receivable from participants | **11,997** | 12,257 |
| Net investment gain from stable value common trust fund | **74,468** | 40,881 |
| Net investment gain from mutual funds | **4,426,189** | 4,355,344 |

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**2. Related Party Transactions**

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Associates, Inc. T. Rowe Price Associates, Inc. is an affiliate of the trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

**3. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

**4. Fair Value Measurements**

The Plan follows the provisions of Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC 820") *Fair Value Measurements,* which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

*Level 2*

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable value common trust fund ("Trust"):* Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is issued as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

| *December 31, 2020* | **Level 1** | **Level 2** | **Level 3** | **Total** |
|---|---|---|---|---|
| Mutual funds | **$ 29,847,105** | **$ -** | **$ -** | **$ 29,847,105** |

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020.

| *December 31, 2020* | | **Fair Value** | **Unfunded Commitments** | **Redemption Frequency (if currently eligible)** | **Redemption Notice Period** |

|---|---|---|---|---|---|
| Stable value common trust fund | $ | 1,860,747 | N/A | Daily | 12-30 months |

**5. Fully Benefit Responsive Investment Contracts**

The Plan holds a portfolio of investment contracts that comprises a portfolio of synthetic investment contracts, and short-term investments. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

| *December 31,* | | **2020** | | 2019 |
|---|---|---|---|---|
| Synthetic investment contracts | **$** | **3,567,490** | $ | 1,737,945 |
| Short-term investments | | **137,069** | | 101,150 |
| Total | **$** | **3,704,559** | $ | 1,839,095 |

All investment contracts held by the Trust are entered into directly between the Trust and the issuer of the contract and are nontransferable. Permitted participant-initiated withdrawals refer to withdrawals from the Trust by the Plan as a result of participant transactions allowed by the Plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the Plan.

The synthetic investment contracts held by the Trust include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. The crediting rate is based, in part, on the relationship between the contract value and the market value of the underlying assets, as well as previously realized gains and losses on underlying assets. The crediting rate generally will reflect, over time, movements in prevailing interest rates. Crediting rates are reviewed quarterly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The existence of certain conditions can limit the Plan's ability to transact at contract value with the contract issuer. Specifically, any event outside the normal operation of the Plan that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the Trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

**6. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated January 31, 2006 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress. As of December 31, 2020, the Plan's tax years that are subject to income tax examination are 2018 through 2020.

**7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**8. Subsequent Events**

The Plan has evaluated subsequent events occurring after December 31, 2020, the date of the most recent statement of net assets available for benefits date, through September 29, 2021, the date the financial statements were available to be issued.

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. The coronavirus outbreak has severely restricted the level of economic activity around the United States. Despite the current situation, the Company has been able to operationally address the challenges posed by COVID-19.

Despite the above factors, the Company does not currently expect COVID-19 to have a significant, negative impact on its financial position. However, the Company will continue to monitor these and other factors in order to address any circumstances that may negatively impact its financial condition.

The Plan does not believe any other subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
