INDEPENDENT AUDITOR'S REPORT

Administrative Committee
Kenmode Tool and Engineering, Inc.
401(k) Plan
Algonquin, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kenmode Tool and Engineering, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

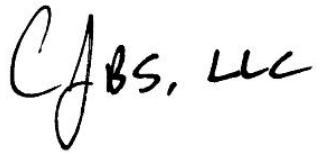

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Information

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the *Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.*

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Kenmode Tool and Engineering, Inc. 401(k) Plan (the "Plan") provides only general information. Interested parties should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Kenmode Tool and Engineering, Inc. (the "Company"). Nonunion employees who have attained the age of 21 are eligible to participate in the Plan upon completion of one year of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA).* The Plan has been periodically amended to conform to news laws and regulations under ERISA.

Contributions

The Plan is funded by voluntary pre-tax and after tax contributions of the participants, safe harbor matching contributions of the Company and discretionary profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. In 2020 and 2019, the Company made safe harbor matching contributions amounting to $334,261 and $328,931, respectively. A matching contribution was made of 100% of participants' deferrals up to 3% of compensation. Then an additional 50% matching contribution was made of deferrals between 3% and 5% of compensation. No discretionary profit sharing contributions were made for the years ended December 31, 2020 and 2019, respectively.

Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary profit sharing and safe harbor matching contributions, an allocation of forfeitures of terminated participants' nonvested accounts, and an allocation of plan earnings. The Company's discretionary profit sharing contribution and forfeitures of terminated participants' nonvested accounts as of the last day of the plan year and are based on a ratio of each participant's compensation to total compensation for all participants. The Company's safe harbor matching contributions is allocated based on a basic safe harbor matching formula. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately fully vested in participant, rollover, and safe harbor matching contributions in addition to the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions become 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, periodic installments not exceeding the participant's life expectancy, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. The loans are collateralized by the borrowers' respective vested account balance and bear interest ranging from 4.25% to 6.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $12,148 and $11,364 for the years ended December 31, 2020 and 2019, respectively.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Administrative expenses paid by the Plan Sponsor totaled $30,276 and $30,351 for the years ended December 31, 2020 and 2019, respectively.

Forfeited Accounts

At December 31, 2020 and 2019, unallocated plan assets resulting from forfeited nonvested accounts totaled $572 and $992, respectively. These accounts will be used to reduce future employer contributions or Plan expenses. Plan expenses were reduced by $537 and $21,489 from forfeited nonvested accounts for the years ended December 31, 2020 and 2019, respectively.

Hardship Withdrawals

Hardship withdrawals may be made to satisfy certain immediate financial needs, according to specific types of costs and set conditions designated in the Plan. Hardship withdrawals can only be made from accounts which are 100% vested.

NOTES B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement. See Note D regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of their financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value in investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update *(ASU) No. 2018-13 Fair Value Measurement (Topic 820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* The new guidance simplifies fair value measurement disclosures through the removal and modification of several investment related disclosure requirements. Certain disclosures are no longer required including amount of and reasons for transfers between Levels 1 and 2; policy for timing of transfers between levels and valuation processes for Level 3 investments. Under the new guidance, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

In January 2016, the FASB issued ASU No. 2016-01, *Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities,* which changes how public and private companies, not-for-profit entities and employee benefit plans recognize, measure, present and make disclosures about certain financial assets and financial liabilities. The amendments added the Master Glossary term *public business entity*. The definition of public business entity states neither a not-for-profit entity nor an employee benefit plan is a public business entity. FASB ASU No. 2016-01 clarifies that the fair value of financial instrument disclosures are only required for public business entities. Under the new guidance, equity investments that don't have readily determinable fair values and don't qualify for the existing practical expedient in Accounting Standards Codification (ASC) 820 to estimate fair value using the net asset value (NAV) per share (or its equivalent) of the investment, the guidance provides a new measurement alternative. Entities may choose to measure those investments at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer. This ASU is effective for years beginning after December 15, 2018. In addition, FASB issued ASU No. 2018-03, *Technical Corrections and Improvements to Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, in February 2018 to clarify certain aspects of the guidance issued in ASU No. 2016-01.

ASU No. 2016-01 and ASU No. 2018-03 was adopted by the Plan on January 1, 2019 and did not have a significant impact on the Plan's financial statements.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit.

The Plan administrator has obtained a certification from Reliance Trust, as trustees of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments as of December 31, 2020 and 2019
- Plan transactions related to investment income and securities transactions for the years ended December 31, 2020 and 2019
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1:
Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:
Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient will not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan is permitted to redeem investment units at NAV on the measurement date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

	Plan Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,590,083	$ -	$ -	$ 16,590,083
Investments Measured at NAV*				689,517
Assets at Fair Value				$ 17,279,600

	Plan Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,582,494	$ -	$ -	$ 14,582,494
Investments Measured at NAV*				584,583
Assets at Fair Value				$ 15,167,077

NOTE D – FAIR VALUE MEASUREMENTS (continued)

* The fair values of the Invesco Stable Value Fund reflected in the tables above have been determined using the NAV per share (or its equivalent) practical expedient and, as such, have not been categorized within the fair value hierarchy. The fair values presented in the tables are intended to permit reconciliation of the fair value hierarchy table to amounts presented in the Statements of Net Assets Available for Plan Benefits.

The Plan held shares on interests in a common collective trust fund at December 31, 2020 and 2019. The common collective trust fund invests primarily in fixed securities, including other common collective trust funds and synthetic contracts. There were no unfunded commitments at December 31, 2020 or 2019. Participant-directed withdrawals may be made on any business day provided that the withdrawal is not to accommodate an exchange to another investment option which is a competing fund, as determined by the trustee of the fund. Withdrawals directed by the Plan Sponsor must be preceded by twelve months written notice to the trustee of the fund.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Value Collective Trust Fund	$ 689,517	$ 584,583	n/a	Daily	Withdrawals from the Fund are generally permitted daily

NOTE E –TAX STATUS

The Plan is a prototype plan. Effective March 31, 2014, the Company adopted the Great-West Trust Company, LLC Prototype Non-Standardized Profit Sharing Plan, which is a non-standardized prototype plan. The Plan has received a favorable opinion letter from the Internal Revenue Service (IRS), who stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan has not individually sought its own determination letter.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadline of those returns. The Plan Sponsor believes it is no longer subject to income tax examination for years prior to 2017.

NOTE F – PARTIES-IN-INTEREST

Plan investments are held by Reliance Trust. Reliance Trust Company is the trustee and agent, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment. UBS Financial Services, Inc. is the investment advisor, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory services totaled $22,480 and $27,559 for the years ended December 31, 2020 and 2019, respectively. JPMorgan Retirement Plan Services LLC. is the Plan record keeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services totaled $7,797 and $2,792 for years ended December 31, 2020 and 2019, respectively.

NOTE G – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with Invesco National Trust Company (Invesco). Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2020 and 2019 was $689,517 and $584,583, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and was 1.80% at December 31, 2020. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Invesco. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE G – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The guaranteed investment contract does not permit Invesco to terminate the agreement prior to the scheduled maturity date.

	2020	2019
Average yields:		
Based on actual earnings	1.80%	2.59%
Based on interest rate credited to participants	0.67%	2.18%

NOTE H – SUBSEQUENT EVENTS

The management of the Plan has evaluated events subsequent to the statement of net assets available for benefits date as of December 31, 2020, through September 30, 2021, the date the financial statements were available to be issued. It has concluded that there are no effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the 2020 financial statements or related note disclosures in accordance with FASB ASC 855, *Subsequent Events.*
