General

The Plan was adopted by Allied Exhaust Systems, Inc. (the "Company") on January 1, 2011, and was restated effective September 15, 2016. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). All employees of the Company, excluding employers covered by a collective bargaining agreement, nonresident aliens, and leased employees, are eligible to participate in the Plan upon attaining the age of 21 and completing 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Ascensus Trust Company was the appointed trustee for the Plan in 2020 and 2019, and acted at the direction of the Plan's administrator.

Contributions

The Plan includes automatic enrollment for all new employees, which will commence 30 days after eligibility, unless they affirmatively elect not to participate in the Plan. Deferral contributions for employees entered under the automatic enrollment will be 4%. Contributions will be invested in the Vanguard Target Retirement investment option. Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions to the Plan, and may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution based on employee elective deferrals. In 2020, the matching contribution was 25% of employee elective deferrals on eligible compensation up to 4%. Additionally, the Plan allows a profit sharing contribution at the discretion of the Company to eligible participants. Participants need to have one year of service to be eligible for profit sharing contributions. There were no profit sharing contributions in 2020. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. Plan Description, continued

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary matching and profit sharing contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at the prime rate plus 1% at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2020 ranged from 4.25% to 6.5% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, vested Company contributions, and the net earnings thereon in a single lump-sum payment, or a partial lump sum. The Plan also allows for in-service withdrawals upon a participant attaining the normal retirement age or having a disability. In-service withdrawals may be taken from all vested accounts. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

1. Plan Description, continued

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a common/collective trust offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur will be used to pay expenses related to the administration of the Plan and to reduce future Company discretionary contributions. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $22,995 and $20,594, respectively. During the year 2020, no forfeitures were used.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities, and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

2. Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Trustee

Ascensus, as the agent for Ascensus Trust Company, has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Recently Adopted Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This update removes, modifies and adds certain disclosure requirements for fair value measurements. The Plan adopted this update on January 1, 2020, and applied its amendments prospectively. This update did not have a material effect on our financial statements and related disclosures.

3. Fair Value Measurement

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

3. Fair Value Measurement, continued

The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Cash: Valued based on redemption values on the last business day of the Plan year.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurement, continued

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash	$ 13	$ -	$ -	$ 13
Mutual funds	3,610,733	-	-	3,610,733
Total investments in the fair value hierarchy	$ 3,610,746	$ -	$ -	3,610,746
Investments measured at net asset value				73,537
Investments, at fair value				$ 3,684,283

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash	$ 13	$ -	$ -	$ 13
Mutual funds	2,933,916	-	-	2,933,916
Total investments in the fair value hierarchy	$ 2,933,929	$ -	$ -	2,933,929
Investments measured at net asset value				33,784
Investments, at fair value				$ 2,967,713

The Plan invests in a common/collective trust, which is measured at fair value using the NAV per share practical expedient. This investment is not categorized within the fair value hierarchy.

4. Information Prepared and Certified by Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Ascensus as the agent for Ascensus Trust Company:

	2020	2019
Investments, at fair value	$ 3,684,283	$ 2,967,713
Notes receivable from participants	$ 93,466	$ 106,263
Interest and dividend income	$ 55,382	N/A
Interest on notes receivable from participants	$ 4,573	N/A
Net appreciation in fair value of investments	$ 442,600	N/A

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in a common/collective trust and mutual funds are managed by Ascensus as the agent for Ascensus Trust Company, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan uses a prototype plan document sponsored by Ascensus Inc. Ascensus Inc. received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Company contributions.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of a common/collective trust and mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the World Health Organization declared an outbreak of a novel coronavirus (COVID-19) as a pandemic resulting in adversely impacted global commercial activity and significant declines and volatility in financial markets, resulting in economic uncertainties which may negatively impact investment performance across the globe. The outbreak presents uncertainty and risk with respect to the Plan's performance and its financial results.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2020 and 2019 to Form 5500:

	2020	2019

Excess contributions included as a liability on financial statements, and recorded as contributions on Form 5500	3,451	2,983
Net assets available for benefits per Form 5500	$ 3,777,749	$ 3,074,064

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2020, to Form 5500:

Net increase in net assets per financial statements	$ 703,217
2019 excess contributions included as a reduction of contributions on 2019 financial statements, and recorded as corrective distributions on Form 5500	(2,983)
2020 excess contributions included as a reduction of contributions on 2020 financial statements, and recorded as contributions on Form 5500	3,451
Total net income per Form 5500	$ 703,685

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 4, 2021, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in such financial statements.
