Plan Administrator and Participants
Beam Concrete 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Beam Concrete 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of, and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Beam Concrete 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Kirk Concrete Construction, Inc. dba Beam Concrete (the "Company" or "Plan Administrator") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees of the Company except those employees covered under collective bargaining agreements that do not provide for plan participation and non-resident aliens. Employees of the Company who have completed one year of service, which is defined as having completed 1000 hours of services during a given plan year, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If employed as of June 15, 2014, the service and age requirement are waived.

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. The Plan's custodian, John Hancock Life Insurance Company (the "Custodian" or "John Hancock"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under Section 402(g) of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a safe harbor matching contribution made by the Company equal to 100% of salary deferrals up to 3% of compensation and 50% of salary deferrals between 3% and 5%. In addition, the Company may elect to make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferral. Additional profit sharing amounts (non-elective contributions) may be contributed at the option of the Company's board of directors. Participants not employed at the end of the year do not participate in profit sharing contributions. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of the investment income or loss and any related administrative expenses. The participant determines both the amount to be invested, and the allocation of the investment to one or more investment alternatives. A participant may change his or her investment direction with respect to future contributions, or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon, and in the safe harbor matching contributions. Vesting in the Company's discretionary and profit sharing contributions, plus actual earnings on those contributions, is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after five years of credited service. Full and immediate vesting will also occur upon death, or totally disability, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participant loans are not allowed by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant, and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a distribution equal to the participant's vested account balance. All distributions are made in the form of (a) a single lump-sum payment of the participant's vested account balance or (b) partial withdrawals or installments of the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested accounts upon attainment of age fifty-nine and a half (59½), disability, death, or termination of employment. Hardship distributions are subject to meeting certain hardship guidelines established by the Internal Revenue Service. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' account balances. These balances may be used to reduce Company contributions or pay Plan expenses. At December 31, 2020 and 2019, the Plan had no unallocated forfeitures. For the years ended December 31, 2020 and 2019, the Plan applied no amount of forfeitures to reduce employer matches.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Pooled separate funds are valued at the net asset value of units held by the Plan at year-end. The net asset value is based on the market value of the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end is presented in the statement of changes in net assets available for benefits.

Pooled Separate Account Funds

The Plan entered into an investment contract with John Hancock. John Hancock maintains certain investments in a pooled separate account. Assets of these contracts are invested in shares of the specific funds elected in the contract applications. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock. Each of the pooled separate accounts invests in stocks, fixed securities, or in single mutual funds, which are generally identified in the name of the pooled separate accounts. The investment strategies of these pooled separate accounts are consistent with each of the stocks, fixed securities, and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the net asset value.

Risks and Uncertainties

The Plan provides for investments with different investment strategies. These investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2020	December 31, 2019
Investments at fair value:		
Pooled separate account funds	$ 1,591,759	$ 1,156,241
	$ 1,591,759	$ 1,156,241

	Years Ended December 31, 2020	Years Ended December 31, 2019
Investment income:		
Net appreciation in fair value of investments	$ 222,583	$ 193,529
	$ 222,583	$ 193,529

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2020 and 2019, there were no significant transfers in or out of levels 1, 2, or 3.

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Pooled separate account funds: Valued, as a practical expedient, at the net asset value ("NAV") of units held by the Plan at year-end. The NAV of these accounts is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The NAV is not a publicly-quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Pooled separate account funds (a)				1,591,759
Total assets at fair value				$ 1,591,759

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Pooled separate account funds (a)				1,156,241
Total assets at fair value				$ 1,156,241

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2020 and 2019, there were no reportable transactions, investment assets acquired and disposed of within the Plan year, or non-exempt transactions with parties-in-interest, which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock. John Hancock provides custodial and record keeper services to the Plan and, therefore, transactions involving the Plan's investments qualify as party-in-interest transactions. Purchases and sales of these accounts, and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. TAX STATUS

The Company has adopted the Nova Associates, Inc. Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. GLOBAL PANDEMIC

In December 2019, a novel strain of coronavirus ("COVID-19") was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity and triggered significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances, cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

10. CHANGES IN PLAN OPERATIONS

Effective January 1, 2019, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Bipartisan Budget Act of 2018 with regard to the hardship distribution rules applicable to 401(k) plans. These changes included (1) removal of the six-month deferral suspension; (2) removal of the requirement for a participant to first take available plan loans prior to a hardship withdrawal; (3) allowance of earnings on deferrals to be included in the hardship calculation; and (4) updating of hardship distribution forms to reflect the participant's representation of hardship need, expanded list of deemed hardship events, qualifying financial needs of a participant's primary beneficiary, and clarification of casualty loss definition. Formal amendments to the Plan document for these changes in plan operations will be executed prior to the deadline set forth by IRS Rev. Proc. 2020-9, which is December 31, 2021 for pre-approved plans.

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. Plan management has evaluated the optional provisions of the CARES Act and has implemented the following provisions: (1) coronavirus-related distributions for qualifying individuals up to $100,000; (2) increased loan limits for qualifying individuals to the lesser of (i) $100,000 or (ii) 100% of the participant's vested account balance; (3) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized); and (4) waiver of required minimum distributions otherwise payable during calendar year 2020. Written amendments to the Plan to reflect these operational changes will be formally adopted at a later date as allowed by the applicable law and guidance from the Internal Revenue Service.

11. NEWLY ADOPTED ACCOUNTING PRONOUNCEMENTS

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification Topic 820, Fair Value Measurement. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The Plan adopted ASU 2018-09 as of January 1, 2020, and the effects were not material.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* This amendment to the Accounting Standards Codification Topic 820, Fair Value Measurement, requires disclosure of the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. This amendment also removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels and the valuation process for Level 3 fair valued measurements. Furthermore, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. The range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. The Plan adopted ASU 2018-13 as of January 1, 2020, and the effects were not material.
