Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lansing Building Products, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the "Trustee" of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2020, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule referred to above.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the "Trustee" of the Plan. Their report, dated August 11, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL's Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LANSING BUILDING PRODUCTS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 1—Plan description

The following description of Lansing Building Products, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Lansing Building Products, LLC (the “Plan Sponsor”). The Investments/Benefits Committee (the “Committee”) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Company’s Board of Directors. The plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans. Plan management has elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant’s account balance in the Plan or \$100,000. In addition, for certain employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.

Administration – Overall responsibility for administering the Plan rests with the Company. Participant accounts are administrated by Fidelity Management Trust Company, the Trustee, and Fidelity Workplace Services, an affiliate of the Trustee and third party administrator of the Plan.

Eligibility – Employees must be age 18 or older and have completed at least three months of service to become eligible to participate in the Plan. Each employee who becomes eligible to participate shall enter the Plan effective the first day of each month, coinciding with or following the date the employee obtains eligibility as defined above.

Participants Contributions – Subject to certain limitations, under Internal Revenue Code (“IRC”) Section 401(k), participants may contribute up to 60% of their eligible compensation pre-tax or after-tax contributions to the Plan’s Elective or Roth investment option as defined in the Plan document, subject to 2020 annual limits of \$19,500, and an additional \$6,500 for catch-up contribution for participants who are age 50 or older. Participants may also contribute amounts representing distributions from other qualified plans (“Rollovers”). The Plan includes an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. As defined in the Plan document, participants are subject to automatic enrollment contributions of 3%. The Plan also includes auto escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 6% of eligible compensation.

Employer Contributions – The Company may make discretionary matching contribution for each plan year. An additional discretionary non-elective contribution may be made on behalf of such employees at the option of the company. No such additional discretionary non-elective contributions was made for the 2020 plan year. For the 2020 plan year, the Company made a 50% match on all regular participant contributions up to 15% of base pay, plus a 50% match on any catch-up contributions. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Hardship Distribution – A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant’s salary deferral contributions, excluding earnings and Rollovers, if any.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 1—Plan description (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, (b) Plan earnings or losses, and (c) charged with an allocation of any administrative expenses and participant withdrawals. Allocations are based on participant earnings or account balances, as defined.

Vesting – participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Plan Sponsor's contributions plus actual earnings thereon based on year of continuous service. A participant is 100% vested after three years of service.

Investments Options – Participants direct the Trustee as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Payment of Benefits – Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, retirement, death, or disability. If a participant becomes entitled to receive their benefit for any reason other than death the account will be distributed in a lump-sum payment in an amount equal to the vested value of his/her account as defined by the Plan.

Forfeitures – Forfeiture are used to reduce future employer contributions or pay plan expenses. Forfeited nonvested accounts totaled \$78,247 and \$24,783 at December 31, 2020 and 2019, respectively. Forfeitures used to reduce employer matching contributions were \$88,000 for 2020. No forfeitures were used to pay administrative expenses in 2020.

Notes Receivable from Participants – Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. At December 31, 2020, the interest rates ranged from 4.25% to 10.50% on outstanding loans.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

LANSING BUILDING PRODUCTS, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 2—Summary of significant accounting policies (continued)

As a result of the spread of the coronavirus (“COVID-19”), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains and losses are recognized in the period in which they occur. Interest and dividends are recognized in the period earned and realized gains or losses on securities are recorded in the period of sale.

Payment of Benefits – Benefit payments are recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan’s assets. If expenses are paid using the Plan’s assets, then the expenses will generally be allocated among the accounts of all participants in the Plan.

Note 3—Information prepared and certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, have certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments, at fair value, interest bearing cash, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, including realized gains and losses, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020.

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 4—Fair value measurements

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability and in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used to measure the Plan's investments at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There were no transfers between levels during the year ended December 31, 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Interest Bearing Cash – These investments are valued at fair value based on quoted market price.

Common / Collective Trusts – These investments are investment vehicles valued using NAV provided by the administrator of the fund, as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is excluded from the valuation hierarchy consistent with U.S. GAAP.

Self-Directed Brokerage Account – These investments are valued at current value based on published market quotations from individual investments composing the brokerage accounts (primarily mutual funds and common stocks). Such assets are classified as Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5—Tax status

On March 31, 2014, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401 of the IRC. The prototype plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Plan termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion, subject to the provisions of ERISA. If the Plan is terminated, all amounts credited to participants' accounts will become 100% vested.

Note 7—Related party and party-in-interest transactions

Certain expenses are paid to the Trustee of the Plan for investment management services. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. During 2020, the Plan paid \$30,873 of administrative expenses to the Trustee. Notes receivable from participants also qualify as party-in-interest transactions.
