Note (1) Description of the plan

The New Castle Building Products 401(k) Plan (the "Plan") was established and became effective on May 15, 2002. S & K Distribution, LLC DBA New Castle Building Products (the "Company" and "Employer"), has general responsibility for the administration of the Plan, including, but not limited to complying with reporting and disclosure requirements, establishing and maintaining Plan records, and adopting amendments to the Plan. The custodian has the responsibility under the Plan for the management and control of the assets of the Plan. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 16, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments for 12 months.

The following description provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan covering substantially all qualifying employees of the Company. An employee is eligible to participate in the Plan upon completing three consecutive months of service for elective deferrals and non-elective deferrals. The employee may modify the election any time during the Plan year.

Note (1) Description of the plan (con't)

(b) Contributions

There are four types of contributions that can be made to the Plan. They are voluntary pre-tax salary reductions, voluntary Roth salary reductions, employer contributions, and rollover contributions. The Plan permits eligible employees to make voluntary salary reductions not to exceed an amount set by law. The maximum salary deduction allowed for the calendar year 2020 was $19,500 and for 2019 was $19,000. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution for the calendar year 2020 was $6,500 and 2019 was $6,000.

The Plan provides for a Safe Harbor Matching Contribution for each plan year, the Employer will make matching contributions equal to 100% of the amount of the employee's elective deferrals that do not exceed 4% of the employee's compensation.

In addition, the Plan provides for a discretionary profit sharing contribution that can be made by the Company. For the years ended December 31, 2020 and 2019 the profit sharing contribution was $0. To receive a profit sharing contribution the individual must be an eligible employee as defined by the Plan documents and must have reached age 21 and completed three months of service with the employer during the plan year.

Eligible employees may transfer or rollover contributions of a benefit from another qualified retirement plan. These contributions are 100% vested and will be placed in a separate account known as the "participant's rollover account" and investments are participant directed.

(c) Participant's accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note (1) Description of the plan (con't)

(d) Payment of benefits

On termination of service due to retirement, death, disability or other reasons, a participant may elect to receive a single lump sum distribution of 100% of their account balance or partial payment distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan permits distributions in the event of a hardship, as defined in the Plan, which are taxable and subject to a tax penalty equal to 10% of the hardship amount if the participant is younger than 59 ½. Hardship withdrawals are limited to the participant's contributions.

(e) Participant loans

Participants may borrow from their fund accounts to a maximum amount of $50,000 or 50% of their vested account balance. The interest rate is equal to 2% above the prime rate. The interest rate will be fixed for the duration of the loan. A participant can only have one loan outstanding from the Plan.

On April 16, 2020, the Plan was amended to include the changes to the loan policy due to the Coronavirus Aid, Relief and Economic Security (CARES) Act which allowed participants to take a loan not to exceed $100,000 or the participant's full vested account balance. Under the CARES Act, loan repayments were also delayed up to a year and the term of the loan extended for the time the payments were delayed, with interest continuing to accrue during this time. Participants qualified for this relief if they had been impacted by COVID-19.

Note (1) Description of the plan (con't)

(f) Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. A participant's vested percentage in their account balance attributable to employer discretionary matching contributions is based on vesting years of service as set forth below:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

(g) Forfeitures

When a participant withdraws from the Plan and has a non-vested balance in their account this amount is forfeited. Forfeited accounts can be used to reduce future employer contributions or offset plan expenses. At December 31, 2020 and 2019 forfeited non-vested account totals were $0.

Forfeiture balances cannot be carried over to subsequent years, therefore the Plan Sponsor has to ensure that current year forfeiture amounts are used promptly in the succeeding year.

Note (2) Summary of accounting policies

(a) Basis of presentation

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note (2) Summary of accounting policies (con't)

(b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investments

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is determined by the custodian, using market quotations and other available information. Securities are valued at the last reported sales prices on the last business day of the Plan's year. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments. Participant loans are valued at cost, which approximates fair value.

The Plan provides for participant-directed investment programs. The significant changes in net assets are detailed in the statement of changes in net assets available for benefits.

(d) Payment of benefits

Benefit payments are recorded when incurred.

(e) Operating expenses

Certain administrative expenses of the Plan are paid for by the Plan Sponsor. These fees include contract and third party administration fees.

(f) Subsequent events

Management has evaluated subsequent events through August 31, 2021, which is the date the financial statements were available to be issued.

Note (2) Summary of accounting policies (con't)

(g) Risks and uncertainties

The Plan provides for participant directed investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

(h) Investments and fair value measurements

The Plan has adopted FASB ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans, in which Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts but will continue to provide certain disclosures that help users understand the nature and risks of fully benefit-responsive contracts. In addition, Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. The Plan will continue to disaggregate investments that are measured using fair value by general type; however, the Plan is no longer required to also disaggregate investments by nature, characteristic, and risks.

Note (3) Investments

The following information included in the accompanying financial statements and supplemental schedule is obtained from data that has been prepared and certified as complete and accurate by the custodian.

	2020	2019
Investments, at fair value		
Mutual funds	$11,984,659	$ 9,979,322
Common – collective trust	844,085	852,754
Totals	$12,828,744	$10,832 ,076

Note (4) Fair value measurement

Financial Accounting Standards Board FASB ASC–820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC-820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlations or other means

Note (4) Fair value measurement (con't)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common-collective trust: The fair value of the investment is the pro-rata share of the fair value of the securities in the underlying separate accounts of the trust participants.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note (4) Fair value measurement (con't)

Totals	$10,832,076	$9,979,322	$ 852,754

Note (5) Plan termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

Note (6) Tax status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note (6) Tax status (con't)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note (7) Party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company, the Plan's asset custodian. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Loans receivable from plan participants and the related interest income are also considered party-in-interest transactions. Fees paid by the Plan Sponsor for administrative services amounted to $52,537 and $48,174 for the years ended December 31, 2020 and 2019, respectively.

Traphagen & Traphagen CPAs, LLC provide audit services to the Plan; fees are absorbed by the Company.

Note (8) Reconciliation of financial statements to Schedule H of Form 5500

Net assets available for benefits per the financial statements agree to net assets available for benefits, per Form 5500.

Note (9) Information certified by trustee (unaudited)

At December 31, 2020 and 2019, the Plan's investments were held by Ascensus Trust Company, the custodian of the Plan. The financial information other than employer and employee receivable and notes receivable from participants is included in the financial statements based on information certified by the custodians as complete and accurate in accordance with Section 2550.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under the Employee Retirement Income Security Act of 1974.

The investment income reported in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2020 was also certified by Ascensus Trust Company.
