Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in designated funds until changed by the participant. The deferral rate for automatically enrolled participants will increase by 1 percent of eligible compensation after the second year and each January 1st thereafter until a maximum of 8 percent of compensation is deferred.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Note 1 Description of Plan - Continued

Contributions - Continued

The Company contributes a safe harbor matching contribution at a rate of 100 percent of an employee's elective deferral contribution up to 3 percent of compensation, plus 50 percent of salary deferrals in excess of 3 percent of compensation up to a maximum of 5 percent of compensation. Safe harbor matching contributions remitted to the Plan amounted to \$174,473 in 2020 and \$171,297 in 2019.

The Company may contribute profit sharing contributions at the discretion of the Company's Board of Directors. Profit sharing contributions, if any, are allocated to each qualified participant based on the participant's eligible compensation to total eligible compensation, as defined by the Plan. Participants credited with at least 1,000 hours of service during the Plan year and employed on the last day of the Plan year will be eligible to receive a profit sharing contribution. No profit sharing contributions were made in 2020 or 2019.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer safe harbor matching contributions, as well as an allocation of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary salary deferral contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of the participant's account plus earnings thereon is based on years of credited service. A participant is 100 percent vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent and have maturity dates that range through 2022. Principal and interest is paid ratably through payroll deductions. Fees related to the administration of notes receivable from participants are charged directly to the specific participant's account.

Note 1 Description of Plan - Continued

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account balance. For distributions for reasons other than death, the value of the participant's account will be distributed in a lump sum payment ("Normal Form of Payment"). For reasons other than death, a participant may elect to have their account balance distributed in a normal form of payment or in payments made in substantially equal annual or more frequent installments over a period not to exceed the joint life expectancy of the participant or their beneficiary. For terminated participants with balances of \$5,000 or less, the Plan Administrator can automatically roll over the vested account balance into an Individual Retirement Account. Terminated participants with balances of \$1,000 or less shall have their vested account balance paid in a single lump sum distribution.

Forfeitures

Forfeitures of employer profit sharing contributions may be used to reduce future employer contributions, allocated to qualifying participants' individual accounts, or pay Plan expenses. Forfeiture balances were not significant at December 31, 2020 or December 31, 2019.

Note 2 Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee and Investment Committee determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE ASHLEY COMPANIES EMPLOYEE RETIREMENT PLAN ROCHESTER, NEW YORK

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Note 2 Significant Accounting Policies - Continued

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the fair value of investments.

Date of Management's Review

The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 4, 2021, the date the financial statements were available to be issued.

Note 3 Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, Hand Benefits & Trust Company, the custodian, has certified to the accuracy and completeness of the investments and participants' notes receivable balances included on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the related investment income and participants' notes receivable activity included in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Additionally, Hand Benefits & Trust Company has certified the information in the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access on the measurement date.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 4 Fair Value Measurements - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

<i>Assets at Fair Value as of December 31, 2020</i>				
	<u><i>Level 1</i></u>	<u><i>Level 2</i></u>	<u><i>Level 3</i></u>	<u><i>Total</i></u>
Mutual Funds	\$2,641,247	\$ -	\$ -	\$2,641,247
Collective Investment Trusts	<u>-</u>	<u>6,970,349</u>	<u>-</u>	<u>6,970,349</u>
Total Investments at Fair Value	<u>\$2,641,247</u>	<u>\$6,970,349</u>	<u>\$ -</u>	<u>\$9,611,596</u>

<i>Assets at Fair Value as of December 31, 2019</i>				
	<u><i>Level 1</i></u>	<u><i>Level 2</i></u>	<u><i>Level 3</i></u>	<u><i>Total</i></u>
Mutual Funds	\$2,173,784	\$ -	\$ -	\$2,173,784
Collective Investment Trusts	<u>-</u>	<u>6,309,532</u>	<u>-</u>	<u>6,309,532</u>
Total Investments at Fair Value	<u>\$2,173,784</u>	<u>\$6,309,532</u>	<u>\$ -</u>	<u>\$8,483,316</u>

Note 5 Fully Benefit-Responsive Investment Contracts

The Plan offers an investment in a stable value fund which management believes meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet contractual obligations may be affected by future economic and regulatory developments.

THE ASHLEY COMPANIES EMPLOYEE RETIREMENT PLAN ROCHESTER, NEW YORK

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Note 5 Fully Benefit-Responsive Investment Contracts - Continued

No events are believed to be probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balances.

Note 7 Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan with the CODA feature which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014. The opinion letter stated that the Plan and the related trust were designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Risks and Uncertainties

Investment Risk

The Plan provides for investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 **Risks and Uncertainties - Continued**

COVID-19 Contingency

In March 2020, the World Health Organization categorized COVID-19 as a global pandemic and the United States declared the worldwide outbreak as a national emergency. The pandemic has led to significant volatility in financial and investment markets and has and may continue to affect the fair value of the Plan's assets. The potential economic impact is difficult to assess or predict and will continue to depend on future developments that are highly uncertain and that cannot be predicted.
