NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Riverhills Healthcare, Inc. Profit Sharing / Savings Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Riverhills Healthcare, Inc. (the Company) who have six months of consecutive service, which includes having worked at least 500 hours, and are age twenty-one or older. Employees will have the opportunity to become a participant on the first "entry date," January 1, April 1, July 1, or October 1 of each year, once that employee satisfies the requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Plan has elected the 401(k) safe harbor provisions. Pursuant to that election, the Company has chosen to match dollar for dollar employee deferrals up to 4% of the employee’s eligible compensation. Additionally, the Company may make a profit sharing contribution to the Plan. This amount will be determined by the Company’s Board of Directors on an annual basis. To be eligible for the profit sharing contribution, an employee must be age twenty-one or older, have one year of service, which includes 1,000 hours worked, and must be employed by the Company on the last day of the Plan year. Profit sharing contributions will be allocated based on designated job classifications and all participants in a designated job classification will receive the same percentage of eligible compensation as their profit sharing contribution. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant’s contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant’s vested account balance. The notes are secured by the balance of the participant’s account. The interest rate on these notes is set at 1.0% above the prime rate and is reviewed by the Plan administrator on a regular basis. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their 401(k) elective deferrals, rollover contributions and Company safe harbor matching contributions, plus actual earnings thereon. The Plan was amended effective January 1, 2015 in order to adopt a vesting schedule as it relates to employer discretionary contributions. This vesting schedule applies to employees hired on January 1, 2015 or after. For these employees, vesting will begin upon the completion of the first year of service and a participant will be 100% vested after five years of credited service. For employees hired prior to January 1, 2015, they are immediately vested in their employer discretionary contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Forfeitures

If a participant is not fully vested on their termination date, the non-vested amount of their account is forfeited. Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, a participant will automatically receive their vested account balance in a single lump-sum payment if their vested account balance is $1,000 or less and the participant has not elected a distribution method. If the participant's vested account balance is greater than $1,000 but less than $5,000 and they have not elected a distribution method, their vested balance will be paid in a direct rollover to an IRA chosen by the Plan administrator. Participants with a vested balance in excess of $5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and others (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Payments of benefits are recorded when paid.

Net Assets Available for Benefits

Net assets available for benefits at December 31, 2020 and 2019 included $1,229 and $23,345, respectively, allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a volume submitter profit sharing plan document that has been accepted under Section 401 of the Internal Revenue Service Code for use by employers for the benefit of their employees. This document received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving the opinion letter. A determination letter has not been received specific to the Riverhills Healthcare, Inc. Profit Sharing / Savings Retirement Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events though September 14, 2021, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at either December 31, 2020 or 2019.

Investments Held in Pooled Separate Accounts – Valued at the net asset value (NAV) per share or its equivalent of the funds, which is based on the fair value of the funds' underlying investments.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2020 and 2019, there were no assets that need to be reported in the fair value hierarchy table as all are measured at net asset value per share (or its equivalent) as a practical expedient in accordance with FASB ASC Subtopic 820-10.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Investments Held in Pooled Separate Accounts	$ 22,919,741	N/A	Daily	12 Months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Investments Held in Pooled Separate Accounts	$ 19,235,585	N/A	Daily	12 Months

NOTE 4 - EXPENSE BUDGET ACCOUNT

Included in the expense budget account of the Plan are contributions from the revenue sharing agreement which may be used by the Plan to pay direct expenses. As of December 31, 2020 and 2019, the expense budget account totaled $38,074 and $20,644, respectively. During the years ended December 31, 2020 and 2019, $12,215 and $-0-, respectively, of administrative expenses were offset from this account.

NOTE 5 - LIMITED SCOPE AUDIT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments and notes receivable from participants held at both December 31, 2020 and 2019, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Life Insurance Company and Huntington Bank, the custodians of the Plan. For the year ended December 31, 2019, there was net appreciation in fair value of investments and interest and dividends related to Plan investments held at L.M. Kohn throughout 2019. This activity was not covered by a limited scope certification. As of December 31, 2019, there were no longer Plan investments held by L.M. Kohn.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 - FORFEITURES

For the years ended December 31, 2020 and 2019, forfeitures in the amount of $-0- and $1,995, respectively, were used to offset employer contributions. No forfeitures were used to pay Plan expenses for either 2020 or 2019. As of December 31, 2020 and 2019, there were $10,838 and $6,440 in unallocated forfeitures, respectively.

NOTE 8 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Fees paid by the Plan to the custodian are included in either administrative expenses or net appreciation in fair value of investments. The Company pays directly any other fees related to the Plan's operations.

Several employees of the Company provide administrative services to the Plan, such as day to day administration and oversight. The Company does not charge the Plan for these services.

Throughout 2020 and 2019, Huntington Bank and L.M. Kohn also managed Plan investments and thus transactions with those custodians also qualified as party-in-interest transactions. As of December 31, 2020, there were no Plan investments managed by or held by Huntington Bank or L.M. Kohn.

Transamerica Life Insurance Company (Transamerica) provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Transamerica. Transamerica receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such mutual fund service providers exceeds the amount owed under the MSA, Transamerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses. The Plan or Plan sponsor may make a payment to Transamerica for administrative expenses not covered by revenue sharing (refer to the Expense Budget Account note for further information).

NOTE 11 - RISKS AND UNCERTAINTIES

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Outbreak

Prior to year-end, the World Health Organization announced a global health emergency later classified as a global pandemic as a result of the COVID-19 outbreak. The outbreak and response have impacted financial and economic markets across the World and within the United States of America. The full impact continues to evolve and as such, it is uncertain as to the full magnitude that the pandemic will have on the Plan's financial condition and future results of Plan activity. Management is actively monitoring the possible effects on every aspect of the Plan. As the impact to the Plan is uncertain as of the date of these financial statements, no adjustments have been made to these financial statements.

NOTE 12 - DELINQUENT REMITTANCES

During 2019, the Company failed to timely remit to the Plan's custodian certain participant contributions and loan repayments totaling $27,287 within the period prescribed by the Department of Labor regulations. The Company reimbursed the Plan for the lost interest and earnings during 2019.
