Report of Independent Auditors

To the Administrator of PPG Industries Employee Savings Plan

We have audited the accompanying financial statements of PPG Industries Employee Savings Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the years ended December 31, 2019, and 2018, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018 and the changes in net assets available for benefits for the years ended December 31, 2019, and 2018, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held as of December 31, 2019) are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PPG Industries Employee Savings Plan
Notes to the Financial Statements
As of and for the Years Ended December 31, 2019 and 2018

1. Description of the Plan

The PPG Industries Employee Savings Plan (the "Plan") is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The plan was established in 1965 for employees residing in the United States. Eligible participants include employees of PPG Industries, Inc. (the "Company" or "PPG") and certain of its subsidiaries and collective bargaining units. The Plan was converted to an Employee Stock Ownership Plan ("ESOP") on December 1, 1988, and was amended effective January 1, 2006, to reflect that only the PPG Stock Fund is an ESOP.

The named fiduciary for the operation and administration of the Plan (the "Plan Administrator") is the PPG HR Director, Global Benefits and Mobility. The named fiduciary with respect to control and management of the assets of the Plan is the PPG Executive Committee and the PPG Benefits Investment Committee. Their responsibilities include, but are not limited to, approval of trustees, investment options, and investment managers and establishing performance benchmarks. The PPG Employee Benefits Committee also has responsibility for establishing, maintaining, and amending the Plan.

Trustee of the Plan Assets - Fidelity Management Trust Company ("FMTTC") was the trustee of the Plan assets for the years ended December 31, 2019 and 2018.

Recordkeeper of the Plan - Alight Solutions was the recordkeeper of the Plan for the years ended December 31, 2019 and 2018.

Administrative Expenses - The Plan pays all reasonable and necessary costs to manage and operate the Plan as determined by the Plan Administrator. These expenses, including recordkeeping fees, administrative charges, professional costs, and trustee costs, are paid from Plan assets. The Plan Administrator has adopted uniform and nondiscriminatory procedures to allocate these expenses to participant accounts.

Eligibility to Participate in the Plan - The Plan is available to most U.S. salaried and hourly employees of PPG and its wholly owned subsidiaries who are not covered by a collective bargaining agreement and hourly employees whose employment is covered by a collective bargaining agreement where the collective bargaining agreement provides for participation. An eligible employee may become a participant in the Plan as soon as administratively possible after enrollment.

Investment Options - Participants of the Plan are eligible to invest in money market funds, mutual funds, PPG Industries, Inc. common stock, the Stable Value Fund, and common-collective trusts. If participants transfer funds out of the Fidelity Contrafund Commingled Pool or the Fidelity Growth Company Commingled Pool, participants cannot transfer funds back into these investment options for 60 calendar days. If participants transfer funds out of the Mellon International Equity Fund, the JP Morgan Equity Income Fund or the Wells Fargo Special Small Cap Value Fund, participants cannot transfer funds back into these investment options for 30 calendar days.

Contributions - Contributions under the Plan are made by the participants and, for certain participants, by the Company.

Employee

The participants' maximum contribution rate for the years ended December 31, 2019 and 2018 was 50% of eligible participant compensation, up to \$19,000 and \$18,500, respectively. Participants can contribute on a before-tax basis, an after-tax basis, and on a Roth 401(k) after-tax contribution basis. Catch-up contributions, including Roth 401(k) catch-up contributions, are permitted for eligible participants (catch-up contributions are not eligible for the Company match) and were limited to \$6,000 in 2019 and 2018. Employee contributions also include rollovers from other qualified plans. The amount of individual rollovers from other plans totaled \$25 million and \$6 million in 2019 and 2018, respectively.

Employer

For most participants not covered by a collective bargaining agreement, Company-matching contributions are applied to each participant's contribution subject to a maximum of 6% of the eligible participant's compensation contributed. The Company-matching contribution was 100% during 2019 and 2018. For those participants whose employment is covered by a collective bargaining agreement, the level of Company matching contributions, if any, is determined by the relevant collective bargaining agreement.

Employer contributions also include "Employer Additional Contributions" where the Company deposits additional retirement plan monies into eligible participant accounts. These contributions are between 2% and 5% of the eligible participants' eligible Plan compensation. The applicable contribution percentage is based on a combination of the participants' age and years of service. The Employer Additional Contributions were \$21 million and \$19 million in 2019 and 2018, respectively.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participants' contribution, the Company's matching contribution, the Employer Additional Contribution, if applicable, and allocations of fund earnings and is charged with an allocation of fund losses and administrative expenses. Allocations are based on participant account balances, as defined by the Plan. Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan.

Vesting - All participant contributions and Company matching contributions and their related earnings are vested immediately. The Employer Additional Contributions are generally vested over a three year service period.

Payment of Benefits - Upon termination from service as a result of a voluntary or involuntary separation, retirement, or being approved for a Company sponsored long-term disability program, a participant may elect how to receive payment of his or her account from several options, including a total distribution, a partial lump-sum distribution, or recurring payments. The benefit to which a participant is entitled is the participant's vested account balance. Participants who separate from service with a vested balance between \$1,000 and \$5,000 will have their vested account balance rolled over into an individual retirement account as soon as administratively possible unless instructions are provided by the participant. Those participants with vested balances of less than \$1,000 will receive a taxable cash distribution as soon as administratively possible unless instructions are provided by the participant. Those participants with vested balances of greater than \$5,000 may defer the distribution of their account. Those participants must begin receiving a required minimum distribution by April 1 of the year following termination from PPG, and each year thereafter. Required minimum distributions may not be rolled over to another retirement plan, IRA, or Roth IRA.

Payments to designated beneficiaries upon the death of the participant are made as a lump-sum distribution as soon as administratively possible from the date such payments are requested by the designated beneficiary or beneficiaries.

Notes Receivable from Participants - All Plan participants, excluding (a) those with a vested account balance less than \$2,000, (b) those who have two existing loans, (c) those who have defaulted on an existing loan within the past 36 months, (d) those who have paid off a loan in the past 30 calendar days, (e) those who are not receiving a paycheck, and (f) those who are suspended from making contributions due to an in-service or hardship withdrawal, may borrow, for either general purposes or for a primary residence, from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding participant loan balance over the past 12 months. General purpose loans have a loan term of 12 to 60 months. Primary residence loans have a loan term of 61 to 360 months. The loans are secured by the participants' account balance and are issued at an interest rate equal to the prime interest rate on the 15th of the previous month plus 1%. Principal and interest payments are generally repaid by payroll deductions. Company contributions, based on age and years of service, are not available for loans.

Transfers - Transfers in primarily occur when PPG acquires a new business and the existing plan(s) of the acquired company are legally moved into the Plan. Transfers out primarily occur when PPG divests part or all of one of its strategic business units and portions of the Plan related to the divested business are legally moved out of the Plan.

On January 5, 2018, assets valued at approximately \$32 million were transferred into the plan from another U.S. defined contribution plan through PPG's acquisition of MetoKote Corporation.

The above brief description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description for a complete description of the Plan, which is available from the Plan Administrator.

2. Summary of Significant Accounting Policies and Related Matters

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, except for amounts due to participants who had requested withdrawals, which are not recorded as a liability of the Plan as of December 31, 2019 and 2018, in accordance with the American Institute of Certified Public Accountants Audit and Accounting Guide, *Audits of Employee Benefit Plans*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends on the PPG Industries common stock are recorded as investment income on the ex-dividend date.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Benefit Payments - Benefits are recorded when paid.

Risk and Uncertainties - The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could be material in relation to the amounts reported in the financial statements.

Investment Valuation - Investments are generally stated at fair value. Investments in securities traded on securities exchanges are valued at the closing sales price on the last business day of the Plan year. Listed securities for which no sale was reported on that date are valued at bid quotations. See Note 3 for further information pertaining to fair value measurement.

The Stable Value Fund is a separate account with FMTC as the investment manager, which invests in a diversified portfolio of fixed income securities, such as U.S. government obligations, mortgage-related and asset-backed securities, and corporate bonds. The Stable Value Fund is measured at contract value. See Note 4 for additional information regarding the Stable Value Fund.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as withdrawals based on the terms of the Plan document.

3. Fair Value Measurement

Accounting guidance on fair value measurements establishes a hierarchy of inputs employed to determine fair value measurements, which has three levels.

Level 1 inputs are quoted prices in active markets for identical assets and liabilities. Level 1 inputs are considered to be the most reliable evidence of fair value as they are based on unadjusted quoted market prices from various financial information service providers and securities exchanges.

Level 2 inputs are directly or indirectly observable prices that are not quoted on active exchanges, which include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are unobservable inputs employed for measuring the fair value of assets or liabilities.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. PPG evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers between levels.

The financial assets that are reported at fair value on a recurring basis as of December 31, 2019, were as follows:

(\$ in millions)	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
PPG Industries, Inc. common stock	\$ 765	\$ —	\$ —	\$ 765
Mutual funds	26	—	—	26
Money market funds	12	—	—	12
Total assets in the fair value hierarchy	\$ 803	\$ —	\$ —	\$ 803
Common-collective trusts ^(a)	—	—	—	2,528
Investments at fair value	\$ 803	\$ —	\$ —	\$ 3,331

^(a) Certain investments that are measured at net asset value per share (or its equivalent) are not required to be classified in the fair value hierarchy.

The financial assets that are reported at fair value on a recurring basis as of December 31, 2018, were as follows:

(\$ in millions)	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
PPG Industries, Inc. common stock	\$ 708	\$ —	\$ —	\$ 708
Mutual funds	165	—	—	165
Money market funds	13	—	—	13
Total assets in the fair value hierarchy	\$ 886	\$ —	\$ —	\$ 886
Common-collective trusts ^(a)	—	—	—	1,897
Investments at fair value	\$ 886	\$ —	\$ —	\$ 2,783

^(a) Certain investments that are measured at net asset value per share (or its equivalent) are not required to be classified in the fair value hierarchy.

Certain investments as disclosed in the prior period have been reclassified from mutual funds to common-collective trusts to conform to the current period presentation. This reclassification had no impact on our previously reported Net assets available for benefit.

Common-Collective Trusts

The investment in Common-Collective Trusts is comprised of investments in the BlackRock Institutional Trust Company ("BlackRock") S&P 500 Index Fund, the Mellon Investments Corporation ("Mellon") International Equity Fund, BlackRock LifePath Portfolio Funds, the BNY Mellon Aggregate Bond Index Fund, the BNY Mellon Capital Small Cap Index Stock Fund, the Fidelity Contrafund Commingled Pool, the Fidelity Growth Company Commingled Pool and the BlackRock Total Return Bond Fund and the BlackRock U.S. Treasury Inflation Protected Securities (TIPS) Index Fund. The BlackRock S&P 500 Index Fund's objective is to provide a total return that closely corresponds to the investment performance of the S&P 500 with dividends reinvested. The BlackRock S&P 500 Index Fund is invested in the Equity Index Fund, which is not a mutual fund and is only available to qualified institutional investors. The Mellon International Equity Fund is a pooled separate account consisting of institutionally managed commingled pools. The Mellon International Equity Fund is invested in the BNY Mellon SL ACWI ex-U.S. Fund and is available only to qualified institutional investors. The objective of the BlackRock LifePath Portfolio Funds is to maximize total return while maintaining an investment mix of stocks and fixed income instruments relative to a participant's retirement time frame. The BNY Mellon Aggregate Bond Index Fund's objective is to provide a total return that closely corresponds to the investment performance of the Barclays U.S. Aggregate Index. The BNY Mellon Capital Small Cap Stock Index Fund's objective is to provide a total return that seeks to match the investment performance of the Russell 2000 Index. The Fidelity Contrafund Commingled Pool's objective is to provide capital appreciation over a market cycle relative to the S&P 500 Index. The Fidelity Growth Company Commingled Pool's objective is to provide capital appreciation over a market cycle relative to the Russell 3000 Index. The BlackRock Total Return Bond Fund's objective is to provide a total return through fixed income investments. The BlackRock U.S. TIPS Index Fund's objective is to provide a total return that seeks to match the investment performance of the TIPS Index. This commingled pool is not a mutual fund and is only available to qualified institutional investors. The fair value of the common-collective trust is based upon the net asset value of the underlying investments held by each of the funds. These investments are valued at their respective net asset value per share or unit on the valuation date.

4. Stable Value Fund

The objective of the Stable Value Fund is to preserve the invested principal and accumulated interest, while earning a competitive level of income over time. The Stable Value Fund is a separate account managed by FMTC. The Stable Value Fund is fully benefit-responsive and consists of synthetic guaranteed investment contracts.

The Stable Value Fund invests in a diversified portfolio of short-term bonds and other fixed income securities, such as U.S. Treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, and asset-backed securities. The Stable Value Fund also invests in money market funds to provide daily liquidity and purchases third party wrap contracts that are designed to permit the Fund to use contract value accounting to provide for the payment of participant directed withdrawals and exchanges at contract value under most circumstances. Interest is credited to the Stable Value Fund under the wrap contracts. There is no immediate recognition of gains and losses on the fixed income securities. Instead, gains or losses are recognized over time by adjusting the interest rate credited to the Stable Value Fund.

The wrap contracts have been issued by State Street Bank and Trust, J.P. Morgan Chase, Prudential Insurance Company of America, American General Life, Nationwide Life Insurance Company, Transamerica Premier Life, Pacific

Life Insurance Company, and Metropolitan Life Insurance Company. The S&P credit rating at December 31, 2019 of the issuing financial institutions is AA-, A+, AA-, A+, A+, AA-, AA-, and AA-, respectively. The underlying investments of the Stable Value Fund are stated at contract value.

The third party wrap contracts provide that participant fund transactions are executed at contract value. Contract value represents contributions made to the fund, plus net investment income, less participant withdrawals. The interest crediting rates are reset quarterly based upon market rates of similar investments, the current yield of the underlying investments, and the spread between market value and contract value, but the rate cannot be less than 0%.

Certain events, such as a Plan termination or Plan merger initiated by the Plan Administrator may limit the ability of the Plan to transact at contract value or may allow for the termination of the wrap contract at less than contract value. The Plan Administrator does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

5. Related-Party Transactions

FMTCC manages the Stable Value Fund, the Fidelity Contrafund Commingled Pool and the Fidelity Growth Company Commingled Pool. These transactions are considered exempt party-in-interest transactions. Eligible participants may borrow from their individual account balance in the Plan as discussed in Note 1, and these transactions are considered exempt party-in-interest transactions.

At December 31, 2019 and 2018, respectively, the Plan held approximately 5,727,876 and 6,924,322 shares of PPG Industries, Inc. common stock, the Plan Sponsor. These transactions are considered exempt party-in-interest transactions. Dividends earned on PPG Industries, Inc. common stock were \$11 million and \$13 million in 2019 and 2018, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, Plan participants will receive all amounts credited to their accounts.

7. Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 28, 2017 that the Plan continues to be qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations by the Internal Revenue Service for U.S. federal income tax returns filed for years through 2012.

Participants in the Plan are not liable for federal income tax on amounts allocated to their accounts resulting from their before-tax deferrals, employer contributions, or investment income until such time as a withdrawal is requested.

8. Reconciliation of Financial Statements to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2019 and 2018, and the change in net assets per the financial statements to the net income per the Form 5500 for the years ended December 31, 2019 and 2018, is as follows:

<i>(\$ in millions)</i>	2019	2018
Net assets available for benefits per the financial statements	\$ 4,032	\$ 3,465
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	9	(6)
Total net assets per the Form 5500	<u>\$ 4,041</u>	<u>\$ 3,459</u>
Net increase/(decrease) in net assets per the financial statements	567	(338)
Change in the adjustment from contract value to fair value for fully benefit-responsive investment contracts	15	(6)
Net income/(loss) per the Form 5500	<u>\$ 582</u>	<u>\$ (344)</u>

9. Subsequent Events

In the first quarter 2020, the coronavirus ("COVID-19") was declared a global pandemic and has adversely impacted financial markets globally. The extent of the impact on the Plan's net assets available for benefits will depend on the duration and scope of the pandemic, including any other further developments. The recent volatility in the financial markets has resulted in a material decrease in the fair value of the Plan's investments since December 31, 2019. Management has not yet determined the full financial impact of these events.
