C. L. THOMAS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

A. Description of the Plan

General

The following brief description of the C. L. Thomas, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by C. L. Thomas, Inc. (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Victoria, Texas.

The Plan was effective January 1, 1984, most recently restated effective October 29, 2014, and is a defined contribution plan available to all employees of the Company who have attained age 18 and completed six months of service. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement. Eligible employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, during 2020, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100 percent of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

Effective June 15, 2020, the Plan was formally amended to change its participating employers to only include CL Thomas, Inc., Speedy Stop Food Stores, LLC, Thomas Foods, LLC and Waterloo Rod Company, Inc.

Effective July 31, 2020, the Plan's eligibility requirements were formally amended to allow all employees of the Company the option to participate in the Plan after completion of two months of service.

Contributions

Participants may contribute up to 60 percent of before or after tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

A. Description of the Plan - continued

Contributions – continued

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions to the Plan as determined annually by its board of directors. All eligible participants are eligible to receive discretionary matching contributions. In 2020 and 2019, the Company made discretionary matching contributions of 100 percent of the first three percent and 50 percent of the next two percent of participants' eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 3 years	0%
3 or more years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their account balance. During 2020, the Company increased the available participant loan amount up to $100,000, not to exceed 100 percent of the participant's account balance, which was allowed under the CARES Act.

A. Description of the Plan - continued

Notes Receivable from Participants- continued

The Plan only allows loans in the case of hardship situations and must be reviewed and approved by the Plan Administrator prior to issuance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2020 and 2019, interest rates range from 4.25 to 7.50 percent and 4.25 to 8.25 percent, respectively. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) to make payments for burial or funeral expenses for the participant's deceased parent, spouse, child, dependent or a primary beneficiary designated by the participant under the Plan; (6) to pay expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Section 165 of the Code; or (7) any other immediate and heavy financial need as determined based on Internal Revenue Service ("IRS") regulations.

The Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to taking a hardship withdrawal; and (2) have deferral contributions suspended after receipt of a hardship withdrawal. Additionally, earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. No forfeitures were allocated to reduce employer contributions during the years ended December 31, 2020 and 2019. The Company had unallocated forfeitures of $10,329 and $10,186 as of December 31, 2020 and 2019, respectively.

A. Description of the Plan - continued

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in one percent increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. Fees paid by the participants for investment management, qualified administrative expenses and loan origination services totaled $6,118 and $11,222 for the years ended December 31, 2020 and 2019, respectively.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

B. Summary of Significant Accounting Policies - continued

Investment Valuation and Income - continued

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that the Plan describe the methodologies used to measure the fair value of assets and liabilities. Described below are the methodologies used to measure each major category of assets and liabilities.

C. Fair Value Measurements – continued

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

- Collective trust fund is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is published online and observable by participants, but does not operate in an active market as transactions are primarily directly between the issuer and the investor. As such, these funds are classified within Level 2 of the valuation hierarchy. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2020 and 2019. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,637,558	$ -	$ -	$ 19,637,558
Common collective trust	-	1,936,203	-	1,936,203
Total investments, at fair value	$ 19,637,558	$ 1,936,203	$ -	$ 21,573,761

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,218,124	$ -	$ -	$ 19,218,124
Common collective trust	-	1,608,722	-	1,608,722
Total investments, at fair value	$ 19,218,124	$ 1,608,722	$ -	$ 20,826,846

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2020 and 2019, there were no transfers between levels.

D. Information Certified by the Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the trustee, Fidelity Management Trust Company, which included total investments as of December 31, 2020 and 2019, the total investment income for the years ended December 31, 2020 and 2019, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Tax Status

The Plan obtained its latest advisory letter dated March 31, 2014 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the advisory letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100 percent vested.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and a common collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as notes receivable from participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase in net assets available for benefits for the years ended December 31, 2020 and 2019, per the accompanying financial statements to the Form 5500:

	2020	2019
Net increase in net assets available for benefits per the financial statements	$ 702,218	$ 2,513,655
Changes in deemed loan distributions on Form 5500	-	32,537
Net increase in net assets available for benefits per the Form 5500	$ 702,218	$ 2,546,192

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan’s financial statements.

J. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 4, 2021, the date the financial statements were available for issuance.

Effective July 10, 2021, the Plan was amended and restated by the adoption of the Fidelity Management & Research Company Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated June 30, 2020. This advisory letter states that the form of the profit sharing plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. There were no significant changes to Plan provisions.
